# Welcome to Lambton College.

At Lambton College, learning is personal, caring and connected to the knowledge, skills and strengths our people, communities, and industries need to thrive. Learning and research take place in community settings, from healthcare to engineering, where our students and partners apply new methods and ways of working that accelerate solutions for our most important challenges.

By fostering close connections between our students, our communities, and our college, we help people develop the care, compassion and capability to build better lives, a stronger society, and healthier futures for all.

**Explore our programs.**  
**Learn about student life.**  
**Join the pride.**  
**Take the next step.**

# PRESIDENT'S MESSAGE

One of the greatest privileges I enjoy as President of Lambton College is welcoming Lions to this Pride.

I do so knowing this is a College that embraces and supports all students, and encourages everyone to live a full and authentic life. With the way we prioritize academic success alongside overall wellness, I can't think of a better place for learners to shape their futures – and our collective future as well.

I'm excited to welcome you now, and I truly can't wait to do it again when you come in through our doors.

Rob Kardas  
President & CEO

## Land Acknowledgement

Lambton College is located on the beautiful homeland that is the traditional territory of the Ojibwe, Potawatomi and Odawa Nations. These three individual Nations make up the traditional Three Fires Confederacy. We acknowledge the grace and the welcome they have offered to all students and staff at Lambton College.

4,000+ STUDENTS

Over **100** Partnerships with institutions worldwide

**100s** of career options

**\$1.5M+** Available in scholarships and bursaries

**28:1** Average student to teacher ratio (in-person classes)

Part-time students **2,000+**

**62,000+** Alumni working around the world

**60+** Full-time programs

# WHY CHOOSE LAMBTON

“

I got all four of my operator and training certifications through Lambton. That's what a lot of the industry looks for when they're hiring people because that means that you already have the requirements and are ready to work. It makes it a lot easier to find a job.

▸ Miriam  
Environmental Technician - Water & Wastewater Systems Operations Graduate

## We Innovate

Lambton is unparalleled in its applied research output, impact, and industry partnerships. Our research facilitates new solutions for community and industry partners in the region. Close relationships with industry and business mean curriculum stays current and relevant.

## We Care

Lambton puts people first to support personal, professional, and civic growth. The Lambton way is personal, safe, supportive, and helpful.

## We are Inclusive

Lambton is a place where people find a sense of belonging. It is accessible and inclusive, and welcomes people from diverse backgrounds. People know you at Lambton, creating a close-knit atmosphere. Learners of all types, no matter their age, nationality, ethnicity, or background are welcomed and supported as members of the Lambton community.

## We are Dynamic

Lambton is a catalyst for positive change and a symbol of community progress. Lambton grads are leaders of, and contributors to, the social, cultural, and economic development of the region and the province.

# EXPERIENCE SARNIA

Sarnia is the largest city on the shores of Lake Huron and enjoys one of the warmest climates in Canada.

## HOUSING IS AFFORDABLE

**i** A two bedroom apartment rents for \$1,293 / month.

> CMHC – October 2023

## Want to get outside?

Sarnia offers a beautiful waterfront with sandy freshwater beaches, over 100 parks, and a network of recreational trails that directly connect to campus providing safe routes for students. It is a border community with easy access to the United States across the St. Clair River and home to the Sarnia Sting, a junior ice hockey team in the Ontario Hockey League, who play out of the Progressive Auto Sales Arena located on campus. Don't forget to visit Sarnia's famous chip trucks parked under the Blue Water Bridge for some fresh cut fries.

**72,000**  
City of Sarnia population

**i** There's no shortage of things to see and do in our city. Visit Tourism Sarnia-Lambton for more information on Ontario's blue coast.  
> [ontbluecoast.com](http://ontbluecoast.com)

Internationally renowned Blue Flag beach  
**Canatara Park**

**1000+**  
Acres of parkland

**2,500+**  
Businesses operating across the city

Direct access to  
**USA**  
via the Blue Water Bridge

# ALL LIONS ARE WELCOME IN THIS PRIDE

We believe the rich diversity among our student body and the communities we serve should be reflected throughout our campus.

“

I enjoy living and working in Sarnia; it's a small community that resembles my hometown and has a lot to offer... It has beautiful beaches and great weather, all year round.

▸ Kshitiji  
Lambton College Graduate

92%  
of students say they feel like they belong at Lambton College.

2024  
Gold Award of Excellence in Equity, Diversity & Inclusion  
(by Colleges and Institutes Canada.)

At Lambton College, we are proud of our diversity, and pleased to welcome students, employees, and community members of all cultures, races, religions, abilities, genders, and sexual identities – and we will continue to do the work required to keep Equity, Diversity, and Inclusion at the forefront of everything we do.

**In support of this commitment, we have:**

- 👥 Developed the Student Success Team Model and added Student Success Navigators to support at-risk and underrepresented student populations.
- 🌐 Created culturally diverse student life programming including celebrations for international holidays.
- 🗣️ 24/7 counselling services available in different languages.
- 👤 Dedicated staff facilitator to lead our Lion's Pride – Gender & Sexualities Alliance.

