Research has revealed that 80% of shoppers in the UK feel safer in shops with clear, professional COVID-19 signage.

The study by digital printing solutions firm Roland DG reveals that 78% are more likely to shop in stores with clear instructions on social distancing measures.

The findings also indicate that brands risk reputational damage from inadequate COVID-19 signage, with UK shoppers saying the number one emotional impact of poor signage is the feeling businesses are not taking their safety seriously (40%).

The stores with the most unclear signage are clothes shops (21%), followed by supermarkets / grocery stores (19%), and restaurants and bars (16%)

## Standard and Custom Specials

We have a very comprehensive safety sign range, but we do appreciate that every workplace has different needs. That's why we offer "Standard" and "Custom" specials.

**Standard Specials** enables you to choose either a prohibition, warning or mandatory safety sign. All you have to do is send us the code you require, the symbol and text you wish to use and we'll create your required safety sign.

**Custom Specials** enables you to create something completely unique in full colour. This option enables you to select the appropriate code and we'll print what you require on our standard range of materials.

If the material / size you require is something out of the ordinary, don't worry send us the details and we'll send you a quote.

## First Aid Coronavirus

### Raise awareness and provide simple measures to reduce the spread of the Coronavirus

With news of the Coronavirus (COVID-19) continuing to make headlines around the world, the need to tackle the spread of this deadly virus is greater than ever. Some groups of people are more susceptible to the complications of Coronavirus than others, especially older people (75+), people with certain medical conditions (asthma, diabetes, underlying poor health or weakened immune system) and pregnant women.

## Coronavirus Help stop the Spread

Follow these six simple steps to protect yourself and those around you from the Coronavirus

### What YOU need to do

- 1. Wash your hands regularly**  
Wash hands for at least 20 seconds with soap and hot water or use a sanitising gel. Do this after using the toilet, touching communal items such as the kettle and before and after eating.
- 2. Don't touch your face**  
Avoid touching your eyes, nose or mouth with your hands. If you need to touch your face use a tissue. Bin the tissue after contact with your eyes, nose or mouth. Wash your hands after contact with your face.
- 3. Use a tissue**  
Always try to cough or sneeze into a clean tissue then bin it immediately.
- 4. Don't spray**  
If you feel the need to cough or sneeze and have no tissue to hand. Use the crease of your elbow to stop bacteria spreading through the air. Do not rely solely on soap and water or hand sanitiser. Use antibacterial surface wipes to clean high traffic areas such as kitchen counters and door handles.
- 5. Regularly refresh**  
Do not put you or others around you at risk. If you are experiencing symptoms of Coronavirus, do not go to work, do not go out, remain indoors and contact NHS 24 by calling 111 or online at 111.nhs.uk.
- 6. Isolate**  
Do not put you or others around you at risk. If you are experiencing symptoms of Coronavirus, do not go to work, do not go out, remain indoors and contact NHS 24 by calling 111 or online at 111.nhs.uk.

**Signs and symptoms of Coronavirus**  
Headache, dry cough, fever / muscle pain and difficulty breathing.

# Social Distancing

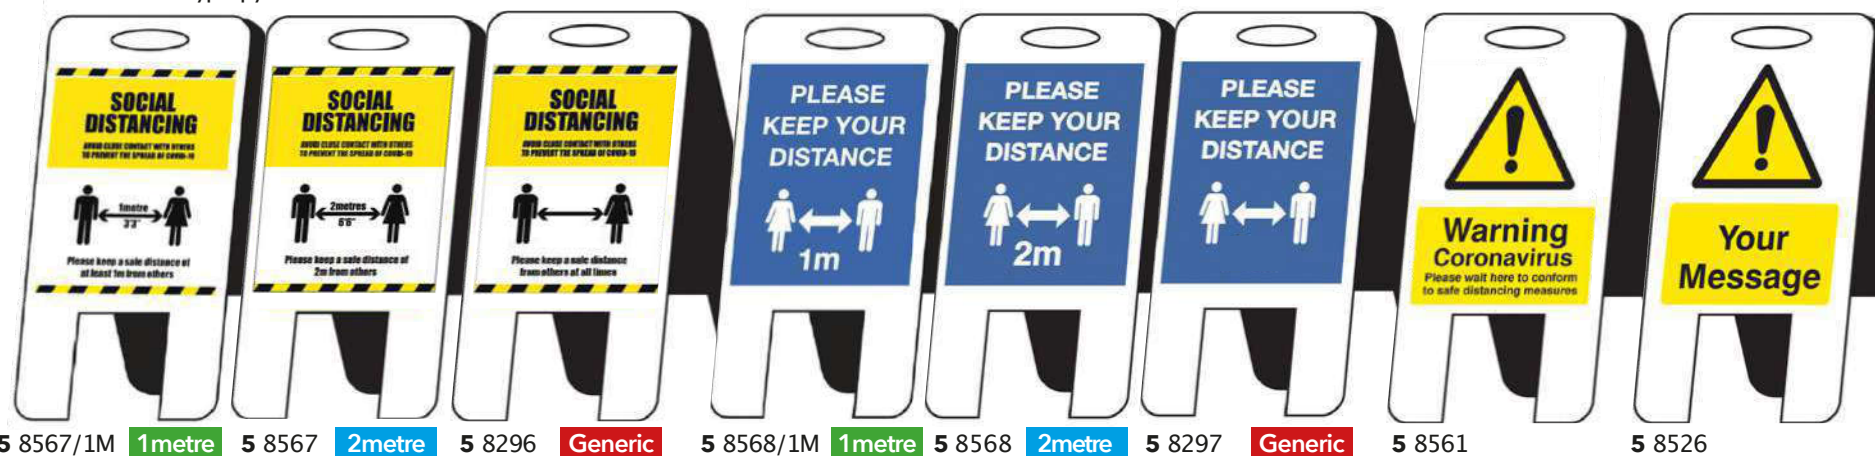

Guidance, education and information are key to ensuring the safety of all. The next two pages contain a range of informative posters and signs.

## Self Standing Signs

These double sided, free standing signs are ideal to attract staff and customers' attention. Yellow warning signs are recognised throughout the UK to highlight potential danger. They are much more likely to be adhered to by customers and staff. Self printed safety messages which are stuck to doors, windows etc are unprofessional, messy and unlikely to be taken seriously. These self standing signs help remind the public of their personal responsibilities in terms of social distancing, considered vital to ensuring the safety of others.

## Self Standing Signs

These double sided, free standing safety signs are ideal to attract staff and customers' attention. Yellow warning signs are recognised throughout the United Kingdom to highlight potential danger. They are much more likely to be adhered to by customers and staff.

Self printed messages which are stuck to doors, windows etc are unprofessional, messy and unlikely to be taken seriously.
