Christopher Columbus lived during the age of exploration. He was born as Cristoforo Colombo in Genoa, Italy in 1451. Living near the sea, he became a sailor while he was only fourteen.

As he grew older, Columbus still sailed, but he also made and sold maps and charts. He liked to study maps and read all he could about previous explorers. He especially enjoyed learning about Leif Eriksson. Eriksson was a Viking sailor who had sailed west and found new lands.

As he grew older, Columbus still sailed, but he also made and sold maps and charts. He liked to study maps and read all he could about previous explorers. He especially enjoyed learning about Leif Eriksson. Eriksson was a Viking sailor who had sailed west and found new lands.

Many sailors talked about finding new routes to India. They wanted to trade for spices and gold. Some also wanted to spread Christianity. Christopher Columbus came to believe that the earth was shaped like a sphere, the same as that of an orange. He also thought that if he sailed west he could reach Asia.

Many sailors talked about finding new routes to India. They wanted to trade for spices and gold. Some also wanted to spread Christianity. Christopher Columbus came to believe that the earth was shaped like a sphere, the same as that of an orange. He also thought that if he sailed west he could reach Asia.

Columbus desired to prepare for an expedition and try to sail west across the Atlantic Ocean in order to reach India. However, he needed money. He asked the king of Portugal to supply money for the trip, but he refused.

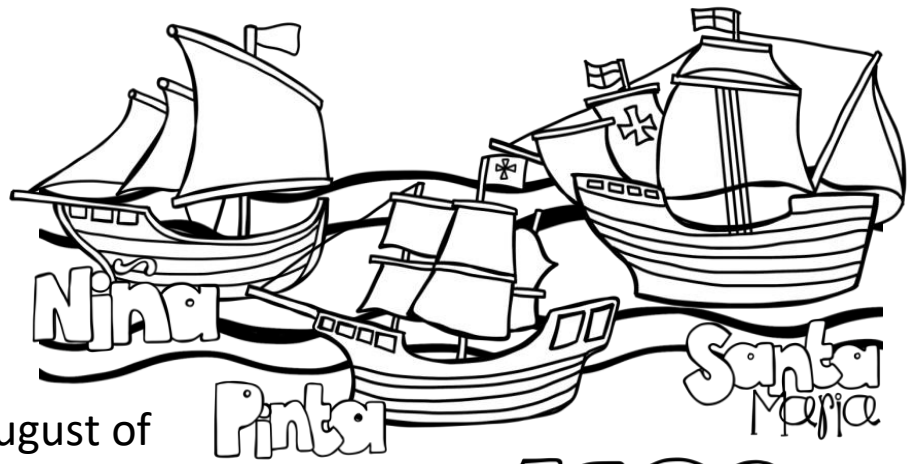

Columbus then decided to ask Spain. After many years, King Ferdinand and Queen Isabella of Spain finally agreed to assist Columbus with his voyage.

The trip across the Atlantic was long. Columbus' crew lost hope of ever finding land. They wanted to return to Spain. Some even talked about throwing Columbus overboard. Columbus insisted that they continue. He proved to be an excellent navigator.

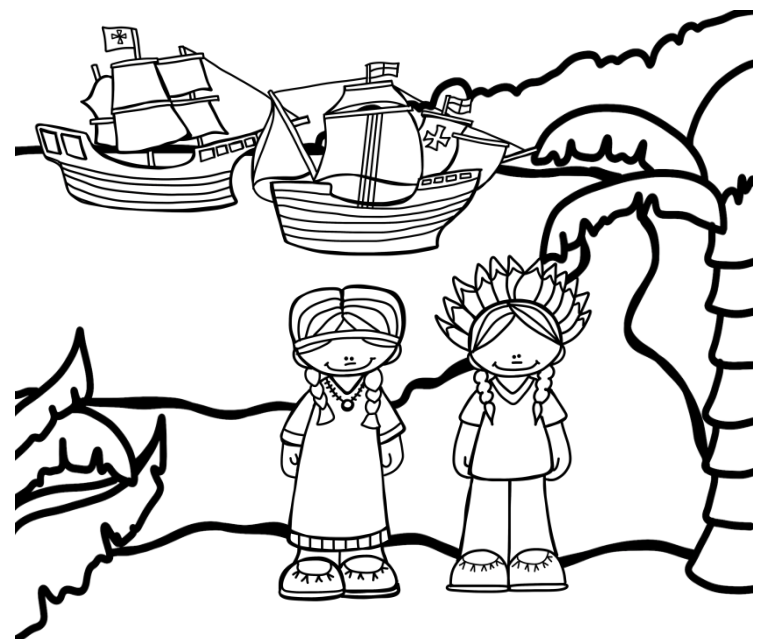

The trip across the Atlantic was long. Columbus' crew lost hope of ever finding land. They wanted to return to Spain. Some even talked about throwing Columbus overboard. Columbus insisted that they continue. He proved to be an excellent navigator.

Two months after setting sail, on October 12, 1492, the crew discovered land. The men were excited and gladly walked ashore with the Spanish flag. Friendly natives met them. Columbus called the natives Indians because he thought he had arrived in India. Columbus had actually landed in the Bahamas. He did not know that the continents of North and South America were between Europe and Asia.