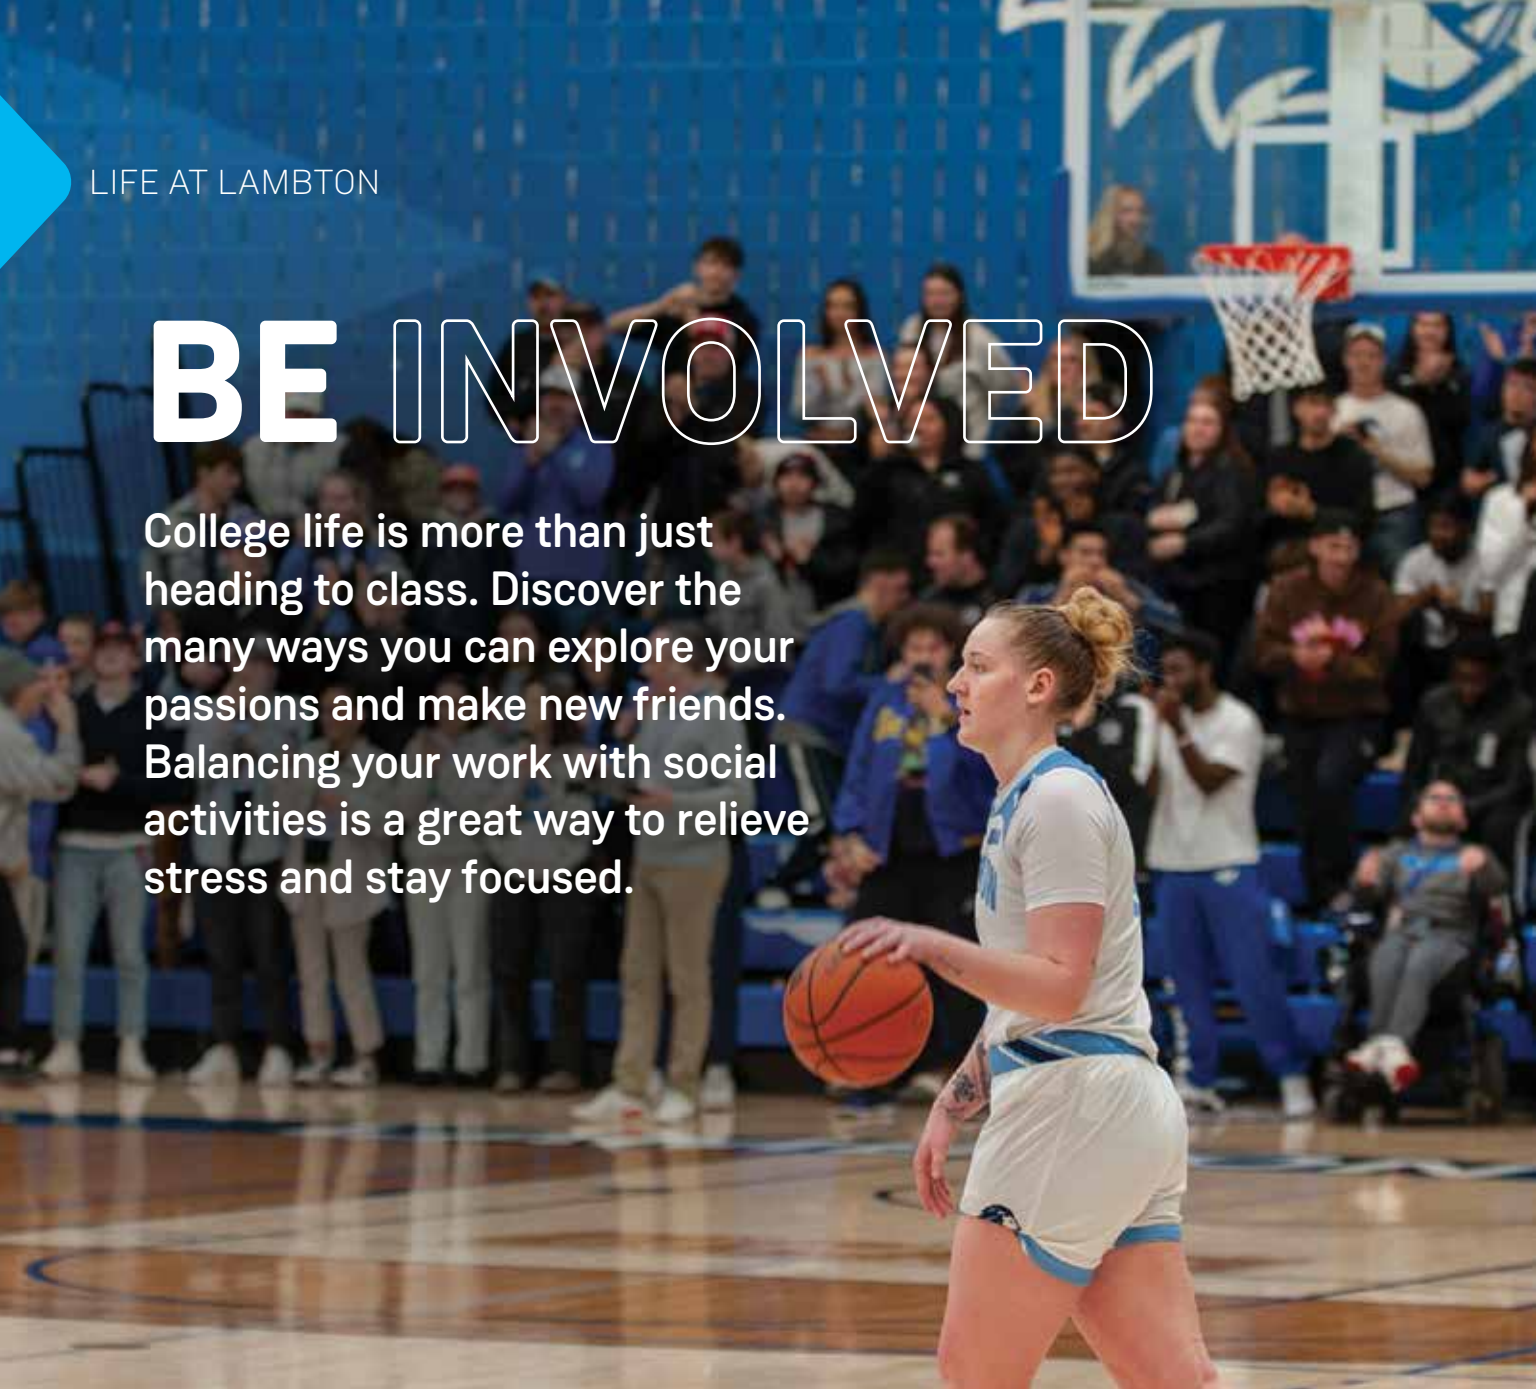

From our strategic plans, to our operations, to the way we interact with each other every day, our College community has dedicated itself to ensuring everyone has the opportunity to live a full and authentic life at Lambton College.

96%  
of our students feel that our College embraces the principles of Equity, Diversity, Inclusion and Decolonization.

# BE INVOLVED

College life is more than just heading to class. Discover the many ways you can explore your passions and make new friends. Balancing your work with social activities is a great way to relieve stress and stay focused.

## Athletics

Take care of your mental and physical health by joining a varsity or intramural team or by stopping by the fitness centre. All students receive a membership to our fitness centre as part of their student fees. For more information on teams, sports, and fitness programming visit [lclions.ca](http://lclions.ca).

## Student Administrative Council

Want to leave your mark on campus? Join the Student Administrative Council (SAC). Being a part of SAC is a great way to stay engaged and shape your college experiences. Members of SAC plan events and fundraisers, provide input on campus updates, and support new initiatives.

## Orientation

Don't forget to look into clubs and activities that you can sign up for during Orientation. Each year, SAC will offer a variety of opportunities to take part in clubs and activities that interest you. If you have a club or activity you would like to see offered at Lambton College, contact [matt.rose@lambtoncollege.ca](mailto:matt.rose@lambtoncollege.ca).

# SHARE IN THE LEARNING

All students can be part of the learning experience by supporting our on-campus businesses that are operated by Lambton College students. You can benefit by accessing services at a discounted price and our students gain valuable experience while practicing their skills.

## Capstones

Students in both our Culinary Management and Canadian Culinary Operations programs run our on-campus restaurant called Capstones. Throughout the year, the type of dining experience evolves as these students develop new skills. Stop by the restaurant between October and August and explore three different dining options. For reservations visit [lambtoncollege.ca/capstones](http://lambtoncollege.ca/capstones).

