## Notice of Exemption (continued)

### Reasons why the activity is not a project under the California Environmental Quality Act:

The actions approved by the Board of Supervisors on March 15, 2022 do not constitute a project under CEQA because they do not involve or approve any direct or indirect physical changes to the environment. The approved Board directives mainly consist of requests for future report backs to the Board of Supervisors on issues related to youth in the impacted by the Division of Juvenile Justice closure and implementation of a credible Messenger mentorship program at Campus Kilpatrick. As such, these activities are excluded from the definition of a project by Section 21065 of the California Public Resources Code and Section 15378(b)(5) of the State CEQA Guidelines. Prior to approving any activity that would constitute a project under CEQA in the future, appropriate environmental documentation and findings by the Board of Supervisors would be necessary.
