

WE'VE PLANTED OVER 100 TREES!

Aim to Recycle's Plant a Tree (PAT) Scheme continues to expand. We're excited to announce we've now planted 125 trees in various woodlands throughout the country.

Did you know you can visit your tree? Each certificate issued comes with a map and description so you can find your dedicated tree.

In 2017 we are introducing our PAT Scheme to our data destruction customers. You will be rewarded with your tree when you hit a targeted number of collections.

To find out more about the PAT Scheme, how you can earn your tree and even where you could visit your tree visit www.aimtorecycle.co.uk.

OUR TEAM

Aim to Recycle's team continues to expand. In 2016 we welcomed several new members to the team including our Project Manager, David Myers.

Dave has over 15 years of experience within the industry and has made great improvements to production and efficiency.

We have appointed Imran Magre as our Data Destruction Manager. Imran is an expert in confidential waste management and is leading a variety of businesses in the north east towards a secure, reliable and environmentally friendly method of disposing vital, confidential documentation.

We are pleased to announce successful lift truck refresher training involving 12 operators. A total of 67 competency certificates covering every aspect of lift truck operations have been awarded. Thanks to Tyneside Training Services for a comprehensive refresher training programme.

4 of our operators have undertaken specialist chainsaw training allowing the company to process large bore plastic piping efficiently and safely. Northumberland College were the training providers who worked with their assessing body to revise an existing chainsaw training course designed for timber work, into a training course fulfilling the needs for large bore pipe cutting for the recycling sector. Thanks to them for a quick turnaround from our enquiry to delivery of training.

Kayleigh Johnson has chosen to continue her education and sign up to an NVQ Level 3 in Customer Service. Aim to Recycle are delighted to assist in her progress.

Kayleigh has been a valued part of the Aim to Recycle team for over 4 years. She was promoted to her to the new role of Business Administrator at the beginning of 2016.

We have a new Administration Apprentice. Rachael Mewes joined the team in September 2016. She is working towards her Business Administration NVQ Level 2 and is already a great asset to the group.

OUR SERVICES

ARE YOU MAXIMISING YOUR SERVICE WITH AIM TO RECYCLE?

Aim to Recycle provide a variety of services. Listed below are just some of what's on offer. Don't hesitate to contact a member of staff if you'd like more information.

BESPOKE PACKAGES

Our recycling experts take the time to analyse each customer's individual needs. If you'd like a review on your waste materials, please don't hesitate to contact the team on 0191 4698583.

GENERAL WASTE

Did you know Aim to Recycle site skips and bins for General Waste? Contact our Commercial Manager, Clare Allinson to receive a competitive rate on your non-recyclable materials.

CONFIDENTIAL WASTE

Our Data Destruction Manager, Imran Magre is expanding our new confidential waste service. We can provide lockable consoles to ensure your most private and important documents are disposed of in a secure way by a reputable organisation.

PROFESSIONAL AND ACCURATE PAPERWORK

Aim to Recycle provide a full paper trail for your materials. We provide Duty of Care on behalf of our customers so you have the confidence that all relevant paperwork is available and accessible for any audits you may conduct.

REWARDS FOR YOUR RECYCLING

We produce an annual certificate for all who recycle with us free of charge. We're proud of what you've recycled and you should be too!

We also dedicate trees to those who show a substantial commitment to recycling. See our Plant a Tree Scheme for more information.

CHARITY AND THE COMMUNITY

This year our colleague, Jennifer Gaydon-Lownds decided to raise money for the Little Princess Trust. In addition to the sponsorship she received she also donated 11 inches of hair.

The skilful people at the Little Princess Trust accept hair donations and make them into wigs for children who have sadly lost their own following cancer treatment.

For more information on this fantastic charity please visit www.littlepricesstrust.org.uk.

#HairToSpare

Did you know we take part in Macmillan's World's Biggest Coffee Morning every September? Look out for our morning this Autumn and come along for coffee, cake and competitions.

Last December we took part in our first Save the Children Christmas Jumper Day. This is a fantastic cause dedicated to improving the lifestyle of children in the UK and around the world.

Save the Children

Aim to Recycle are the proud sponsors of Chester Town Football club.

We wish them all the best for 2017

WHAT'S NEW FOR 2017?

RECYCLING

Aim to Recycle have recently invested in additional machinery. This has increased our capacity allowing us to divert even more material from landfill and further reduce our environmental impact.

DATA DESTRUCTION

Introducing confidential document destruction to our expertise allows us to provide even more convenient services to our customers. Contact Imran on 07889 602073 or emailing imran@aimtorecycle.co.uk

CUSTOMER SERVICE

Our team are constantly working to improve customer service. Contact your account manager to learn more about receiving notice of when you can expect your collections, how we can minimise paperwork, keeping up to date with relevant legislation and licences and the feedback and waste figures you can receive to watch your progress grow.

THE AIM COMMUNITY

Aim to Recycle is always on the lookout of new ways in which we can be of better service to our staff, customers, environment and wildlife. Please contact a member of staff if you know of any training or benefits that are available that we can utilise. We're also very interested in learning about local charities and how we can support our community.

AIM TO RECYCLE NEWSLETTER

WINTER 2017 | ISSUE TWO

HAPPY NEW YEAR...

from everyone at Aim to Recycle! We are excited to announce we have broadened our services and now provide a secure data destruction service. It's been another great year that makes us proud to announce we have diverted over 8,000,000kg of material from going to landfill in 2016. We couldn't achieve so much without the fantastic support of our customers and we'd like to thank each and every one of you for continuing to work towards a greener future.

CONFIDENTIAL WASTE

What are you doing with your confidential waste? Aim to Recycle are proud to announce we are now providing a data destruction service.

With the increased pressure on securing private information we have received an influx in demand for such a vital safeguard.

To learn more about how we could help your organisation meet industry standards and destroy confidential information securely contact us on 0191 4698583.

OUR ACCREDITATIONS

As part of Aim to Recycle's continuous strive for improvement we're proud to announce our accreditations of both ISO 9001 and ISO 14001.

You can download a copy of our certification by visiting the downloads section on our website.

TAKE PRIDE IN YOUR RECYCLING

Have you received your new look certificate?

Many of our customers hang their certificates in receptions and offices. The fantastic work you do to reduce waste and improve the environment deserves to be displayed.

Tweet us a picture of your environmental certificates and achievements to help us spread the word and influence others.
