

2-Year Work-Study Master's Programme in Singapore

The Innovation Talent Exchange Programme, launched by the governments of Singapore and Vietnam, opens doors for Vietnamese students eager to lead in technology and innovation. This unique initiative allows participants to pursue a Master's programme at the prestigious Singapore University of Technology and Design (SUTD) with on-the-job training at AvePoint Singapore over a two-year duration. This programme is led by MaivenPoint, the edtech arm of AvePoint.

AvePoint

AvePoint is headquartered in New Jersey, United States, with our Asia headquarters in Singapore. AvePoint is at the forefront of driving innovation and accelerating digital transformation for educational institutions, government agencies, and enterprises, enabling them to confidently embrace the future of work.

On-The-Job Training at AvePoint's Singapore Office

Students will receive valuable support and mentorship from senior professionals to bridge the gap between academic learning and workforce readiness. They will also have the opportunity to build rewarding careers in dynamic roles such as:

- Data Analyst
- Service Engineer
- Developer
- Quality Assurance Engineer

Singapore University of Technology and Design (SUTD)

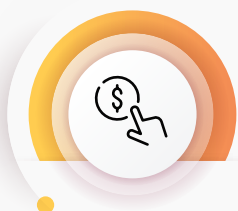

Established in 2009, Singapore University of Technology and Design (SUTD) is a public autonomous university dedicated to nurturing technically-grounded leaders and innovators to build a better world through technology and design.

Master of Science in Technology and Design (Data Science)

Equipping students with the essential technical and analytical skills to solve real-world, data-driven challenges. Graduates emerge ready for impactful careers in roles such as Data Scientist, Big Data Analyst, and Data Engineer, among others.

Next Intake: May 2025

Shaping Tomorrow's Tech Leaders: The First Cohort's Journey

In September 2024, the 2-Year Work-Study Master's Programme began, with the first cohort of talented Vietnamese students embarking on their Work-Study journey with AvePoint and SUTD. Hear directly from them about their experiences and learn how the programme is shaping their professional and personal growth:

Matthew Tran - Trần Nha Hoàng
from Hà Tĩnh

Life in Singapore has been enjoyable, and I've adopted a more disciplined and healthier lifestyle through sports activities. This program has been excellent for personal and professional growth, offering a valuable opportunity for career advancement. Highly recommended to anyone seeking a well-rounded learning and professional experience!

Sadie Nguyen - Nguyễn Thị Hữu Nhi
from Quảng Nam

Relocating to Singapore has been a rewarding experience! The city's vibrant culture and efficient transport make it a great place to live! Balancing studies and work with AvePoint has been easy, thanks to a structured program and supportive team. This experience has boosted my personal and professional growth, highly recommend!

Ethan Ha - Hà Hoàng
from Ninh Bình

I received excellent support settling into life in Singapore, from housing assistance to adjust to the new environment. I appreciate the flexibility and support provided in managing both work and study. I highly recommend this unique opportunity to enhance your career while living in one of the world's most dynamic cities.
