CRA PUBLIC NOTICE

Community Reinvestment Act Notice

Under the Federal Community Reinvestment Act (CRA), the Federal Deposit Insurance Corporation evaluates our record of helping to meet the credit needs of this community consistent with safe and sound operations. The FDIC also takes this record into account when deciding on certain applications submitted by us.

Your involvement is encouraged.

You are entitled to certain information about our operations and our performance under the CRA, including, for example, information about our branches, such as their location and services provided at them, the public section of our most recent CRA Performance Evaluation, prepared by the FDIC; and comments received from the public relating to our performance in helping to meet community credit needs, as well as our responses to those comments. You may review this information today.

At least 30 days before the beginning of each quarter, the FDIC publishes a nationwide list of the financial institutions that are scheduled for CRA examination in that quarter. This list is available from the Division Supervisor & Consumer Protection (DSC) Regional Director, 1601 Bryan Street, 38th Floor, Dallas, Texas 75201. You may send written comments about our performance in helping to meet community credit needs to Ms. Teresa Brown, at American Bank of Oklahoma, P.O. Box 66, Collinsville, Oklahoma 74021 and the Regional Manager of FDIC, 1601 Bryan Street, 38th Floor, Dallas, Texas 75201. Your letter, together with any response by us, will be considered by the FDIC in evaluating our CRA performance and may be made public.

You may ask to look at any comment received by the Division Supervisor & Consumer Protection Regional Manager. You may also request from the Regional Manager an announcement of our applications covered by the CRA filed with the FDIC. We are an affiliate of AmeriBank Holding Company, a bank holding company. You may request from the President of the Federal Reserve Bank of Kansas City, 1 Memorial Drive, Kansas City, MO 64198, an announcement of the applications covered by the CRA filed by bank holding companies.

CRA PERFORMANCE EVALUATION 2021

PUBLIC DISCLOSURE

May 6, 2024

COMMUNITY REINVESTMENT ACT PERFORMANCE EVALUATION

American Bank of Oklahoma Certificate Number: 34606

200 E Main Street Collinsville, Oklahoma 74021

Federal Deposit Insurance Corporation Division of Depositor and Consumer Protection Dallas Regional Office

> 600 North Pearl Street, Suite 700 Dallas, Texas 75201

This document is an evaluation of this institution's record of meeting the credit needs of its entire community, including low- and moderate-income neighborhoods, consistent with safe and sound operation of the institution. This evaluation is not, nor should it be construed as, an assessment of the financial condition of this institution. The rating assigned to this institution does not represent an analysis, conclusion, or opinion of the federal financial supervisory agency concerning the safety and soundness of this financial institution.

INSTITUTION RATING

INSTITUTION'S CRA RATING: This institution is rated Satisfactory.

An institution in this group has a satisfactory record of helping to meet the credit needs of its assessment areas (AA), including low- and moderate-income neighborhoods, in a manner consistent with its resources and capabilities.

- The loan-to-deposit (LTD) ratio is more than reasonable (considering seasonal variations and taking into account lending-related activities) given the institution's size, financial condition, and AAs' credit needs.
- A majority of loans are inside the institution's AAs.
- The geographic distribution of loans reflects reasonable dispersion throughout the AAs.
- The distribution of borrowers reflects, given the demographics of the AAs, reasonable penetration among individuals of different income levels (including low and moderate income) and businesses of different sizes.
- The institution did not receive any Community Reinvestment Act (CRA)-related complaints since the previous evaluation; therefore, this criterion did not affect the rating.

DESCRIPTION OF INSTITUTION

American Bank of Oklahoma (ABO) maintains its headquarters in Collinsville, Oklahoma. AmeriBank Holding Company, Inc., a one-bank holding company also located in Collinsville, wholly owns the bank. ABO received a Needs to Improve rating during the previous Federal Deposit Insurance Corporation (FDIC) Performance Evaluation, dated January 26, 2021, using Small Institution Procedures.

ABO operates six full-service offices and four loan production offices (LPO) within two designated AAs located in the State of Oklahoma. The bank closed one temporary branch located in a middle-income census tract in Langley, Oklahoma since the prior evaluation. ABO did not open any branches or experience any merger or acquisition activity since the prior evaluation. Branch hours and days of service remain consistent with area and industry norms.