## Salon & Spa

Be sure to visit the Salon & Spa at Lambton College - both a teaching facility for students in our Esthetician, Medical Esthetics & Advanced Skin Care Therapies, and Hairstylist programs and a full-service spa opened to the public. The Salon & Spa is completely run and managed by students and supervised by instructors. Take a look at the services offered throughout the year as our students develop their trade - visit [lambtoncollege.ca/salon-spa](http://lambtoncollege.ca/salon-spa).

## Enactus Lambton

Our global award-winning student group has created life changing projects that have positively impacted thousands of lives. Project One Circle has helped address food security concerns in Indigenous communities across Canada by implementing greenhouses, aquaponics facilities, and food forests. Email [enactus@lambtoncollege.ca](mailto:enactus@lambtoncollege.ca) to learn more.

## ON CAMPUS FOOD OPTIONS

**i** While you're studying on campus, enjoy a variety of food options that include:

- > Full Service Tim Hortons
- > Starbucks Coffee
- > Pizza Pizza
- > Lion's Den - on-campus pub
- > Daily Cafeteria options by Chartwells

We are also within walking distance of many local restaurants and grocery stores.

# APPLIED SCIENCE, ENGINEERING TECHNOLOGY & TRADES

“

I was the most experienced person at my first job after Lambton College.

Colin  
Millwright Mechanical  
Technician Graduate

**Gain hands-on experience with industry-relevant programs in state-of-practice facilities.**

Applied Science, Engineering Technology & Trades programs offer an exceptional educational experience that equips you with the knowledge and skills you need to excel. With a focus on hands-on learning, you will have access to state-of-practice facilities, cutting-edge technology, and expert faculty who are dedicated to ensuring your success.

With a strong emphasis on industry connections, you will benefit from co-op placements, and real-world projects, giving you a competitive edge in the job market. Whether you're just starting out in your career or looking to take it to the next level, an Applied Science, Engineering Technology & Trades program is the perfect place to launch your future.

**i** Our Centre of Excellence in Energy & Bio-Industrial Technologies recently received a \$14.2 million upgrade including the addition of 7,000 sq. ft. of training space. This space gives you the opportunity to collaborate with industry in state-of-practice laboratories that support learning and research in next-generation technologies.

