

# Proactively measure rebate performance with Enable's Executive Dashboard

Time is precious and visibility into program performance is critical to success for every Executive team. Instead of waiting for quarterly results, proactive measures can help organizations stay on their A-game.

## Strategically designed for optimal performance

Enable's Executive Dashboard allows you and your Executive team to get an on-demand snapshot of your deal performance metrics in real-time. This allows everyone to stay aligned on goals, quickly make the right decisions on deals and take action to optimize performance.

## Benefits of the Enable Executive Dashboard:

- Instant visibility into buying behavior
- Highlight optimal rebate opportunities to maximize revenue
- Keep track of your renewals
- Measure performance of trading programs in real-time
- Maintain executive confidence