ABO offers a variety of loan products, including commercial, home mortgage, agricultural, and consumer loans, primarily focusing on commercial and home mortgage lending. Deposit products include checking, savings, money market, and certificate of deposit accounts. Alternative delivery systems include internet banking, mobile banking, and six automated teller machines (ATMs).

As of the December 31, 2023, Reports of Condition and Income, ABO reported total assets of \$364.1 million, total loans of \$297.4 million, and total deposits of \$294.4 million. Since the prior evaluation, total assets increased by 4.5 percent, total loans increased by 7.5 percent, and total deposits increased by 2.3 percent. As presented in the following table, the mix of outstanding loans

as of December 31, 2023, reflects a distribution supportive of the institution's business focus, with commercial loans representing the largest portion followed by home mortgage loans.

| Loan Portfolio Distribution as | of 12/31/2023 | |
|---|---------------|-------|
| Loan Category | \$(000s) | % |
| Construction, Land Development, and Other Land Loans | 44,265 | 14.9 |
| Secured by Farmland | 5,765 | 1.9 |
| Secured by 1-4 Family Residential Properties | 41,686 | 14.0 |
| Secured by Multifamily (5 or more) Residential Properties | 423 | 0.1 |
| Secured by Nonfarm Nonresidential Properties | 85,394 | 28.7 |
| Total Real Estate Loans | 177,533 | 59.6 |
| Commercial and Industrial Loans | 71,282 | 24.0 |
| Agricultural Production and Other Loans to Farmers | 10,893 | 3.7 |
| Consumer Loans | 29,836 | 10.0 |
| Obligations of State and Political Subdivisions in the U.S. | 0 | 0.0 |
| Other Loans | 3,425 | 1.2 |
| Lease Financing Receivable (net of unearned income) | 4,438 | 1.5 |
| Less: Unearned Income | 0 | 0.0 |
| Total Loans | 297,407 | 100.0 |
| Source: Reports of Condition and Income. Due to rounding, totals may not equal 10 | 00.0. | |

Examiners did not identify any financial, legal, or other impediments that affect the institution's ability to meet its AAs' credit needs.

DESCRIPTION OF ASSESSMENT AREAS

The CRA requires each financial institution to define one or more AAs within which its CRA performance will be evaluated. ABO designated the following two Oklahoma AAs: a portion of the Tulsa Metropolitan Statistical Area (MSA) and a portion of the Oklahoma Non-MSA. The AAs meet the technical requirements of the CRA. The following table provides additional details regarding the composition of each AA. Refer to the individual AA sections for additional information.

| | Description of Assessment Areas | | | | | | | |
|--|---------------------------------|-----|---|--|--|--|--|--|
| Assessment AreaCounties in Assessment Area# of CTs | | | | | | | | |

SCOPE OF EVALUATION

General Information

This evaluation covers the period from the prior evaluation dated January 26, 2021, to the current evaluation dated May 6, 2024. To evaluate performance, examiners applied the CRA Small Bank Procedures, which include the Lending Test. The appendix lists the test's criteria.

Examiners applied full-scope procedures to the Tulsa MSA AA, as this area contains a majority of lending and deposit activity. Examiners used limited-scope procedures for the Oklahoma Non-MSA AA since this area received a full-scope review at the prior evaluation and it contains a slightly lower proportion of the institution's lending and deposit activity. As such, the Tulsa MSA AA received more weight than the Oklahoma Non-MSA AA when drawing conclusions. The following table shows the breakdown of the activities in each AA.

| Assessment Area Breakdown of Loans, Deposits, and Branches | | | | | | | | | | |
|--|----------|-------|----------|-------|----------|-------|--|--|--|--|
| | Loa | ins | Depo | osits | Branches | | | | | |
| Assessment Area | \$(000s) | % | \$(000s) | % | # | % | | | | |
| Tulsa MSA AA | 75,182 | 54.2 | 193,251 | 61.7 | 2 | 33.3 | | | | |
| Oklahoma Non-MSA AA | 63,429 | 45.8 | 119,859 | 38.3 | 4 | 66.7 | | | | |