# BUSINESS, INFORMATION TECHNOLOGY & LIBERAL STUDIES

“

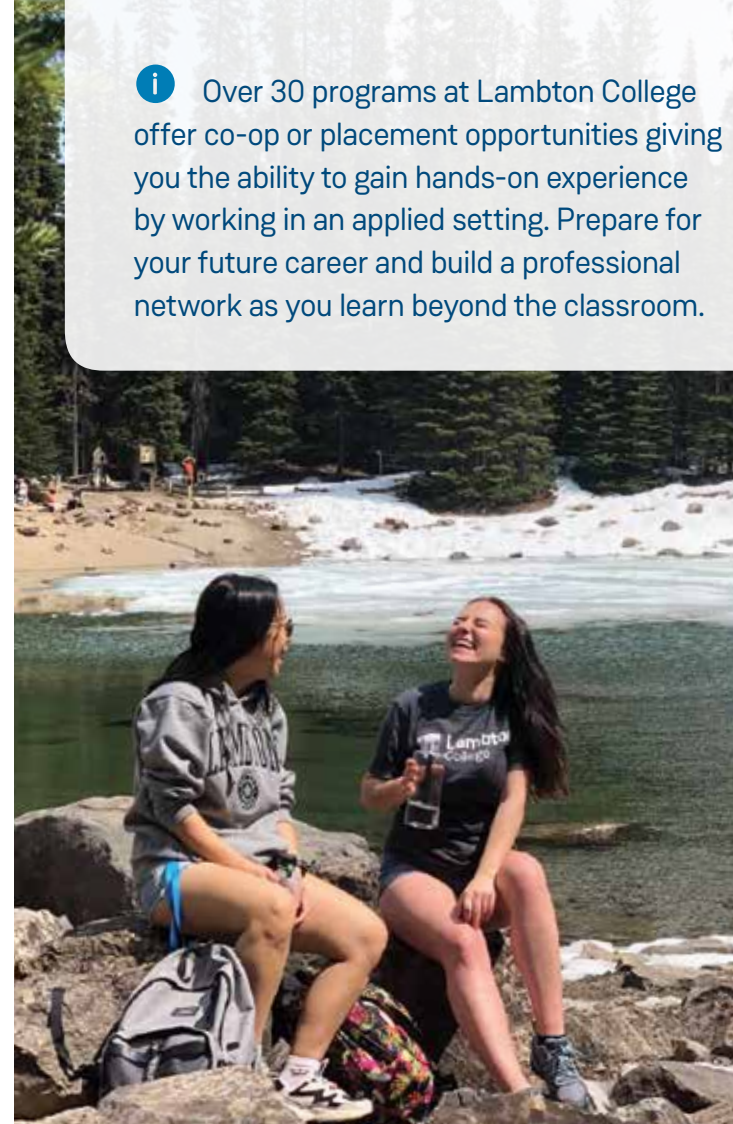

When I started at the college, I knew I loved math and wanted to pursue accounting, now that I am finishing, I realize I have so many options, and I am excited about my future.

▸ Kayla  
Business Administration -  
Accounting Graduate

**Pursue your passion in a dynamic learning environment designed to prepare you for a successful career.**

Business, Information Technology & Liberal Studies programs include a commitment to hands-on learning. Whether through internships, co-op placements, or real-world projects, you will have the opportunity to gain practical experience and develop the skills you need to succeed in your chosen field.

Faculty members are industry experts who bring their wealth of experience into the classroom, ensuring that students receive a comprehensive education that is relevant to today's job market. With small class sizes and personalized attention, you will be supported and have the resources you need to thrive.

**i** Over 30 programs at Lambton College offer co-op or placement opportunities giving you the ability to gain hands-on experience by working in an applied setting. Prepare for your future career and build a professional network as you learn beyond the classroom.

# HEALTH SCIENCES, COMMUNITY SERVICES & FIRE SCIENCE

“

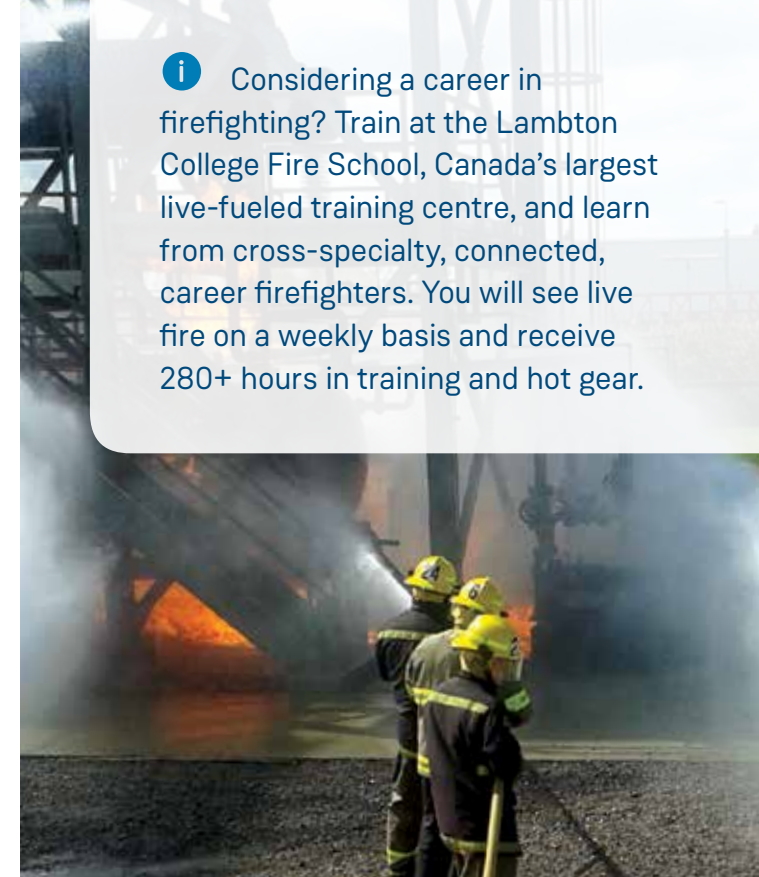

When I came to Lambton, I didn't know what I was expecting. But I came here, and the teachers were really hands on, and I felt so welcome in my program.

