

Risk Assessment for

Leaders are encouraged to undertake a simple risk assessment for BB activities and before embarking on a trip or visit or undertaking a camp or holiday. This form should be used for this purpose. Risk assessments need not be complex but should be comprehensive. Regular activities and frequent visits to local venues such as a swimming pool may not need a risk assessment every time. However, it is essential not to become complacent. An assessment of the risks of such visits should be made at regular intervals.

When completing the risk assessment, consider: what are the hazards; who might be affected by them; what safety measures need to be in place to reduce risks to an acceptable level; who will take responsibility for particular actions; what steps will be taken in an emergency? **Once ALL control measures are in place for a specific hazard/risk please put a tick in the box to confirm this.**

--	-------------------------	--	-------------------------

Please note: Approval for activities being run by Battalion/Districts should be by a minimum of two Officer Bearers (Secretary, President, Treasurer, Vice-President).

If an accident occurs during the activity please remember to log the details in your accident book. Where professional medical attention is required you **MUST** complete an Accident Report Form and submit to BB Headquarters.