Activities Reviewed

CRA Small Institution Procedures require examiners to determine the bank's major product lines for review. Examiners may select from among the same loan categories used for Large Bank CRA evaluations, including home mortgage, small business, small farm, and consumer loans. The following table details ABO's originations and purchases over the most recent completed calendar year by loan type.

| Loans Or | iginated or Purch | ased | | |
|---|-------------------|-------|-------|-------|
| Loan Category | \$(000s) | % | # | % |
| Construction and Land Development | 37,539 | 19.5 | 125 | 8.1 |
| Secured by Farmland | 968 | 0.5 | 4 | 0.3 |
| Secured by 1-4 Family Residential Properties | 77,296 | 40.1 | 349 | 22.6 |
| Multi-Family (5 or more) Residential Properties | 0 | 0.0 | 0 | 0.0 |
| Commercial Real Estate Loans | 27,544 | 14.3 | 87 | 5.6 |
| Commercial and Industrial Loans | 30,939 | 16.0 | 272 | 17.6 |
| Agricultural Loans | 2,555 | 1.3 | 65 | 4.2 |
| Consumer Loans | 15,840 | 8.2 | 642 | 41.5 |
| Other Loans | 289 | 0.2 | 3 | 0.2 |
| Total Loans | 192,970 | 100.0 | 1,547 | 100.0 |
| Source: 2023 Bank Data. Due to rounding, totals may not equal | 100.0. | | • | |

Considering the dollar volume and number of loans originated or purchased during 2023, as well as management's stated business strategy, examiners determined that the bank's major product lines consist of home mortgage and commercial loans. Since the other categories typically reviewed for CRA do not represent major product lines, considering both number and dollar volume, they would not materially affect any conclusions or the rating. Therefore, this evaluation does not include a review of small farm or consumer loans. Bank records indicate the lending focus and product mix remained generally consistent throughout the evaluation period.

ABO reports home mortgage loans pursuant to the Home Mortgage Disclosure Act (HMDA). Therefore, this evaluation includes a review of home mortgage loans reported on the bank's HMDA Loan Application Register (LAR) since the prior evaluation, as follows:

- 2021: 780 home mortgage loans totaling \$164.3 million,
- 2022: 656 home mortgage loans totaling \$149.6 million, and
- 2023: 366 home mortgage loans totaling \$83.3 million.

Although lending volume declined during the review period, examiners did not identify any significant trends in performance between the different years' data that materially affects applicable conclusions or ratings. Therefore, the geographic distribution and borrower profile analyses present home mortgage loan data for 2022, the most recent year for which aggregate data exists. However, the Assessment Area Concentration presents home mortgage loan data for all years reviewed. Examiners primarily compared the bank's home mortgage lending to aggregate data in 2021 and 2022 and 2020 U.S. Census Data for home mortgage lending in 2023.

This evaluation also includes a review of the universe of 348 small business loans totaling \$42.0 million originated or purchased in 2023, which represents the most recent completed calendar year of available data. Since readily available gross annual revenue data did not exist for the universe of loans, examiners selected a sample of 58 small business loans totaling approximately \$7.0 million originated inside the AAs to evaluate the borrower profile criterion. D&B data for 2023 provided a standard of comparison for small business loans.

Examiners considered the universes by dollar volume and number of loans originated as well as management's stated business strategy to determine the loan product weighting when arriving at overall conclusions. The following table shows that home mortgage loans represent a majority by both number and dollar volume of the loan categories reviewed. Therefore, home mortgage loans received slightly more weight when drawing conclusions.

| | Loan Products Reviewed | | | | | | | | | | |
|-----------------------------|------------------------|-------|----------|-------|--|--|--|--|--|--|--|
| Lean Category | Universe | | | | | | | | | | |
| Loan Category | # | % | \$(000s) | % | | | | | | | |
| Home Mortgage | 366 | 51.3 | 83,265 | 66.5 | | | | | | | |
| Small Business | 348 | 48.7 | 41,952 | 33.5 | | | | | | | |
| Total Loans | 714 | 100.0 | 125,217 | 100.0 | | | | | | | |
| Source: 2023 HMDA LAR; 2023 | Bank Data. | | | | | | | | | | |

While the evaluation presents both the number and dollar volume of loans, examiners emphasized performance by number of loans when arriving at conclusions for individual performance factors because the number of loans better indicates the number of individuals and businesses served.

