seasonal guide | winter 2025

# A LETTER FROM THE DIRECTOR

As we kick-off 2025, I'm excited to share a few of the amazing events we have planned. Our programming is a celebration of our City's vibrant culture and creativity, and we look forward to bringing these incredible experiences to you!

Our 4th annual Jazz Fest Pompano Beach returns to the beach on January 24th and 25th for a two-day extravaganza. We're very proud of the incredible growth of this signature event, which will feature seven headliners including Jazz Funk Soul, Joshua Redman Group, Judith Hill, Randy Brecker, and many talented local artists. Foodies will also appreciate this festival with its Pompano Beach-based offering of delicious bites and beverages. As always, this event is free to the public, so arrive early and bring your lawn chairs and blankets (VIP seating also available).

Ushering in a new year means new ways to engage and entertain, starting with a unique karaoke event that will bring a fresh twist to the community favorite. We're also honored to present our first-ever Chinese New Year celebration, which will be a spectacular showcase of rich traditions and modern creativity.

Celebrating Black History Month (BHM) has always been an essential part of our programming, and this year, we continue to shine the spotlight on the incredible achievements and contributions of Black artists and leaders. One of many examples is a compelling exhibit, "Crowns and Trophies" by artist Chris Clarks, that explores Black identity through the symbolism of Black hair and deer antlers. See pages 8-9 for the complete listing of BHM events.

Launching a new professional theatre company last year was a huge undertaking, and we are elated by the tremendous reception audiences have given Pompano Players. As the season continues, we have a variety of delightful shows scheduled, including Jerry's Girls, a lavish musical revue featuring the iconic songs of Jerry Herman's biggest Broadway shows including Hello, Dolly!, Mame, La Cage aux Folles and more.

We invite you to join us for these extraordinary events and support our thriving arts community.

See you at the show!

Sincerely

A handwritten signature in black ink that reads "Ty Tabing". The signature is fluid and cursive.

Ty Tabing,

Cultural Affairs Director.

## GALACTIC BLOOM

Since the Public Art Committee's inception in 2012, the City has acquired sculptures, murals, wrapped traffic boxes, and even created an underwater sculpture garden. Pompano Beach Arts worked with Tyler FuQua Creations (TFC) to create a light pole sculpture that is located in Old Town at 11 NE 1st St. entitled Galactic Bloom. This sculpture represents, as the artist describes it, a space plant. With its whimsical nature, the story of the space plants states that they first appeared in Portland Oregon in 2000. In 2024, a seed ended up traversing the US and ended up in Pompano Beach! The plant seems to have evolved slightly along the way, resulting in this Galactic Bloom! This space plant stands about 12 feet tall and has 4 blossoms at various heights and is made out of stainless steel.

This is not the first time Tyler FuQua Creations has worked with Pompano Beach. Tyler and his team created Mechan H2O, a sculpture representing a robot scuba diver, which was originally placed on-land for a year before being sunk and attached to the Lady Luck in Shipwreck Park.

The City's Public Art Committee meets every third Thursday at 5 pm at the Pompano Beach Cultural Center. Meetings are open to the public and all are welcome to join!

# ARTISTS iN RESIDENCE PROGRAM

2024-2025

Bailey Contemporary Arts  
Artists in Residence (AiR) Program

The City of Pompano Beach Cultural Affairs Department is delighted to introduce the 2024/2025 class of our Artists in Residence (AiR) program at the historic Bailey Contemporary Arts Center (BaCA).

The AiR Program provides artists with studio space to create new work, collaborate with fellow resident artists, and engage with the community. This dynamic and diverse group of artists will be in residence through June, and we will present each as an "Artist of the Month," offering them the opportunity to showcase their work and create unique programs to attract art lovers to BaCA.

**ALIGUORI**  
JANUARY **AiR**  
OF THE MONTH

Nino Liguori has always enjoyed telling stories through his paintings, which are visual parables and allegories. His work alludes to art history, design, innovation, and humanity itself, intertwining fable and fact, imagination and realism. An art educator, he has worked with diverse socio-economic and racial

groups in Broward County and was twice a finalist for Visual Arts Educator of the Year.

Liguori advanced his painting studies by obtaining a master's degree in Europe and Asia. He studied at The Academie de Beaux Arts in Paris, collaborated with art collectives in Rome, and learned brush and breathing techniques in East Asia. His artwork has been featured in New York Magazine and Hi-Fructose Magazine. Honoring both his Italian heritage and the storytelling nature of his work, he signs his paintings "ALIGUORI."

We are a nation of laws and Nino Liguori, ALIGUORI will be taking his allegorical oil paintings to demonstrate the unexplored, contradictory, or commonly misconstrued nature of our most fundamental birthrights. The United States is not the nation it was when James Madison and Thomas Jefferson agreed on the Bill of Rights. ALIGUORI aims to demonstrate where we might be now and moreover, where we may be headed.

# JAN MAR 2025

Chris Clark's exhibition at Ali Cultural Center explores Black identity through the symbolism of Black hair and deer antlers.

Using acrylic, oil, ink, and spray paint, he explores the rich culture and history of the Black community across the diaspora and the social issues affecting them today. For Clark, reflecting the human figure is very powerful, which is why he uses graphic-style portraiture and figurative works to depict Black life in America through his personal lens of a Black man, husband, and father.