► Jala  
Police Foundations Graduate

**Develop the skills and knowledge you need to make a difference in your community.**

Health Sciences, Community Services & Fire Science programs give you access to simulated environments, experiential learning opportunities, and clinical placements that allow you to apply your knowledge and gain valuable experience. You will develop relationships with faculty, who not only work in the field, but are connected to community members and future career opportunities.

Looking to make a meaningful impact in your community? A Health Sciences, Community Services & Fire Science program gives you a chance to apply your knowledge in real-world settings while strengthening your leadership and teamwork skills, all while making your community a better place.

**i** Considering a career in firefighting? Train at the Lambton College Fire School, Canada's largest live-fueled training centre, and learn from cross-specialty, connected, career firefighters. You will see live fire on a weekly basis and receive 280+ hours in training and hot gear.

# NURSING

“

My favourite thing about being a PSW is the bedside care. I get plenty of time with my residents - to get to know them, get to know their families, sit with them - and we get to just enjoy each other's company.

▶ Nancy  
Personal Support Worker  
Graduate

**Pursue your passion for helping others by making a positive impact in the healthcare industry.**

Nursing programs are committed to hands-on learning experiences. You will have access to state-of-practice simulation labs and clinical placements in a variety of healthcare settings, including hospitals, clinics, and community health agencies. These opportunities allow you to apply your knowledge and gain practical experience in a safe and supportive environment.

Faculty are dedicated to helping you succeed, providing mentorship and support every step of the way. You will receive personalized attention and guidance in a close-knit community of peers during your academic journey as you prepare for a rewarding career in the healthcare industry.

# APPRENTICESHIP TRAINING

“

Cutting-edge industry knowledge, hands-on practical training, and a supportive learning environment, all of which have significantly enhanced my career prospects and personal growth.

▶ Ben  
Instrumentation & Control Engineering  
Technology - Industrial Automation Graduate

Apprenticeship training provides students with the learning they need to become skilled workers while building employment experience and gaining hands-on skills.

Apprentices have the opportunity to earn as they learn, making money while attending school, usually by accessing Employment Insurance (EI) benefits. Apprenticeship starts by securing a job with an employer who is willing to sponsor you as an apprentice. Once this employment contract begins, apprentices are scheduled for their in-class education at a local Training Delivery Agent (TDA) such as Lambton College. This happens about a year after they begin working. Attending in-class training is part of certification and Lambton College makes your classroom experience worthwhile.

Still exploring the trades or having difficulty securing an apprenticeship position? Several of our full-time programs are designed to prepare you for an apprenticeship and to make you a better candidate for employment in a skilled trade. Earn a college credential while you prepare for your next step. Graduates of our preparatory programs may have more success in finding employers, contractors, or trade unions willing to register them as apprentices, and many have greater success applying their skills on job sites having already gained valuable hands-on experiences.

**Key programs that build skills and prepare students for entry into a skilled trade:**

## PROGRAMS

- › Construction Carpentry Techniques
- › Culinary Management
- › Electrical Power Distribution & Control Technician
- › Electrical Techniques
- › Environmental Technician - Water & Wastewater Systems Operations
- › Hairstylist
- › Heating, Refrigeration & Air Conditioning Technician
- › Instrumentation & Control Engineering Technology - Industrial Automation
- › Mechanical Techniques - Plumbing
- › Millwright Mechanical Technician
- › Welding Techniques
- › Workplace Safety & Prevention

If you are still unsure of which trade best suits you, Lambton College has an excellent program that offers students an opportunity to build a variety of skills while exploring several occupations:

- › Pre-Trades & Technology

# LEARNING OUTSIDE THE CLASSROOM

Students at Lambton College – no matter which program they choose – can take what they’ve learned in class and apply it to real-world situations through co-ops, internships, placements, capstone projects, and community partnerships.

## THE SOCIAL EXCHANGE

**i** Open to all students - provides workshops, networking opportunities, and a chance for students to practice skills that align with career goals.

### Look at some examples.

- ♥ Honours Bachelor of Science – Nursing students get two, 300-hour clinical practicums in their final year of the program.
- ✚ Pre-Service Firefighting Education & Training students gain over 250 hours of skills practice and testing in simulated and controlled live fire training scenarios.
- 📦 Pharmacy Technician program consists of a total of 360 placement hours – 200 in a community pharmacy and 160 in a hospital pharmacy.
- 📢 Sports & Recreation Management students study at the only Ontario college with an OHL arena on campus. Our students benefit from being a part of game day operations with our Sarnia Sting partnership.

## Community Partnerships

### Big Brothers Big Sisters of Sarnia-Lambton

Lambton College has developed a strong relationship with the Big Brothers Big Sisters of Sarnia-Lambton. This partnership creates a number of placement opportunities for Lambton College students, and it allows the community to access a number of programs that wouldn't exist without this collaboration.

- > 15-20 students placed in field placements or internships each year.
- > Students represent the Child & Youth Care, Social Service Worker and Office Administration programs.