CONCLUSIONS ON PERFORMANCE CRITERIA

LENDING TEST

ABO demonstrated satisfactory performance regarding the Lending Test. Reasonable records regarding geographic distribution and borrower profile, a majority of loans originated inside the AAs, and a more than reasonable LTD ratio support this conclusion.

Loan-to-Deposit Ratio

ABO's LTD ratio is more than reasonable (considering seasonal variations and taking into account lending-related activities) given the institution's size, financial condition, and AAs' credit needs. The LTD ratio, calculated from Reports of Condition and Income data, averaged 90.3 percent over the past 12 quarters, from March 31, 2021, to December 31, 2023, representing a decrease from the 100.6 percent average LTD at the prior evaluation. The ratio ranged from a high of 99.8 percent on December 31, 2023, to a low of 82.7 percent as of June 30, 2021.

Examiners identified and listed in the following table three comparable institutions operating in the AAs with similar asset sizes and lending emphases. As illustrated, ABO reported the highest average net LTD ratio compared to the similar institutions.

| Loan-to-Deposit (LTD) Ratio Comparison | | | | | | | | | |
|---|--|---------------------------------|--|--|--|--|--|--|--|
| Bank | Total Assets as of 12/31/2023 (\$000s) | Average Net LTD Ratio (%) | | | | | | | |
| American Bank of Oklahoma, Collinsville, OK | 364,074 | 90.3 | | | | | | | |
| AVB Bank, Broken Arrow, OK | 499,769 | 80.5 | | | | | | | |
| Local Bank, Hulbert, OK | 338,007 | 69.6 | | | | | | | |
| First Pryority Bank, Pryor, OK | 417,111 | 89.2 | | | | | | | |
| Source: Reports of Condition and Income 3/31/2021 - 12/31/2023. | · | | | | | | | | |

Assessment Area Concentration

A majority of loans are inside the institution's AAs. As reflected in the following table, a majority of home mortgage loans, by both number and dollar, originated in the AAs outweighs a substantial majority of small business loans, by both number and dollar, originated within the AAs to support this conclusion.

| | | Number | of Loans | 8 | - | Dollars | Amount | of Loans S | §(000s) | |
|----------------|--------|--------|----------|------|------------|---------|--------|------------|---------|---------------------|
| Loan Category | Inside | | Outside | | Total # | Inside | | Outside | | Total - \$(000s) |
| | # | % | # | % | # | \$ | % | \$ | % | - \$(000S) |
| Home Mortgage | | | | | - | | | | | |
| 2021 | 671 | 86.0 | 109 | 14.0 | 780 | 134,764 | 82.0 | 29,568 | 18.0 | 164,332 |
| 2022 | 563 | 85.8 | 93 | 14.2 | 656 | 126,479 | 84.5 | 23,147 | 15.5 | 149,626 |
| 2023 | 313 | 85.5 | 53 | 14.5 | 366 | 68,632 | 82.4 | 14,633 | 17.6 | 83,265 |
| Subtotal | 1,547 | 85.8 | 255 | 14.2 | 1,802 | 329,875 | 83.0 | 67,348 | 17.0 | 397,223 |
| Small Business | 323 | 92.8 | 25 | 7.2 | 348 | 36,449 | 86.9 | 5,503 | 13.1 | 41,952 |

Geographic Distribution

The geographic distribution of loans reflects reasonable penetration throughout the AAs. Reasonable performance in both AAs supports this conclusion. Examiners considered the loan product types reviewed relative to the available comparative data and any performance context issues when arriving at conclusions. Examiners focused on the percentage by number of loans in low- and moderate-income census tracts when arriving at conclusions for this performance factor. Refer to the individual AA sections for details.

Borrower Profile

The distribution of borrowers reflects, given the demographics of the AAs, reasonable penetration among individuals of different income levels (including low and moderate income) and businesses of different sizes. Reasonable performance in both AAs supports this conclusion. Examiners focused on the percentage by number of loans to low- and moderate-income individuals and to

businesses with gross annual revenue of \$1 million or less when arriving at conclusions for this performance factor. Refer to the individual AA sections for details.

