

Bhutra Marble & Granites

The Unique & Ultimate Destination of
Marble & Granite for Your Beautiful
Home & Commercial Projects in India

**A Place of Complete Marble
& Granites Solutions.**

Process

Marble is initially mined from some of the finest quarries of the world

The best finest marble blocks are reached using transport.

It is furthermore cut into slabs using the best technology.

Each slab can be customized as per need & carefully processed.

Each slab is ready to use in your appliances.

Marble slabs are put in rows for showcase in the showroom.

Vision

To be recognized in the Global Marble Industry as one of the best stone suppliers all over the world. We will expand our product offering and our geographic presence to meet the demand of the building and remodeling industry. Our goal is to be the recognized industry leader for premium quality, unique surface material.

Mission

To serve and meet customers' needs and expectations, transforming the rock extracted in nature into Marbles & Granites that provide beauty and wellness.

Our diverse product ranges all manufactured according to the requirements of international quality standards, steer the path for our local marble industries through constantly innovative and creative business practices and extend and expand, at the length of arms, our presence and production to new realms and territories of the world.

"Established in year 1978, at Kishangarh (Rajasthan, India), we "Bhutra Marble & Granites", are known as the leading Manufacturer, Supplier and Exporter of Italian Marble, Indian Marble, Imported Marble, North Indian Granite, South Indian Granite, Sandstone. and Marble Handicrafts."

Goals

We aim to provide the best quality in the affordable and reasonable price range in any small and large quantity materials for your home and other commercial purposes.
