In provisions concerning the renewable portfolio standard for the Planning and Procurement Bureau, provides that, to ensure the successful development of new renewable energy projects supported through competitive procurements, for certain procurements, the Agency shall propose a process for post-award renegotiation of contract terms through its long-term renewable resources plan. Condemns the practice of conversion therapy on any population as unethical and fraudulent. Asserts that no licensed professional operating in the State of Illinois should engage in this practice, whether with minors or adults, as it violates the ethical standards of professional behavioral healthcare. Condemns conversion therapy as described herein, regardless of the target population or how the service is marketed or titled. Acknowledges that conversion therapy is not a legitimate form of therapy but is a dangerous and discredited practice that has no place in a professional setting, and that any professional engaging in such practices is in violation of the ethical guidelines governing their licensure. Encourages the Illinois Department of Public Health to launch a statewide public awareness campaign to educate communities about the harms of conversion therapy and its fraudulent nature, to collaborate with the Department of Financial and Professional Regulation to investigate and hold accountable practitioners offering conversion therapy under false pretenses, to develop guidelines for healthcare professionals to recognize, report, and prevent practices associated with conversion therapy, and to support outreach initiatives to connect survivors of conversion therapy with affirming mental health resources.

Declares it to be the public policy of Illinois that a child has the same rights and protections under law to parentage without regard to the marital status, age, gender, gender identity or sexual orientation of their parents, or the circumstances of the child's birth, including whether the child was born as a result of assisted reproduction or surrogacy. Changes the burden of proof for challenging a presumption of parentage from clear and convincing evidence to a preponderance of the evidence. Changes the venue provisions for a proceeding to adjudicate parentage and the related notice provisions in such a proceeding.