Response to Complaints

The institution did not receive any CRA-related complaints since the previous evaluation; therefore, this criterion did not affect the rating.

DISCRIMINATORY OR OTHER ILLEGAL CREDIT PRACTICES REVIEW

The bank's compliance with the laws relating to discrimination and other illegal credit practices was reviewed, including the Fair Housing Act and the Equal Credit Opportunity Act. Examiners did not identify any discriminatory or other illegal credit practices.

TULSA MSA AA - Full-Scope Review

DESCRIPTION OF INSTITUTION'S OPERATIONS IN TULSA MSA AA

According to the 2020 U.S. Census Data, the Tulsa MSA AA includes all 274 census tracts within Osage, Rogers, Tulsa, and Wagoner counties in northeastern Oklahoma. These counties represent four of the seven counties that comprise the entire Tulsa MSA. ABO operates two full-service branches, two ATMs, and three LPOs in this AA. Delivery systems and range of products and services remain consistent with those discussed previously for the institution as a whole.

Economic and Demographic Data

The AA's census tracts reflect the following income designations based on 2020 U.S. Census Data: 14 low-, 79 moderate-, 86 middle-, and 94 upper-income census tracts as well as 1 census tract with no income designation. The following table illustrates select demographic, housing, and business information for the Tulsa MSA AA.

| Demo | • | ormation of th Fulsa MSA A | he Assessment | Area | | |
|---|----------|--|-----------------------------|------------------|-----------------|---------------|
| Demographic Characteristics | # | Low % of # | Moderate % of # | Middle % of # | Upper % of # | NA* % of # |

Examiners used the applicable Federal Financial Institutions Examination Council (FFIEC)-updated median family income levels to analyze home mortgage loans under the borrower profile criterion. The following table presents the low-, moderate-, middle-, and upper-income ranges based on 2022 FFIEC-updated median family income of \$81,300 for the Tulsa MSA.

| Median Family Income Ranges – Tulsa, OK MSA | | | | | | | |
|---|-------------|-------------------------|------------------------|----------------|--|--|--|
| Median Family Incomes | Low <50% | Moderate 50% to <80% | Middle 80% to <120% | Upper ≥120% | | | |
| 2022 (\$81,300) | <\$40,650 | \$40,650 to <\$65,040 | \$65,040 to <\$97,560 | ≥\$97,560 | | | |
| Source: FFIEC. | | | | | | | |

Competition

The AA reflects a fairly low competition level for financial services, considering the AA's population. According to the FDIC Deposit Market Share data as of June 30, 2023, 53 financial institutions operate 238 offices in the AA. Of these institutions, ABO ranked 30th with 0.6 percent of the area's deposit market share.

Community Contact

As part of the evaluation process, examiners contact third parties active in the AA to assist in identifying the credit and community needs. This information helps determine local financial institutions' responsiveness to these needs and shows available credit and community development opportunities.

Examiners conducted a community contact with a member from an economic development organization serving the AA. The contact indicated the local economy continues to improve and grow due to an increasing population. The contact stated housing and new businesses represent the primary credit needs of the community. In addition, the contact stated that local banks remain involved in the community and appropriately serve the credit needs.

Credit Needs

Considering information from bank management, the community contact, as well as demographic and economic data, examiners determined that home mortgage and small business lending represent the primary credit needs for the AA.

CONCLUSIONS ON PERFORMANCE CRITERIA IN TULSA MSA AA

LENDING TEST

ABO demonstrated a satisfactory record in the Tulsa MSA AA regarding the Lending Test. Reasonable geographic distribution and borrower profile records support this conclusion.

Geographic Distribution

The geographic distribution of loans reflects reasonable penetration throughout the Tulsa MSA AA. Reasonable performance regarding home mortgage loans sufficiently outweighs poor performance regarding small business loans to support this conclusion.

