JoinNow WiFi Registration for Android

Before using the Zionsville Community Schools WiFi you must enroll your device using the "ZCS-Enrollment" network. You will be unable to browse the internet while connected to this network. Before you begin make sure your device is secured with a pin, password, fingerprint, etc.

1. Connect to the "**ZCS-Enrollment**" Wireless network
2. Open a browser and go to **abc.com**
3. Click "**Continue**" then click "**Download**"
4. Press "**Install**" and the app should auto launch
   a. If the app does not launch click "**Open**"
5. Enter your pin number, pattern, or fingerprint used to unlock your device
6. Select "**OK**" to install the certificate
7. Enter your ZCS credentials (same login used for Canvas) then "**Continue**"
8. The SecureW2 app will enroll your device and connect you to "**ZCS-WIFI2**"