### Women in Technology & Trades

Through the Women in Technology & Trades group, women who work in the trades come together once a month to support one another, network and share experiences. Alumni, faculty, and students have an opportunity to take part in monthly group activities and can also participate in an annual retreat at Camp-Ak-O-Mak.

### Sarnia Police Partnership – Community Crime Unit

Students in both the Police Foundations and the Border Services program have the opportunity to be part of the Community Crime Unit – a partnership between Lambton College and the Sarnia Police Service where students work directly with a constable to investigate low-level crimes.

Students who are selected to work in this new unit will receive first-hand training when it comes to supporting victims of crimes and safe guarding the community, while also gaining an understanding of the factors that can contribute to the crimes being committed.

Number of co-op jobs available per year

1,240

\$24.68

Average co-op hourly rate

1,214

Number of students who secured a co-op

“

It's a great way for [students] to get in the field, to get their feet wet, and to get that experience that is going to set them above any other applicant when it comes to a career in law enforcement.

Al Bezaire  
Coordinator, Border Services

# WHAT ARE PATHWAYS?

Pathways are the different academic routes you could take to pursue additional credentials while gaining recognition for your prior learning.

## Benefits of Pathways?

### Save Money

Typically, students who begin their studies at Lambton College and then pursue degree programs using transfer opportunities save money on tuition and living costs by studying at college and possibly living in their hometown.

### Increase Opportunity

By completing a college program first, students who use transfer opportunities can complete two programs within the same amount of time as other students may take to complete one degree program. By completing two credentials, you increase opportunities and can be more flexible when looking for work after completing your schooling.

### Change Plans

Through transfer opportunities, you can change your mind without repeating courses or backtracking. Transfer to and from Lambton College or just change between two programs to get back on track, learning what you love.

› Learn more about Pathways  
Visit [lambtoncollege.ca/pathways](http://lambtoncollege.ca/pathways)

## SAMPLE PATHWAYS

**i** Many programs share pathways with the following institutions:

### Within Ontario

- King's University College at Western – London, ON
- Huron University – London, ON
- McMaster University – Hamilton, ON
- Nipissing University – North Bay, ON
- University of Windsor – Windsor, ON

### Within Canada

- Royal Roads University – Victoria, B.C.

### International

- Griffith University – Queensland, Australia
- International Center for Photography – New York City, U.S.A.

# IGNITE YOUR CURIOSITY

We know engaging students in applied research activities provides the best platform to reinforce educational programming, provide connections with industry, develop new skills, and enhance employability.

Applied research at Lambton College has a strong network of research partners and offers high quality labs, facilities and an exceptional research team that supports a multitude of research projects. We provide a collaborative platform for you to work on research projects across a wide range of industries helping you gain experience in your field.

Through access to the expertise of faculty, researchers, and students, Lambton College has an overarching goal of driving economic, environmental, and social impacts. We seek solutions to real world problems, providing direct impact and benefits to partners through applied research. We are proud that continued strength in research, while fostering a culture of innovation for students, has repeatedly landed us a top spot on the list of Canada's top research colleges for seven consecutive years.

“

Before this experience, I had no background in research, I did not feel qualified, but I have had so much support and a great mentor through all of this.

▸ Mackenzie  
Social Service Worker Graduate

# CREATING STUDENT SUCCESS

Our Student Services team is committed to providing you with the support you need to succeed both inside and outside the classroom.

Take advantage of the amazing student services we have to offer.

## ACADEMIC UPGRADING

An in-class, free, flexible, supportive program designed to help students meet their college, apprenticeship, or employment goals. Students are guided back into the academic world by creating a plan to bring essential skills up to the end of high school level.

## ACCESSIBILITY SERVICES

Students have access to counselling, accommodation planning, learning strategies, and assistive technology instruction, as well as other accessibility and advocacy supports.

## CAMPUS SHOP

Discover a world of convenience and college essentials at our vibrant Campus Shop. From textbooks and school supplies to trendy apparel and snacks. Get everything you need to enhance your college experience at the Campus Shop.

## CHAPLAINCY SERVICES

Our on-campus chaplain is available to assist any students interested in exploring and cultivating a meaningful, spiritual dimension in their lives while navigating the opportunities and challenges of college life.

## CO-OP & CAREER SERVICES

Serving the co-op, internship, and employment needs of students by assisting with cover letters, resumes, mock interviews, and career advising. Students can also access guidance for connecting with employers and pursuing professional goals.

## COUNSELLING

Counselling offers invaluable support, providing you a safe and confidential space to guide your mental well-being and academic success. Students can book appointments for personal, academic and career counselling at no charge.

## ESPORTS ARENA

The Esports Arena is a multi-purpose learning and entertainment venue that is accessible to the college community. The arena provides students with a dynamic platform to foster teamwork and critical thinking within the realm of competitive gaming.

## FINANCIAL AID

Financial aid supports play a pivotal role in empowering students by removing financial barriers and enabling access to education. Application assistance is available for the Ontario Student Assistance Program (OSAP), bursaries and scholarships.

## HEALTH SERVICES

The Atkin Family Wellness Centre, located on campus, is available to all students and provides numerous health and wellness services. The centre has an on-staff, full-time Registered Nurse, and hosts two Nurse Practitioners.

## STUDENT SUCCESS NAVIGATORS

**i** Lambton College provides all students with personalized help through dedicated Student Success Navigators who can assist you with various college processes, such as accessing online platforms, connecting with on-campus services, and providing connections to community resources to ensure student success. Our Student Success Navigators care deeply about every student's journey.

