

Rajarajeswari Heart Center (RRHC) & Rajarajeswari Medical College and Hospital

Trust

MOOGAMBIGAI CHARITABLE AND EDUCATIONAL TRUST was conceived in the Year 1992 with a specific purpose and commitment to establishing institutions of academic excellence, throughout Karnataka. Our main aim is to promote service minded, scientific tempered citizens of exemplary stature to serve the humanity.

MOTTO

To serve the healthcare needs to the medically unreached populations with quality medical, paramedical, nursing and allied healthcare education, excellent and compassionate hospital services with state of the art facilities and to carry out health research for the betterment of the humankind in tune with the holistic values of the institution.

Vision

High quality, comprehensive care to all, particularly mindful of the needs of the vulnerable populations through our integrated delivery system, in an ethically and financially responsible manner.

Rajarajeswari Heart Centre

DEDICATED CARDIAC CARE 24/7

Rajarajeswari Medical College & Hospital, Bangalore is ranked No.7 in Karnataka and No.30 in the list of Top Medical colleges in India. RRMCH stunningly achieved the prestigious 30th position in list of top colleges in India. Medical colleges were assessed on the parameters of faculty competence, faculty welfare and development, research and innovation, pedagogic systems, placement and infrastructure. RRMCH has been in the league of the top notch medical colleges in Karnataka from the beginning and now it is only behind other six top colleges in the state

Affordable care State of the art center

RRHC

Evolving at the same pace as the parent institution, RRHC has gained incredible achievements at short period. It started as a basic outpatient clinic with minimal diagnostic and critical care support, to today's advanced Interventional Cardiology department with latest state of the art diagnostic and interventional wing. It also gained its recognition for super specialty training in Cardiology by the Medical Council of India (MCI).

In short

- Advanced diagnostic center with 128 Slice Low radiation CT
- Full fledged interventional department.
- Advance Critical Cardiac Care
- Super specialty center for Cardiology training

PROFESSIONAL CONSULTANTS

All the staff and paramedical staff are well trained and hand picked . Regular educational seminars and conferences are conducted to keep updated with the latest in the industry.

Cardiac Catheterization Laboratory

Equipped with the latest & most advanced Siemens Cardiac Lab to cater high quality images.

The Interventional Cardiology wing is equipped to meet the challenges in various cardiac conditions. Ranging from routine to complex coronary angioplasties, peripheral, carotid and renal angioplasties, device closure, cardiac electrophysiology study and advance 3D mapping for complex arrhythmias with ablation, cardiac devices for various tachy-brady arrhythmias to complex devices for heart failure as in Cardiac Resynchronization therapy (CRT). Hence covering the entire spectrum of cardiac condition under single roof comparable with any international center.
