LTL RECEIVING INSTRUCTIONS

We are committed to providing our customers lower shipping cost options. LTL shipping is one option we offer. For us to continue offering this valuable service to each and every one of our customers, we need your assistance. It is important that all of our customers requesting LTL delivery of their material are made aware of the necessary requirements. Please take a minute to read the following delivery instructions carefully.

- LTL Delivery Truck is similar to Conway Freight, UPS Freight, ect.
- Delivery location **MUST** be accessible by this size truck

PLEASE INITIAL THAT DELIVERY LOCATION IS ACCESSIBLE BY A TRUCK UP TO 45 FT IN LENGTH _____

- **Customer must be available to take delivery during normal business hours (7am to 5pm) Monday through Friday.**
- Truck does **NOT** come with a forklift.
- **This is curbside delivery and customer is responsible to provide forklift and/or sufficient manpower to unload (min 2 people able to lift 100 lbs each)**
- Material is shipped in protective crating made of wood, cardboard, nails, and metal banding..
- If crate exceeds 500 pounds and/or 8 ft in length; driver is not required to assist with unloading and it will be the customer's responsible to unload material from inside the trailer.
- Once truck arrives you will have 30 minutes to unload. A charge of \$65.00 for each additional hour will be charged to customer. If truck arrives and no one is there to unload, the customer **WILL BE RESPONSIBLE** for any freight charge back to Western States Metal Roofing, storage fees, and any re-delivery charges
- Before signing delivery receipt, customer is responsible to verify that all material has been received complete and without damages. Failure to note on delivery receipt at time of delivery will result in damage claim being denied and replacement material will be at customer's expense.
- If the driver is not willing to wait for you to check the shipment, please mark the following on the delivery receipt "Driver unwilling to stay and verify shipment contents and damage" and notify Western States Metal Roofing immediately
- Be very detailed when reporting the damage on the delivery receipt. The more information you provide on the delivery receipt insures that the damage claim will be approved. Take pictures of the material that is damaged. (Western States Decking takes pictures of the shipment prior to being loaded onto the truck and we take pictures when loaded on truck.) Send all pictures to jared@metaldeck.com, and reference your invoice number.
- If no damage has occurred and nothing is missing just sign the delivery receipt.

45 FT Total Length

THE FREIGHT RATE QUOTED WAS BASED ON ALL OF THE ABOVE CONDITIONS BEING MET. IF YOU HAVE SPECIFIC DELIVERY REQUIREMENTS OR IF FOR ANY REASON YOU ARE UNABLE TO ACCEPT THIS METHOD OF DELIVERY PLEASE CONTACT YOUR SALES PERSON TO OBTAIN A FREIGHT RATE BASED ON YOUR SPECIFIC NEEDS. PLEASE UNDERSTAND THERE WILL LIKELY BE ADDITIONAL COST AND OR FEES.

Western States Metal Roofing appreciates your help in keeping the shipping cost down.
