welcome

Many companies today are recognizing the fact that outsourcing is becoming more beneficial to their production process. As manufacturing and personnel costs continually rise, the benefits of outsourcing become clear as what was once a variable cost becomes a fixed cost to your production. Why staff an entire division, and worry about costs, equipment and overhead when a phone call to CCF can complete your custom furniture and cabinetry quickly, easily, and cost-effectively.

CCF was started in 1982 as a custom furniture shop building one of a kind units to commercial production pieces. In 1996, we switched our focus to manufacturing custom quality drawers. It is because of the experience in custom furniture building that CCF knows exactly what our customers are looking for. In 2003, CCF Industries moved from Verona to a new, larger facility in Apollo, Pa. In 2014, we experienced a catastrophic fire which resulted in a total loss of the Apollo facility. After a 16 month rebuild in the same location, we have expanded to fulfill our customers growing needs.

Your order is the core of our business, and it is our mission to keep you satisfied. Your drawer order isn't part of our business, it is our business!

Customer service is our number one priority, and customer satisfaction is our number one goal. No matter what size, your order will receive our utmost attention to quality craftsmanship. We guarantee it!

kitchen solutions

The kitchen is the hub of every home, your cabinets are built with that in mind, so that your dream kitchen is not only aesthetically pleasing to you, but also functions to fit every individual's needs. Dovetail drawers are a big part of keeping the kitchen space organized and running smooth with an array of custom drawers that combine great looks with great design.

pegboard drawer

The adjustable pegboard drawer is perfect for storing all your hard-to-place accessories, turning your ordinary drawer into the ultimate storage solution.

adjustable drawer

The dovetailed adjustable cutlery drawer lets you divide your drawers for all your changing needs.

wastebasket drawer

This special feature drawer that will fit your plastic lining and will keep your bathroom or kitchen clean and organized.

K-cup drawer

Transform your K-cup storage counter or cabinet into a clean and well organized area, freeing up your counter space.

double deck

The dovetailed double deck drawer can be customized to your specific needs and it doubles your space.

"CCF's product enhances our cabinetry in quality, detail and craftsmanship. We have received several compliments from our customers on CCF's personal touch of "branding" our logo on the inside of each drawer. As if all of that wasn't enough, their turnaround time and prices are excellent!"

general information

ordering procedures and options

Your order represents that of your customer's. It is very important that we receive a well-written order form so that we can prevent any errors.

faxed or internet orders

Faxed or internet orders are preferred so that verbal errors may be avoided. Visit our website at www.ccfdrawers.com and click the quick quote link to order online. Always double-check your confirmation fax for any errors that may have occurred.

order confirmations

This step is a very important one. The purpose is to make sure that we have read your order correctly. *Carefully review the confirmation of your order when you receive it.* If you detect a problem, please call to correct any errors. Production will not start until we receive a fax from you with your signature.

manufacturing lead time

Lead times vary depending on the type of material you choose to use, unless otherwise noted.

- Any plywood or melamine is in a 5 working day period.
- All solid woods are in a 10-12 working day period.

changes/cancellations

Changes or cancellations can be made within 24 hours of receiving your order confirmation. After 24 hours, an additional charge will be added. Cost to be determined at the time of change.

shipping methods

All shipments are FOB shipped via the best way. If special routing is desired, the customer must indicate this request when placing the order.