Home Mortgage Loans

The geographic distribution of home mortgage loans reflects reasonable penetration throughout the Tulsa MSA AA. Reasonable performance in low- and moderate-income census tracts supports this conclusion. The following table shows ABO's level of lending slightly trails aggregate data by 0.8 percentage points in low-income census tracts and 3.1 percentage points in moderate-income census tracts, both of which evidence reasonable performance.

| | Geog | raphic Distributi Tuls | ion of Home M sa MSA AA | lortgage Loans | | |
|-----------------------|--|------------------------------------|----------------------------|----------------|----------|-------|
| Tract Income Level | % of Owner- Occupied Housing Units | Aggregate Performance % of # | # | % | \$(000s) | % |
| Low | 2.9 | 1.4 | 2 | 0.6 | 169 | 0.2 |
| Moderate | 21.3 | 17.5 | 47 | 14.4 | 8,032 | 9.8 |
| Middle | 34.1 | 32.3 | 124 | 37.9 | 26,660 | 32.4 |
| Upper | 41.7 | 48.7 | 154 | 47.1 | 47,485 | 57.7 |
| Not Available | 0.0 | 0.0 | 0 | 0.0 | 0 | 0.0 |
| Total | 100.0 | 100.0 | 327 | 100.0 | 82,346 | 100.0 |

Small Business Loans

The geographic distribution of small business loans reflects poor penetration throughout the Tulsa MSA AA. Poor performance in moderate-income census tracts outweighs reasonable performance in low-income census tracts to support this conclusion. As seen in the following table, ABO's lending in low-income census tracts trails demographic data by 1.9 percentage points, which reflects reasonable performance. In moderate-income census tracts, ABO's lending trails demographic data by 9.1 percentage points, reflective of poor performance. Examiners placed more weight on performance in moderate-income census tracts when arriving at an overall conclusion given the larger percentage of businesses located in these areas indicating a likely greater opportunity to lend.

| Geographic Distribution of Small Business Loans Tulsa MSA AA | | | | | | | | |
|---|------------------------------|---------------------|-------------|----------|-------|--|--|--|
| Tract Income Level | % of Businesses | # | % | \$(000s) | % | | | |

Borrower Profile

The distribution of borrowers reflects, given the demographics of the AA, reasonable penetration among individuals of different income levels (including low and moderate income) and businesses of different sizes. Reasonable performance regarding home mortgage loans outweighs excellent performance regarding small business loans to support this conclusion.

Home Mortgage Loans

The distribution of borrowers reflects, given the demographics of the AA, reasonable penetration among individuals of different income levels. The following table shows the bank's lending to low-income borrowers trails aggregate data by 2.4 percentage points, reflecting a reasonable level. The table further shows ABO's lending to moderate-income borrowers exceeds aggregate data by 4.2 percentage points, which remains within a reasonable range.

| Distribution of Home Mortgage Loans by Borrower Income Level Tulsa MSA AA | | | | | | | | |
|--|------------------|------------------------------------|-----|-------|----------|-------|--|--|
| Borrower Income Level | % of Families | Aggregate Performance % of # | # | % | \$(000s) | % | | |

Small Business Loans

The distribution of borrowers reflects, given the demographics of the AA, excellent penetration among businesses of different sizes. As shown in the following table, ABO originated more than 9 out of every 10 small business loans to businesses with gross annual revenues of \$1 million or less, which reflects excellent performance.

| Distribution of Small Business Loans by Gross Annual Revenue Category Tulsa MSA AA | | | | | | | | |
|---|-----------------|----|-------|----------|-------|--|--|--|

OKLAHOMA NON-MSA AA - Limited-Scope Review

DESCRIPTION OF INSTITUTION'S OPERATIONS IN OKLAHOMA NON-MSA AA

The Oklahoma Non-MSA AA includes all of Cherokee, Craig, Delaware, Mayes, Muskogee, Nowata, and Washington counties. The bank operates four full-service branches, four ATMs, and one LPO within the AA.

The AA's census tracts reflect the following income designations based on 2020 U.S. Census Data: 2 low-, 13 moderate-, 53 middle-, and 11 upper-income census tracts. The following table illustrates select demographic, housing, and business information for the Oklahoma Non-MSA AA.

| Demographic Information of the Assessment Area Oklahoma Non-MSA AA | | | | | | | | | |
|---|---------|---------------|--|------------------|-----------------|-----------------------------|--|--|--|

*The NA category consists of geographies that have not been assigned an income classification.

