

**THE WOUND  
PROS**

Time Doesn't Heal all the wounds.  
**The Wound Pros can Help!**

## About us

The Wound Pros is the nation's leading physician owned and operated wound care management company with certified specialist deployed in over 15 states and growing. We leverage the enormous power of Artificial Intelligence to achieve superior wound healing outcomes in long-term care facilities across the country.

Our full service "Precision Wound Care Management" strategy synergistically produces one of the highest wound healing rates in the industry. Our tools include: Digital Wound Management, Mobile Vascular Testing, Telemedicine, Advanced Wound Care Supplies, Remote Vitals Monitoring, Infection Control System and WP Supply.

At The Wound Pros, we are dedicated and equipped to meet the new challenges of our evolving health care delivery system. Let us show you how your agency can benefit from our comprehensive wound care management system.