## INFORMATION TECHNOLOGY

Our IT Service Desk team provides support for all students. Access prompt assistance and troubleshooting for technological challenges to ensure smooth access to online resources.

## INTERNATIONAL WOMEN'S CLUB

An opportunity for female students to connect, learn, and grow in a supportive, fun, and inclusive environment. Make lifelong friends, share experiences and challenges, and celebrate diversity of culture and perspective.

## LION'S HEART

An emergency food bank providing support services for all students in need or crisis. Students can also access gently used professional clothing for classroom presentations or workplace interviews, as well as warm winter clothing.

## LION'S MIND

A peer-to-peer mental wellness support for students at Lambton College from the first day through graduation. Students can access peer mental wellness training and support to local social service agencies and their clients.

## LION'S PRIDE

A safe space on campus for 2S-LGBTQ+ identifying individuals attending Lambton College. Students can connect and learn in this inclusive environment for all students.

## LIBRARY SERVICES

A wonderful place to learn, develop and grow. Our library team is available to support you with resources and shared knowledge, while inspiring curiosity, growth, and collaboration among all students, faculty, and staff.

## TESTING CENTRE

Our Testing Centre is designed to be a quiet and distraction-free environment, which can help students focus and perform better on their exams. Our centre accommodates all needs, ensuring all students have equal access to testing opportunities.

## TUTORING SERVICES

Tutoring services are free for students and available in most core subjects. Tutors are either senior students or professional teachers who will assist students with understanding concepts and methodologies.

# EMPOWERING INDIGENOUS STUDENTS

The Indigenous Student Centre provides full service support for Indigenous students, including First Nations, Métis and Inuit.

As an Indigenous student, we encourage and support your abilities, ideas, and development while studying at Lambton College.

Indigenous student council members are actively engaged in many activities across the college as representatives of the Indigenous student body. These student leaders are provided mentorship, while being mentors to others. This wrap-around approach allows our students opportunities to develop their leadership and personal skills while building relationships and raising up Indigenous voices.

**i** Coming Soon – Indigenous Outdoor Gathering Space  
A venue to connect with culture, socialize with peers, and learn.

At the Indigenous Student Centre, students can access:

- > Academic Advising
- > Student Success Navigation
- > Indigenous-specific Financial Advising
- > Traditional Elders
- > Visiting Speakers
- > Tutoring
- > Academic and Cultural Workshops
- > Laptop/iPad Loans
- > Lunch Program
- > Student Leadership Program
- > Student Socials

# TAKE THE NEXT STEP

You are going to leave Lambton fully prepared to go on and start your career.

▶ Abigail  
Hairstylist Graduate

**i** 1 in 4 Lambton College students are over the age of 25. We have a vibrant community with a robust population of mature students, making Lambton College an ideal place for individuals seeking to pursue higher education and expand their horizons.

Whether you're seeking to upgrade your skills, change careers, or expand your knowledge, being a mature student brings unique advantages that can make your educational journey even more fulfilling.

Returning to school as a mature student gives you the chance to pursue your passions. It's never too late to embark on a new career path with a clear sense of what you want to achieve. While balancing the demands of family, work, and education might seem challenging, we are here to support you every step of the way.

#### Mature Student Assessments:

Applicants who do not meet the admission requirements for some programs at the College may be eligible for mature student assessments. In order to be eligible to write the mature student assessments, students must:

- ▶ Be 19 years of age or older
- ▶ Be out of secondary school for at least one year

**Please Note:** O.S.S.D. not required

#### Need to upgrade your qualifications?

Academic Upgrading is an in-class, free, flexible, supportive program designed to help students meet their individual college, apprenticeship or employment goals. Our in-class program can assist you in creating a plan to complete your high school diploma with opportunities to bring your reading, writing and other essential skills up to the end of high school level.

# LIVE ON CAMPUS

Living in Residence provides you with a sense of community and camaraderie that will give you the supports you need to succeed.

Located on the northeast edge of our Sarnia Campus, you're only a short walk to classes, shopping, restaurants, a movie theatre, and a wide variety of on-campus student services.

**i** Residence applications open February 2025.

> To learn more about Residence or how to apply, visit [lambtoncollege.ca/residence](http://lambtoncollege.ca/residence)