CONCLUSIONS ON PERFORMANCE CRITERIA IN OKLAHOMA NON-MSA AA

The institution's performance in the Oklahoma Non-MSA AA is consistent with the institution's lending performance overall.

Geographic Distribution

Home Mortgage Loans

| Geographic Distribution of Home Mortgage Loans Oklahoma Non-MSA AA | | | | | | | | |

APPENDICES

SMALL BANK PERFORMANCE CRITERIA

Lending Test

The Lending Test evaluates the bank's record of helping to meet the credit needs of its assessment area(s) by considering the following criteria:

- The bank's loan-to-deposit ratio, adjusted for seasonal variation, and, as appropriate, other lending-related activities, such as loan originations for sale to the secondary markets, community development loans, or qualified investments;
- 2) The percentage of loans, and as appropriate, other lending-related activities located in the bank's assessment area(s);
- 3) The geographic distribution of the bank's loans;
- 4) The bank's record of lending to and, as appropriate, engaging in other lending-related activities for borrowers of different income levels and businesses and farms of different sizes; and
- 5) The bank's record of taking action, if warranted, in response to written complaints about its performance in helping to meet credit needs in its assessment area(s).

GLOSSARY

Aggregate Lending: The number of loans originated and purchased by all reporting lenders in specified income categories as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

American Community Survey (ACS): A nationwide United States Census survey that produces demographic, social, housing, and economic estimates in the form of five year estimates based on population thresholds.

Area Median Income: The median family income for the MSA, if a person or geography is located in an MSA; or the statewide nonmetropolitan median family income, if a person or geography is located outside an MSA.

Assessment Area: A geographic area delineated by the bank under the requirements of the Community Reinvestment Act.

Census Tract: A small, relatively permanent statistical subdivision of a county or equivalent entity. The primary purpose of census tracts is to provide a stable set of geographic units for the presentation of statistical data. Census tracts generally have a population size between 1,200 and 8,000 people, with an optimum size of 4,000 people. Census tract boundaries generally follow visible and identifiable features, but they may follow nonvisible legal boundaries in some instances. State and county boundaries always are census tract boundaries.

Combined Statistical Area (CSA): A combination of several adjacent metropolitan statistical areas or micropolitan statistical areas or a mix of the two, which are linked by economic ties.

Consumer Loan(s): A loan(s) to one or more individuals for household, family, or other personal expenditures. A consumer loan does not include a home mortgage, small business, or small farm loan. This definition includes the following categories: motor vehicle loans, credit card loans, home equity loans, other secured consumer loans, and other unsecured consumer loans.

Core Based Statistical Area (CBSA): The county or counties or equivalent entities associated with at least one core (urbanized area or urban cluster) of at least 10,000 population, plus adjacent counties having a high degree of social and economic integration with the core as measured through commuting ties with the counties associated with the core. Metropolitan and Micropolitan Statistical Areas are the two categories of CBSAs.

Family: Includes a householder and one or more other persons living in the same household who are related to the householder by birth, marriage, or adoption. The number of family households always equals the number of families; however, a family household may also include non-relatives living with the family. Families are classified by type as either a married-couple family or other family. Other family is further classified into "male householder" (a family with a male householder and no wife present) or "female householder" (a family with a female householder and no husband present).

FFIEC-Estimated Income Data: The Federal Financial Institutions Examination Council (FFIEC) issues annual estimates which update median family income from the metropolitan and nonmetropolitan areas. The FFIEC uses American Community Survey data and factors in information from other sources to arrive at an annual estimate that more closely reflects current economic conditions.

Full-Scope Review: A full-scope review is accomplished when examiners complete all applicable interagency examination procedures for an assessment area. Performance under applicable tests is analyzed considering performance context, quantitative factors (e.g., geographic distribution, borrower profile, and total number and dollar amount of investments), and qualitative factors (e.g., innovativeness, complexity, and responsiveness).

Geography: A census tract delineated by the United States Bureau of the Census in the most recent decennial census.

Home Mortgage Disclosure Act (HMDA): The statute that requires certain mortgage lenders that do business or have banking offices in a metropolitan statistical area to file annual summary reports of their mortgage lending activity. The reports include such data as the race, gender, and the income of applicants; the amount of loan requested; and the disposition of the application (approved, denied, and withdrawn).

