INSPIRED BY

TO MAKE

1 cut out & fold shape

put glue here
color or decorate paper
glue here (backside)

2 press glued edges together

*snip end with scissors
*(not a lot, just a little)

3 thread string through so the knotted end catches on the inside of the flower

4 hang your flower(s)

so you can all shelter together

Now, study your own house, backyard, or neighborhood plants. What shapes, colors, and feelings do they evoke? make your own and share with us at #bampfaartlab
