ESA Ad Retargeting

We offer advertising opportunities with **Digital Ad Retargeting!**

Ever look at a pair of shoes online, or a potential vacation spot, and then for the next couple weeks you notice that ads for those same shoes or vacation spot seem to be following you around the internet? That's ad retargeting. Retargeting uses cookies to track visitors of one website and then reach those same visitors with ads on other websites.

ESA's audience becomes your audience with ad retargeting. Get exclusive direct access to ESA website visitors and retarget them with your company's ads that will showcase your brand, anywhere they visit online.

Receive detailed reports that allow you to see your campaign results in real-time including impressions, clicks, and geographical locations of ads served.

Here's How It Works:

Your ad will appear on multiple major websites and mobile apps following the ESA audience wherever they go.
