Driveway & Concrete Cleaner

CONCENTRATE

- High alkaline caustic based liquid that cleans, degreases and whitens masonry.
- Ideal for concrete, asphalt or any masonry surface that has deteriorated due to oil, grease or weather.

Product	Dilution	Code	Size
Concentrate	1:20	40376	3.78L

A heavy duty industrial strength alkaline cleaner and degreaser designed for use with high pressure spray equipment. Ideal for concrete, asphalt or any masonry surface that has deteriorated due to oil, grease or weather.

Directions for use:

Use a pressure washer to apply product and rinse surface. For tough soils on concrete, asphalt, brick or ceramic, dilute at 1:20 with water. Apply to surface with low pressure spray, allowing contact time of 5-10 minutes. Scrub or rinse with high pressure water spray. Chemical application and cleaning can also be done with a scrub brush or autoscrubber. Do not allow product to dry on surface. Keep away from painted surfaces unless they are to be re-painted. Do not use on vehicles. Do not mix with anything except water. Do not mix with acids or bleaches. May cause discoloration on dyed surfaces. Always test on an inconspicuous area before using. Always follow manufacturer's directions for operation and chemical application through a pressure washer.

Handling and Cautions:

Danger: Corrosive. Causes burns. Do not swallow. Do not get in eyes. Do not get on skin or clothing. Do not breathe fumes. Handle with care. Wear rubber gloves. Wear safety glasses. Use only in a well ventilated area. First aid treatment: Contains potassium hydroxide, EDTA and surfactants. If swallowed, call a Poison Control Centre or doctor immediately. Do not induce vomiting. If in eyes, rinse with water for at least 15 minutes. Get medical attention if irritation persists. If on skin, rinse well with water. If on clothes, remove clothes. If breathed in, move person to fresh air. Keep out of reach of children.
