LOCAL
COLOR

A timeless look for a
country-style cottage
with a classic & vibrant
welcome. The color palette
from The Urban Electric Co.
and paintings by Kari Olin
at Kate Long Studios—all
based in Charleston—make
the space double as a gallery
with Lowcountry charm.

TIMELESS BEAUTY

"It looks like a family came to Charleston by way of the Caribbean," designer Olivia Brock says. The crisp white paint and buzzy blue shutters (Benjamin Moore's Simply White and Blue Porcelain) complete the photogenic cottage style.
