

YOUR FUN MATH STORY

with
Brighterly

GRADE 1

1

I will progress towards fluency with addition and subtraction of numbers to 10, it will help me to learn and count the most famous species of dinosaurs.

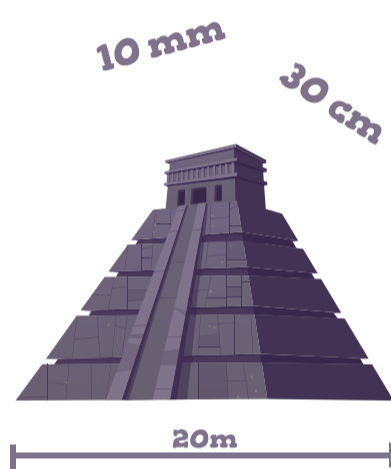

2

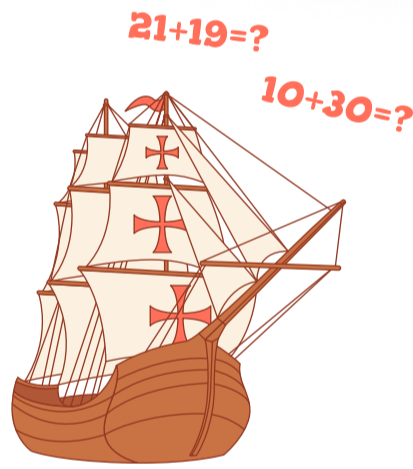

I will continue my pass from problem solving within 10 to work within 100, as I will learn to solve addition and subtraction problems involving – teen numbers by counting plants of the ice age.

3

I will learn to manipulate and compare length units and I will wander around the Machu Picchu and say hi to the Incas.

4

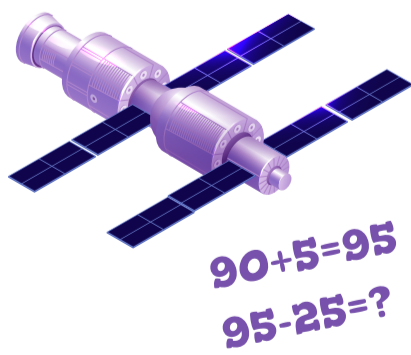

I will learn place value in numbers, and to add, subtract, and compare numbers up to 40 while en route to discover the American continent.

5

I will learn how to identify, compose, and slice shapes, and I will see how first airplanes were build and will organize an air race.

6

I will learn how to count, add and subtract within 100, use math language, compare numbers and count U.S. coins. I will find out about the NASA, human in the space, International Space Station.

PLUS YOU GET:

- Top-notch teacher
- Interactive platform
- 1 to 1 attention
- Fun learning environment
