

Number Explorer Missions

Count out one piece of dried pasta. Can you add one more? Keep adding one more until you get 10.

Add another ten pieces of pasta. How many is that? Keep adding 10s and try to reach 100!

Put your 100 pieces of pasta in a bag or a box. Hold it tight so it doesn't spill! Try jumping, counting in hundreds with each jump. Can you make it to 1,000?

Play Together

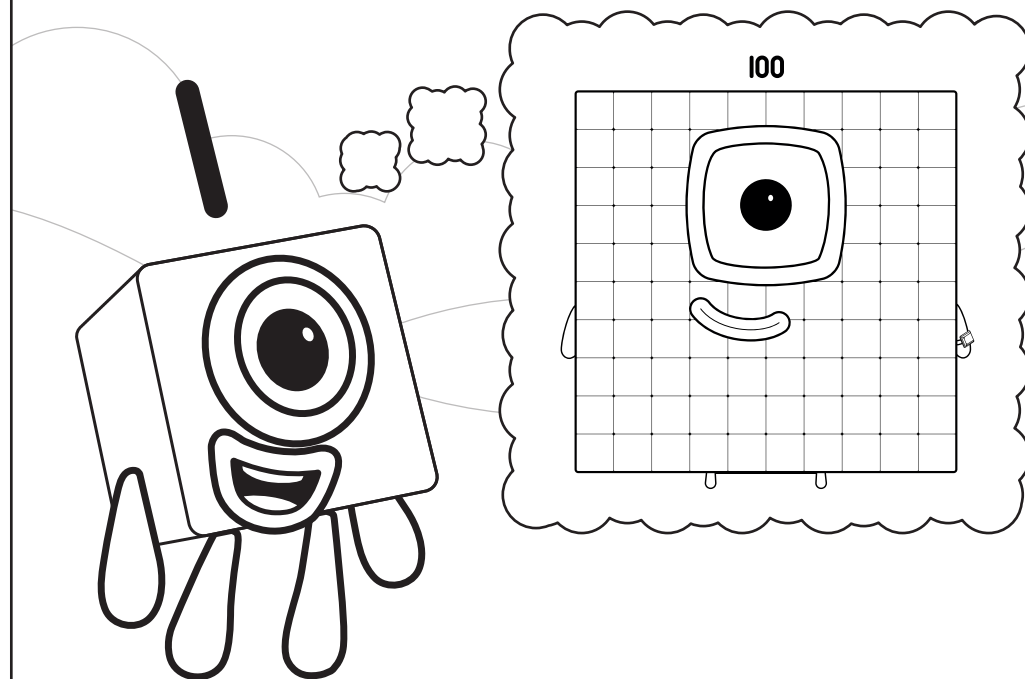

One Thousand and... Cut, fold and stick to make a Numberblock One Thousand cube and get some pieces of pasta or small tokens. Start at 1000 and ask your little learner to add 1. Challenge them to see how far they can get by adding 1 more.

For your next mission, find the episode 'More to Explore'

One Thousand and One

This mission belongs to _____

Who is One thinking about? Say their name!