Home Mortgage Loans: Includes closed-end mortgage loans or open-end line of credits as defined in the HMDA regulation that are not an excluded transaction per the HMDA regulation.

Housing Unit: Includes a house, an apartment, a mobile home, a group of rooms, or a single room that is occupied as separate living quarters.

Limited-Scope Review: A limited scope review is accomplished when examiners do not complete all applicable interagency examination procedures for an assessment area. Performance under applicable tests is often analyzed using only quantitative factors (e.g., geographic distribution, borrower profile, total number and dollar amount of investments, and branch distribution).

Low-Income: Individual income that is less than 50 percent of the area median income, or a median family income that is less than 50 percent in the case of a geography.

Market Share: The number of loans originated and purchased by the institution as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

Median Income: The median income divides the income distribution into two equal parts, one having incomes above the median and other having incomes below the median.

Metropolitan Division (MD): A county or group of counties within a CBSA that contain(s) an urbanized area with a population of at least 2.5 million. A MD is one or more main/secondary

counties representing an employment center or centers, plus adjacent counties associated with the main/secondary county or counties through commuting ties.

Metropolitan Statistical Area (MSA): CBSA associated with at least one urbanized area having a population of at least 50,000. The MSA comprises the central county or counties or equivalent entities containing the core, plus adjacent outlying counties having a high degree of social and economic integration with the central county or counties as measured through commuting.

Middle-Income: Individual income that is at least 80 percent and less than 120 percent of the area median income, or a median family income that is at least 80 and less than 120 percent in the case of a geography.

Moderate-Income: Individual income that is at least 50 percent and less than 80 percent of the area median income, or a median family income that is at least 50 and less than 80 percent in the case of a geography.

Multi-family: Refers to a residential structure that contains five or more units.

Nonmetropolitan Area (also known as **non-MSA**): All areas outside of metropolitan areas. The definition of nonmetropolitan area is not consistent with the definition of rural areas. Urban and rural classifications cut across the other hierarchies. For example, there is generally urban and rural territory within metropolitan and nonmetropolitan areas.

Owner-Occupied Units: Includes units occupied by the owner or co-owner, even if the unit has not been fully paid for or is mortgaged.

Rated Area: A rated area is a state or multistate metropolitan area. For an institution with domestic branches in only one state, the institution's CRA rating would be the state rating. If an institution maintains domestic branches in more than one state, the institution will receive a rating for each state in which those branches are located. If an institution maintains domestic branches in two or more states within a multistate metropolitan area, the institution will receive a rating for the multistate metropolitan area.

Rural Area: Territories, populations, and housing units that are not classified as urban.

Small Business Loan: A loan included in "loans to small businesses" as defined in the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of \$1 million or less and are either secured by nonfarm nonresidential properties or are classified as commercial and industrial loans.

Small Farm Loan: A loan included in "loans to small farms" as defined in the instructions for preparation of the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of \$500,000 or less and are either secured by farmland, including farm residential and other improvements, or are classified as loans to finance agricultural production and other loans to farmers.

Upper-Income: Individual income that is 120 percent or more of the area median income, or a median family income that is 120 percent or more in the case of a geography.

Urban Area: All territories, populations, and housing units in urbanized areas and in places of 2,500 or more persons outside urbanized areas. More specifically, "urban" consists of territory, persons, and housing units in places of 2,500 or more persons incorporated as cities, villages, boroughs (except in Alaska and New York), and towns (except in the New England states, New York, and Wisconsin).

"Urban" excludes the rural portions of "extended cities"; census designated place of 2,500 or more persons; and other territory, incorporated or unincorporated, including in urbanized areas.

HOME MORTGAGE DISCLOSURE ACT NOTICE

Home Mortgage Disclosure Act (HMDA) Notice

The Home Mortgage Disclosure Act (HMDA) data about our residential mortgage lending are available online for review. The data shows the geographic distribution of loans and applications; ethnicity, race, sex, age, and income of applicants and borrowers; and information about loan approvals and denials. HMDA data for many other financial institutions are also available online.

For more information, visit the Consumer Financial Protection Bureau's website at <u>https://www.consumerfinance.gov/data-research/hmda/</u>.
