## A Brief History of the College

Dakshin Kamrup, as the name indicates, is a vast area of Kamrup District stretching over hundred and fifty miles along the southern bank of the mighty Brahmaputra. The college is named after this region in honour of the untiring and relentless efforts of the people of this area. The countryside has a rich cultural heritage though the level of literacy is average. Palasbari, famous for timber and Muga industry, was its prime trade centre. But this place has lost its old glory due to the devastating erosion caused by the river Brahmaputra. Educationists, social workers, students and a cross-section of the public had long felt the need for a centre of higher education in this vast area. The college has fulfilled the long cherished hope and aspirations of the people of Dakshin Kamrup.

In the year 1972 the college shifted from its old premises to the present location. From then onwards it has pursued a steady course towards expanding its academic and infrastructural needs. At present the college has Arts, Science & Commerce streams with 24 departments offering Honours courses. The present Governing Body of the college has prepared a master plan for further development.

Dakshin Kamrup College is a co-educational degree college affiliated to Gauhati University. At present the enrollment of the College is 4072. The college offered education only in the Arts stream till 1978. The Science stream started in 1979 and was brought under the deficit system of Grants-in-aid in 1987. The College was provincialised in 2005 by the Government of Assam. Three Year B.Voc Course was started in our college in 2015. Apart from this, PG classes have been started in Assamese and Zoology in the year 2013 and 2017 respectively. The college started commerce stream at Degree level from August, 2017. Dedicated and experienced teachers guide and prepare the students towards a planned future. Regular classes, periodic evaluation and strict discipline are the hallmarks of this institution.

Today this college, humble though its beginning was, has grown into a full-fledged institution with academic excellence. In the fields of sports and culture too the college is in the forefront. Dakshin Kamrup College successfully completed its glorious 50 years in 2011.

## Introduction to FYUGP :

The National Education Policy (NEP) 2020 is the foundation of Gauhati University's four-year undergraduate programme (FYUGP). The policy acknowledges that education is crucial in determining the course of the country. According to the present policy, India should be developed as a democratic, just, socially responsible, cultural, and compassionate country that upholds liberty, equality, fraternity, and justice for all. In order to generate world leaders in all spheres of human endeavor, the new strategy makes an effort to integrate and harmonize the wisdom of ancient India with the newly emerging knowledge of many areas. The approach seeks to replace memorization with critical thinking, reasoned decision-making, and invention. It seeks to restore India to its former position of global teacher (vishwaguru) in all branches of knowledge, as it was in antiquity. The FYUGP aims to provide alternatives of numerous entries/exits and achieve a Certificate, Diploma, Degree with Major, Degree (Hons), Degree (Hons) with Research at various levels as specified in the policy. It is meant to meet the unique academic demands of the student.

## Multiple Entry/Exit scenario under FYUGP programme :

The FYUGP is flexible in nature where it offers choice for students to exit from the programme thrice after one year, after two years, and after three years. After one year completion of programme, participants will be awarded a certificate. A diploma is awarded to students who leave after two years. A bachelor's degree is awarded to students who graduate after three years. And finally, if a student completes the whole 4-year, one gets a Bachelor's Degree (Honours). In FYUGP, we get a Bachelor's Degree with Major after 3 years and a degree with a Major & Honours after 4 years. If a student exits the FYUGP after 3 years, s/he will need to take admission into the first year of a Master's programme, which is a 2-year degree programme. However, if a student fully completes an FYUGP, s/he needs to take admission into the second year of a Master's programme and needs to complete only one year to get a Master's Degree. Under CBCS, there was no such pathways. Once a student takes admission into a Master's programme either after 3 years of the Bachelor's programme or after FYUGP, one will be able to take admission into a Doctoral programme leading to Ph.D. degree. However, if a student is exceptionally good, one can directly take admission into a Doctoral programme right after the FYUGP, by passing the Master's programme.

## SUBJECT DETAILS

All the subjects are broadly divided into four streams. They are:

1. Arts
2. Science
3. Commerce & Management
4. Interdisciplinary

All these streams have their own subject groups. For example, Physical Science is a subject group of Science stream. Or, Language is a subject group of Arts stream. These groups with their parent streams are shown in the Figure.

## Core Course options : Degree in a Stream

In what follows, we diagrammatically show three different options which a student can choose to complete a 3-year/4-year program under the FYUGP.

- As per the first option, the student has to choose a Major course and two Minor courses. With this option, the student will have 12 open core credits, which she/he can utilize if she/he desires.
- In the second option, the student has utilized these 12 open core credits to complete one more Minor.
- In the third option called the No Major option, when the student does not desire any Major but wants to study all three courses equally. In this option, the students have to study one paper from each of the three subjects in each semester from Semester I to VI. However, s/he will need to complete 12 more credits, which s/he can do by studying three courses (papers) from any of the three core subjects that s/he has chosen.
