# Introduction

Fixfire® is a leading independent family business specialising in Life and Property Protection systems and equipment.

A trusted brand, Fixfire® is renowned for delivering proven, quality and affordable solutions.

The foundational principles of honesty and integrity firmly remain as core values at the heart of the company ethos.

Driven by a passion to innovate and find better ways, Fixfire® is constantly challenging conventional norms and brings a refreshingly different approach to compliance.

- Free-surveys and consultation
- In-house CAD design
- Standard, engineered and bespoke solutions
- Trained CRB checked and uniformed installation and maintenance engineers
- 24/7 365 Planned and Reactive Maintenance
- Web-portal

Experience the difference. Fixfire® will do it better for you... this time, next time and every time.

*your best alliance for compliance™*

## Fire Safety

Quality Fire Safety products and services for Life and Property protection

**Fire Alarm Systems**  
Self-Contained, Conventional and Analogue Addressable type.

**Fire Extinguishers, Fire Blankets & Ancillary Items**  
10 year guaranteed Ultimex™ appliances. Full range of mounting and protective accessories.

**Fire Suppression Systems**  
Engineered solutions for protection of business critical and sensitive areas such as Server Rooms, Archive Stores and Machinery.

**Emergency Lighting**  
'Standard' and 'Self-Testing' non-maintained/maintained escape route and risk area emergency illumination.

**Fire Risk Assessment**  
In accordance with Regulatory Reform (Fire Safety) Order 2005. Annual and ongoing review.

**Fire & Safety Signs**  
Way-finding and statutory signage, fixed and hanging in photoluminescent and standard materials

**Gas Detection**  
Self-contained and central panel based systems for protection of hazardous environments.

**Safe Escape & Evacuation**  
Emergency Exit products for Buildings eg Fire Door escape mechanisms, Evacuation Chairs and Escape Ladders.

**Fire Door Hold Back Devices**  
Approved mechanisms to hold back self-closing fire doors. Wall mounting and combined door closer versions.

**Fire Training**  
Staff Fire Safety Awareness and Fire Marshal/Fire Warden. Initial and Refresher.

## Call Systems

Flexible, reliable and affordable; creating efficient safe environments in healthcare premises

**Nurse Call Systems**  
Fixed and portable 'call management' solutions that transform staff and service user communications in Care Homes, Hospices and Hospitals.

**Staff Attack Systems**  
Instantaneous response alarms to alert and locate staff who may be in danger.

**Call System Accessories**  
Portable and plug-in devices that add remote calling options eg. pendants and pressure mats etc.

**Door Monitoring**  
Integrated door alarm devices to alert staff in the event of unauthorised egress.

## Access & Security

Tailored, user friendly and built to last; including Fire and Call system integration where required

**Self Contained Door Access Control Systems**  
Simple and effective, designed to withstand intensive use. Keypad, Proximity and Biometric options.

**Intercom - Video**  
Speech with Video for enhanced remote door entry control and management.

**Intercom - Audio**  
Speech systems for remote door entry control and management.

**Managed Access Control Systems**  
'Proximity' based effective traceable access control for multiple door/user applications.

**Door Interlock Systems**  
Enhanced access control for entry/exit points in secure environments.

**CCTV**  
IP based solutions for people and premises protection.

## DDA Compliance

Products and systems for Equality Act and Building Regulations compliance

**Disabled Refuge Alarm Systems**  
Assistance Call for communication between designated refuge and central control point(s) for emergency communication.

**Disabled Toilet Alarm Systems**  
Standalone or multiple location systems to enable distressed persons to call for assistance.

**Fire Paging Systems**  
Integrated with Fire Alarm system to alert users via pager when Fire Alarm is activated.

**Induction Loop Systems**  
Portable or hard wired installations providing enhanced audibility for hearing aid users in designated areas.

# Services

Ultimately, it is our people that make the difference!

### Equipment & Systems Design

Fixfire® offers a professional systems/equipment survey and design service.

### Fire Risk Assessment & Fire Training

The Fire Safety Team provide expert advice, Assessments and Training.

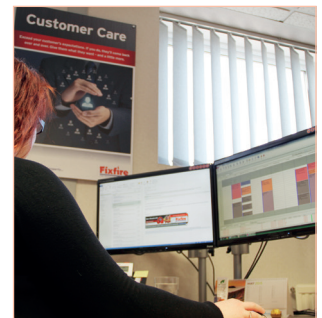

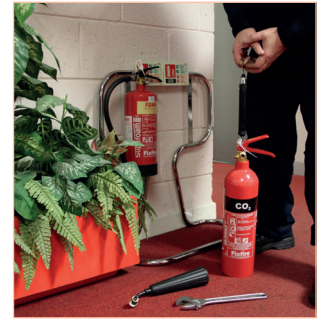

### Installation

The Projects Team strive to ensure every installation is completed on time and to the highest standard.

### Maintenance

The Service Delivery Team ensure that your systems and equipment are well cared for 24/7 365.

“ Fixfire® are professional and competent contractors, employing some of the best engineers in the business. They are trustworthy, honest and always complete work to the high standard we expect. Highly recommended. ”

**Senior Estates Electrician**

“ Nothing but good to say about Fixfire®. The £380K Fire Alarm upgrade project they have just completed was delivered with integrity on time and on budget. Their attention to detail is extraordinary and the work on site was of the highest quality. I look forward to working with them again. ”

**Contracts Manager**

“ Fixfire® has looked after our Fire Systems and Equipment requirements since 1979. Fixfire® has developed a number of innovative products which are successfully installed across many of our sites. Strongly recommended. ”

**National Health & Safety Manager, UK Private Mental Health Provider**
