care & cleaning: **FRONTS:**
We recommend using a soft cloth to wipe the surface. If necessary, use a delicate cleaning agent that is recommended for wooden surfaces. Do not use agents containing ammonia, alcohol, bleach, or substances with abrasive properties. If, by accident, something spills, immediately wipe clean to avoid stains.

FEET & COIN SCREWS:
Wipe with a damp cloth with no loose hairs, avoid using chemicals. Please note all finishes are prone to ageing.

fyi: Thick walled extruded aluminium and steel frame brought together with precision by engineered corner pieces. It's finished with an ultra durable, double layer of textured powder coat to give the frame a sharp look that's underscored by an unrivalled choice of robust materials.

care & cleaning: **STAINLESS STEEL:**
Please note, due to the directional brushing, stainless steel is prone to scratch marks initially.

DEKTON PORCELAIN:
For everyday, routine cleaning, simply wipe the surface with a damp cloth and warm soapy water, a mild detergent, or a quality spray to maintain its lustre. Thoroughly dry with a soft cloth or paper towel. For consistent shine, wipe worktops in a broad circular motion.

product image:

fyi: Dekton is a carbon neutral ultra compact porcelain surface, chosen for its unrivalled quality, durability and strength over time. The aesthetics of natural stone that goes beyond nature achieving the highest product performance.

CAST

Our rough-cast process uses solid and molten metal to create an aesthetic that's truly original. Thanks to the nature of the casting process, no two pieces are the same.

SCRAMBLER GREEN

CROSS

Our signature cross-knurl pattern is diamond-cut into 20mm diameter solid bar and inspired by machinery. Industrial in look and scale this knurl feels amazing under touch. The cross-knurl is accompanied by our signature solid metal coin screws.

OFF-BLACK

LINEAR

Our linear-knurl pattern is machined into 12mm diameter solid bar and inspired by fashion accessory hardware. Elegant in look and scale this knurl is beautifully refined. The linear-knurl is accompanied by machined torx screws.

Mixer taps are tested to work with a max. pressure of 10 bar (1000 kPa) and recommended working pressure range is 1.0 – 5.0 bar (100 kPa – 500 kPa). All Buster + Punch mixer taps conform to standard EN817. In some cases, local housing regulations may require mixer taps to be of a higher minimum water pressure standard. In this instance we would recommend consulting with a certified plumber about installing a pressure regulator or similar device.

The Buster + Punch kitchen tap is a monument piece that incorporates all we stand for. Solid metals, signature knurls, enhanced function and unique styling.

OFF-BLACK

CURATED LOOK BY MASSIMO BUSTER MINALE

tone: **DARK**

A kitchen designed around Buster + Punch's hardware. With the style and attitude to match.

We've taken inspiration from professional chefs' kitchens for a freestanding design that opens up a space and lets it breathe. The flexibility of this design means it will adapt to how you live now and in the years to come.

In this curated look, Massimo Buster Minale, founder and creative director of Buster + Punch, runs with a black monotone theme. The result is a dramatic space with timeless modernity.

"THE BUSTER + PUNCH KITCHEN IS ADAPTABLE, USABLE, AND FEELS LIKE IT'S BEEN MACHINED FROM ONE SOLID PIECE OF METAL AND STONE."

hardware: **CROSS**
finish: **SMOKED BRONZE**

Smoked bronze hardware in cross-knurl creates a dramatic, deeply nuanced look.

fronts: **OFF-BLACK**

Off-black cabinet fronts are slightly matt to the touch, coated with five layers of super-hardwearing fingermark-resistant lacquer.

frame: **BLACK / STEEL**

The extruded aluminium and steel frame has an identical corner radius to the worktop, a detail that's incredibly hard to execute and rarely seen in kitchen design.

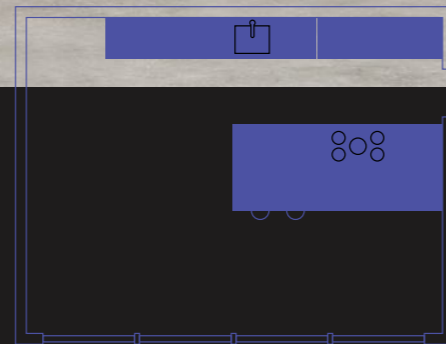

worktop: **DEKTON BROMO**

Edge-to-edge porcelain worktop with soft bevelled edges, 3 mm shadow gap, and matching corner radius.