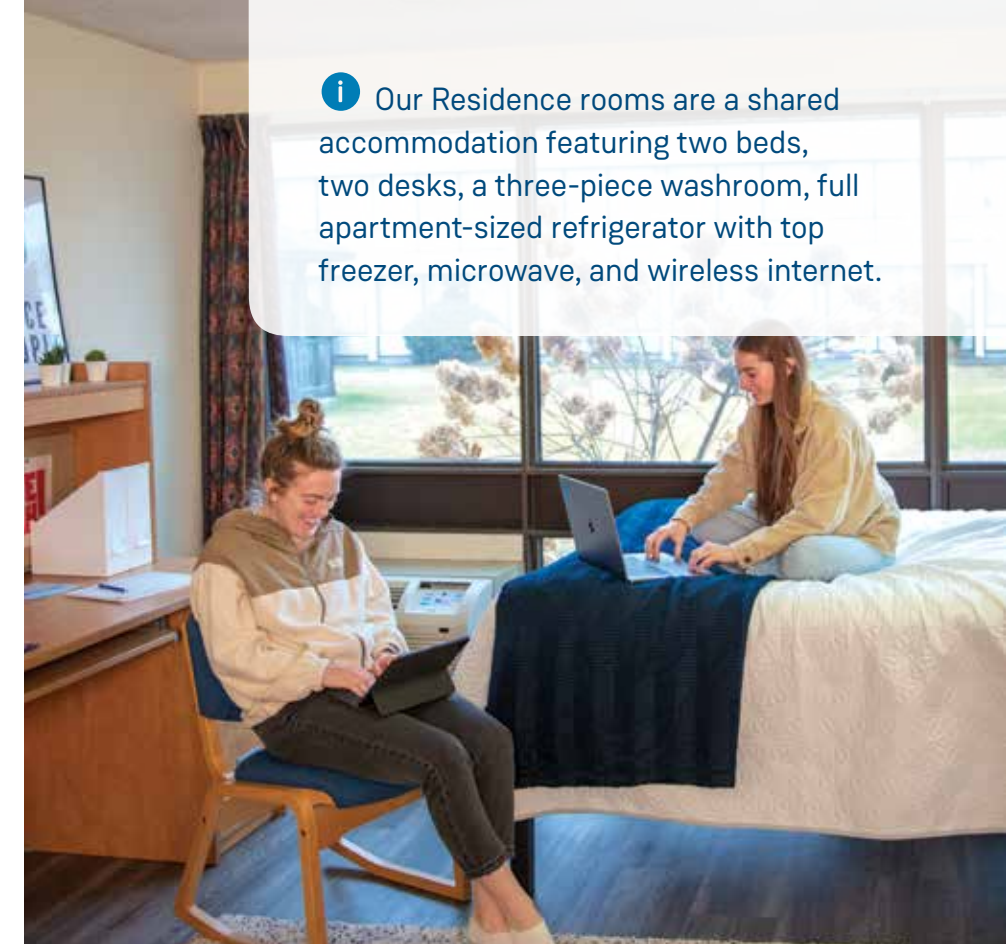

### Amenities

- 🔒** Feel safe and secure with swipe card access and 24-hour monitoring.
- 🎮** Play games or cheer on your favourite team in the common room.
- 🕒** Use the 24-hour laundry room located on the first floor.
- 📖** Hit the books with your classmates in the study lounge.
- ★** Enjoy the picnic tables and barbecues in the outdoor courtyard.

*This is a sample room layout only. Actual Residence room layout may differ.*

**i** Our Residence rooms are a shared accommodation featuring two beds, two desks, a three-piece washroom, full apartment-sized refrigerator with top freezer, microwave, and wireless internet.

### Living Off Campus

We have partnered with Happipad to ensure you can find off campus housing that meets all of your needs. Happipad matches you with compatible homeowners in the area.

> If you are looking for off campus housing options, email [housing@lambtoncollege.ca](mailto:housing@lambtoncollege.ca)

# FINANCE YOUR EDUCATION

Are you looking for ways to manage the costs that go along with attending college? We can help you find options so you can afford your education.

Lambton College has a knowledgeable team to help you along the way. Financial Aid opportunities are available to all students and each option is unique.

## Scholarships & Bursaries

There are numerous scholarships and bursaries awarded from various donors for academic excellence, extra-curricular activities, community involvement, and financial need. Bursaries are awarded to students who demonstrate financial need while scholarships are based on merit or academic excellence.

> [Learn more at lambtoncollege.ca/financialaid](http://lambtoncollege.ca/financialaid)

## OSAP

The Ontario Student Assistance Program (OSAP) is a financial aid program that makes it more affordable for residents of Ontario to fund their college dreams. OSAP provides eligible students with financial aid to help cover the cost of tuition, textbooks, and living expenses.

> [Learn more at ontario.ca/osap](http://ontario.ca/osap)

## On-Campus Employment

Students at Lambton College can apply for on-campus employment through either the Work Study, Student Ambassador or Employment Between Academic Terms programs. These positions financially assist students, develop valuable career skills, and make it easy to work around your class schedule.

> [Learn more at lambtoncollege.ca/financialaid](http://lambtoncollege.ca/financialaid)

## Find & Fund Your Future Events

This series of summer events provides students with support for both OCAS and OSAP applications in a one-stop drop-in style format. Typically held monthly in June, July and August, check our calendar for upcoming dates, times and locations.

# HOW TO APPLY

## 3 Steps to Becoming a Lion

### 1. Explore

Deciding your future career can be a daunting task.

Take a look at our website and see what other Lambton students have accomplished - Visit [lambtoncollege.ca/programs](http://lambtoncollege.ca/programs)

Book a Program Advising Appointment [lambtoncollege.ca/advise](http://lambtoncollege.ca/advise)

### 2. Apply

Before February 1, be sure to submit your application.

You can apply to a maximum of three Lambton College programs.

Apply for full-time programs - [ontariocolleges.ca](http://ontariocolleges.ca)

### 3. Confirm

Be sure to let us know you're coming.

Confirm your offer by May 1 at [ontariocolleges.ca](http://ontariocolleges.ca)

Follow each step, check off the boxes and get ready for what comes next.

- Explore our programs.
- Take a campus tour.
- Attend Fall or Spring Open House.
- Speak to a program advisor.
- Complete your application at [ontariocolleges.ca](http://ontariocolleges.ca).
- Log into [mylambton.ca](http://mylambton.ca) to track your application status.
- Confirm your offer of acceptance.
- Apply for OSAP.
- Secure your spot by paying your \$300 deposit.
- Check out bursaries and scholarships available to you.
- Visit Sarnia and explore your future home.
- Get ready for orientation.

Still have questions?

Speak to an Enrolment Advisor.
