

*Capital*

**SHEET METAL**

*Since 1945*

Capital Sheet Metal is a custom fabrication shop specializing in stainless steel and other metals. We are a family run company located in downtown Sacramento serving Northern California since 1945.

Capital Sheet Metal fabricates stainless steel, aluminum, galvanized, steel, copper, brass and other specialty metals. We are known for our sheet metal skill, rapid turn-around time, and competitive pricing.

Capital Sheet Metal is a certified small business and micro-business with the State of California. We are CCR registered to do business with the federal government.
