

CROYDE marLED E1 EXAMINATION LIGHT

High-quality illumination within a small footprint.

The mobile marLED E1 examination lamp is supplied with a flexible extension arm, integrated power supply unit, and mains plug.

It has a stable and secure base and is equipped with smooth anti-static rollers to secure the positioning of the light head.

The closed lamp body has excellent cleaning and disinfection properties which make it quick & easy to wipe clean.

The marLED® E1 examination light impresses with its slender design and professional light quality.

With its high-quality optics and innovative latest generation LEDs, it offers outstanding illumination and an excellent light field.

The low power consumption of the marLED® E1 means that it is extremely energy-efficient. The LEDs have a service life of up to 50,000 hours.

The ergonomic handle and robust flex arm enable the light head to rotate up to 280° to make positioning quick and easy

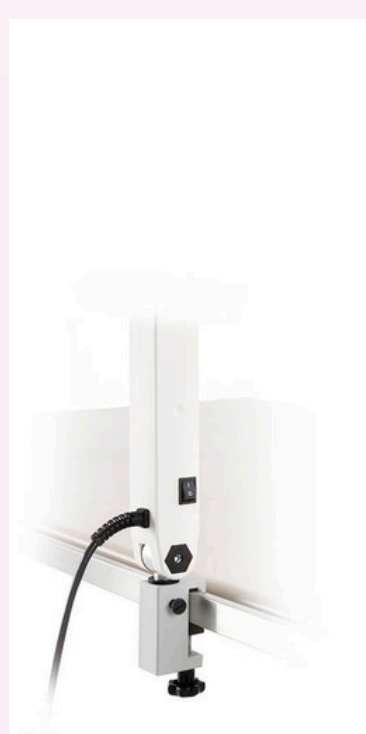

MOBILE BASE WITH SMALL FOOTPRINT

The mobile base of the light is stable, well balanced and durable with a radius footprint of just 350mm to make it easy to store.

The 5 * lockable castors and lightweight 8.7kg frame ensure that it can be easily positioned by just one person.

ALTERNATIVE CONFIGURATIONS

The light head is available in mobile, wall and ceiling-mounted versions.

The ergonomic handle on all models enables the comfortable and ergonomic positioning of the light head.
