

Curricula
For Corporate Learning

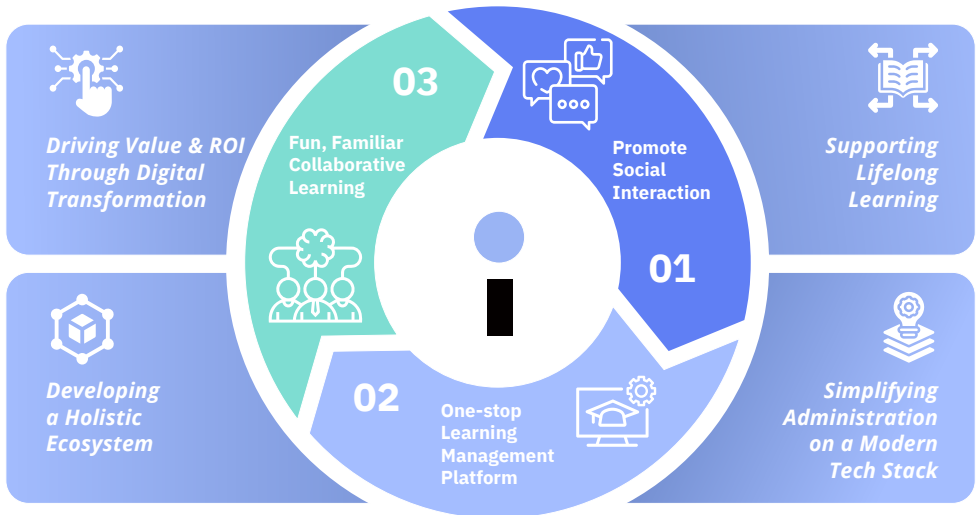

MaivenPoint

Corporate Learning Platform

Motivate Employees, Supercharge
Upskilling and Develop Talent as
your competitive edge

Personalize Your Employee's Learning Journey with Curricula

Finally, a Learning Platform that gets you. How do we do it?

Learn about the learner - their interests, skillsets and career goals.

Surface learning resources in the flow of work, so employees get the right information to get the job done, at the right time.

Help you harness the potential of social learning.

Drive accountability with measurable outcomes.

Curricula Helps L&D Professionals Drive Successful Talent Programs

We make learning collaborative and impactful. Keep learning goals on track with personalized portal and journeys to access learning content, manage assignments and connect with peers and educators.

- ✓ **Personalized Portal:** Employees can easily view their calendar, training schedules, notification and more from one place.
- ✓ **Modern Collaborative Hybrid Learning:** Leverage collaborative tools such as video chats, social networking, blogs, forums and more for hybrid learning.

- ✓ **Right Sized Learning Programs:** are flexibly structured into bite-sized hybrid courses or lessons through mobile learning, question banks, and Wikis. Personalized learning paths can be created based on every individuals' learning needs or interests.
- ✓ **Globally Scalable Yet Locally Relevant:** Curricula helps you scale programs globally in one virtual environment, while allowing you to localize content regionally.
