

What will the time be? 'A'

Three analog clocks showing 10:10, 10:15, and 10:20. Below them are boxes for time calculations:

In 8 hours, the time will be ...

In 4 hours, the time will be ...

In 11 hours, the time will be ...

What will the time be? 'D'

Three analog clocks showing 10:10, 10:15, and 10:20. Below them are boxes for time calculations:

5 hours ago, the time was ...

2 hours ago, the time was ...

1 hour ago, the time was ...

What will the time be? 'G'

Three analog clocks showing 10:10, 10:15, and 10:20. Below them are boxes for time calculations:

In 8 hours, the time will be ...

In 2 hours, the time will be ...

In 6 hours, the time will be ...

What will the time be? 'J'

Three analog clocks showing 10:10, 10:15, and 10:20. Below them are boxes for time calculations:

2 hours ago, the time was ...

In 3 hours, the time will be ...

9 hours ago, the time was ...

What will the time be? 'M'

Three analog clocks showing 10:10, 10:15, and 10:20. Below them are boxes for time calculations:

In 3 hours, 20 minutes, the time will be ...

In 5 hours, 15 minutes, the time will be ...

In 9 hours, 5 minutes, the time will be ...

What will the time be? 'N'

Three analog clocks showing 10:10, 10:15, and 10:20. Below them are boxes for time calculations:

1 hour, 25 minutes ago, the time was ...

11 hours, 5 minutes ago, the time was ...

9 and a half hours ago, the time was ...

What will the time be? 'O'

Three analog clocks showing 10:10, 10:15, and 10:20. Below them are boxes for time calculations:

In 2 hours, 35 minutes, the time will be ...

4 hours, 15 minutes ago, the time was ...

In 9 hours, 50 minutes, the time will be ...

What will the time be? 'P'

Three analog clocks showing 10:10, 10:15, and 10:20. Below them are boxes for time calculations:

2 hours, 35 minutes ago, the time was ...

4 hours, 10 minutes ago, the time was ...

In 7 hours, 25 minutes, the time will be ...

11 hours, 50 minutes ago, the time was ...