SCRAMBLER GREEN

CURATED LOOK BY MASSIMO BUSTER MINALE

tone: **MID**

Off-beat and enthralling from every angle, this kitchen look explores the soft, mid-tone Scrambler Green.

Experiencing a stellar chef in the kitchen is a poetry of motion, knowledge and skill. Larger spaces like this are the perfect arena to don your chef's hat, sharpen your knives and play to an audience.

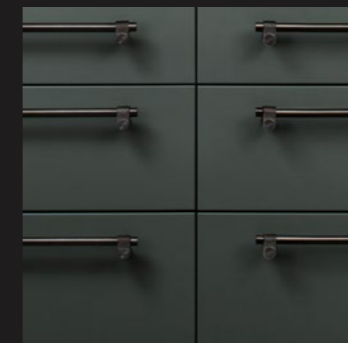

This curated look has wide expansive worktops, plus vast storage options to put condiments, seasonings, utensils and tools close to hand when needed. Details definitely make this dish.

"THE RIGHT DETAILS
SET THE FOUNDATION
FOR A COHERENT AND
STRONG AESTHETIC."

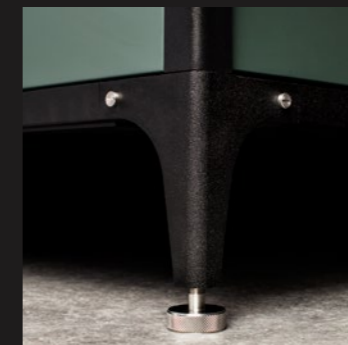

hardware: **CAST**
finish: **GUN METAL**

Using a rough-casting process, every piece of hardware in the cast range is unique and original.

fronts: **SCRAMBLER GREEN**

Scrambler green is a real chameleon hue. Under an array of spotlights it's bright and airy, yet tone the lights down low and it takes on a dramatic feel. Never a dull moment with this colourway.

frame: **BLACK / STEEL**

Sharp stainless steel details against the matt black frame. A powerful combination.

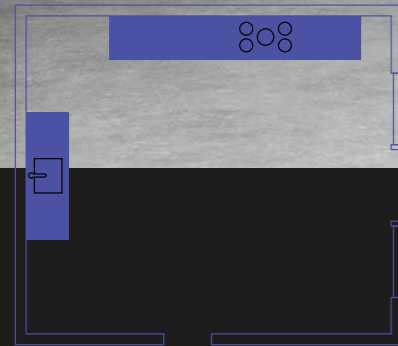

worktop: **STAINLESS STEEL**

A gently brushed stainless steel worktop any chef would be proud to square up to.

STONE GREY

CURATED LOOK BY MASSIMO BUSTER MINALE

tone: **LIGHT**

Refined and elegant, marrying function with rich, warm detailing to balance out the white colour palette.

This curated look is perfect for a slimline floor plan, with the freestanding units in a simple row giving the impression of being in a much larger space.

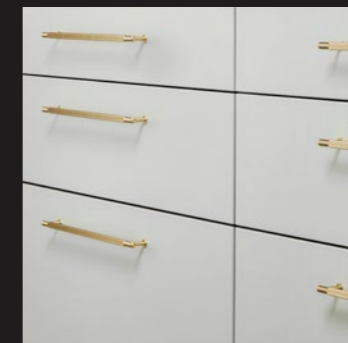

“CLEAN AND CRISP WITH THE GLOWING TACTILITY OF OUR BRASS HARDWARE. A LOOK THAT LINGERS IN THE MIND AND LIGHTS THE SOUL.”

hardware: **LINEAR**
finish: **BRASS**

It's impossible to ignore the warm glow of brass hardware. Here in a linear-knurl with its elegant proportions.

fronts: **STONE GREY**

A vibrant grey with a positive, infectious personality. Contemporary yet classic and very adaptable to different styling intentions.

frame: **STONE / BRASS**

The extruded aluminium and steel frame, capped with our custom-turned, diamond-cut adjustable feet.

worktop: **DEKTON ARGENTINIUM**

High durability and incredibly tactile.
