AutoNation of Carlsbad

The Carlsbad Chamber of Commerce – the largest Chamber in San Diego North County and the second largest in San Diego County - operates on the core belief that a strong business community is critical to the long-term, continued success of our region. By advocating for business while at the same time, listening to the concerns of the community, the Chamber contributes to enhancing the quality of life in Carlsbad and surrounding cities. With more than 1,000 member companies and organizations, the Carlsbad Chamber of Commerce is committed to helping businesses and non-profits of all sizes thrive.

CATALYST | FOR BUSINESS GROWTH

The Chamber's large and diverse membership creates an ideal environment to offer a variety of programs and resources that support and help achieve its members' goals. From networking, promotional opportunities to relocation assistance and legislative advocacy, the Chamber promotes economic growth, allowing companies and organizations to reach their full potential. Through seminars and workshops, the Chamber educates its members in different aspects of business such as human resources, sales techniques, social media and cybersecurity. Advisory committees offer plentiful opportunities for community involvement, and special events like the Green Business EXPO, Older/Bolder EXPO and the biannual Carlsbad Village Faire, which brings 100,000 patrons to the community in one single day, let businesses showcase their products and services to a wide audience of prospective clients and business partners

CONVENER | OF LEADERS & INFLUENCERS

Creating a collective voice for companies and organizations, the Chamber brings together regional leaders, influencers and entrepreneurs, businesses and professional individuals. Members of the Chamber can accomplish collectively what they cannot achieve individually and play important roles in shaping Carlsbad's future. The Chamber organizes and directs the efforts of all who share the desire to improve the community and the conditions under which business is conducted.

CHAMPION | FOR A STRONGER COMMUNITY

In the interest of building a robust and varied economy, the Chamber listens to the community, while working tirelessly to support education, tourism, philanthropy, transportation, civic engagement and other cornerstones of a strong community foundation. The Chamber's committees focus on areas ranging from sustainability, technology and legislative matters to emergency preparedness and business resources. Members are encouraged to become involved in the Chamber's committees to make lasting business contacts and relationships, as well as to make a difference in their community by empowering citizens to take responsibility for what happens in the places they conduct business.

Shaping Tomorrows Leaders Today

In 2023 the Carlsbad Chamber of Commerce's Foundation celebrated its 30th anniversary. The

Foundation has had different names and emphasis over the last three decades, but its core of supporting the next generation of leaders has remained constant. The Chamber created this foundation in 1993 as the Carlsbad Companies on Campus Foundation. That name stood until it

was renamed the Partners in Education Foundation, and then two years ago we rebranded it to the Carlsbad Chamber Community Foundation. If you are not aware of programs, this column is for you!

Rising Star of the Month – Our Rising Star program is in its 6th year this month. It is more than your run-of-the-mill student recognition pro-

gram. It recognizes, celebrates and gives scholarships to kids who have overcome significant life challenges and have still kept their education on track (or got it back on track). In our 5 years so far, we have given out over \$60,000 in scholarships.

SOCAL – Student Opportunities for Career Awareness and Learning is a web portal targeted to high school and middle school students who want to engage in career exploration. Socialworkforce.org has over 100 3-minute videos about jobs and career opportunities right here in North County. The portal is being used in classrooms all over our region and brings the real world of work into the classroom.

Future CEO – Future CEO is brand new program for 2025 that will bring the entrepreneurial spirit to middle school students in our region. This is a five-week program to teach the business basics to young entrepreneurs and will culminate in week six with an expo of their business ventures. Keep watch for more details as this program comes to life.

Beyond the Uniform – Beyond the Uniform is a collaboration between our foundation and VANC (Veteran's Association of North County). This program aims to launch military personnel who are exiting active duty and want to start their own business here locally. While there are lots of programs to help Vets move into the workforce, there is not much support for those who want to start their own business. We are excited to bring this to life in 2025.

Corporate Kindness – In 2021 we launched a Corporate Kindness initiative with our friends at Kids for Peace. The idea was to bring Kids for Peace's success of bringing kindness into schools and spread that to corporate America. We currently have over 100 Corporate Kindness certified companies in Carlsbad and over 20 chambers of commerce promoting the program.

Our Foundation has a dynamic new leader in Chris Cochran. He is passionate about all our program and is always looking for ways to grow our impact in the community. To learn more about the Carlsbad Chamber Community Foundation, visit ImpactCarlsbad.org
