

# Succeed Together with Partner Dashboard

Is sharing progress towards rebate targets with your members a manual, inefficient process? Is it difficult to incentivize strategic purchasing decisions?

Enable's Partner Dashboard solves these challenges by giving members up-to-date insight into current progress towards rebate targets, so everyone is aligned.

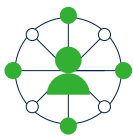

## Centralize Data

Check on progress toward rebate targets in real time, from one portal.

## View Granular Performance

Members can easily see contributions to individual and group-level rebate targets.

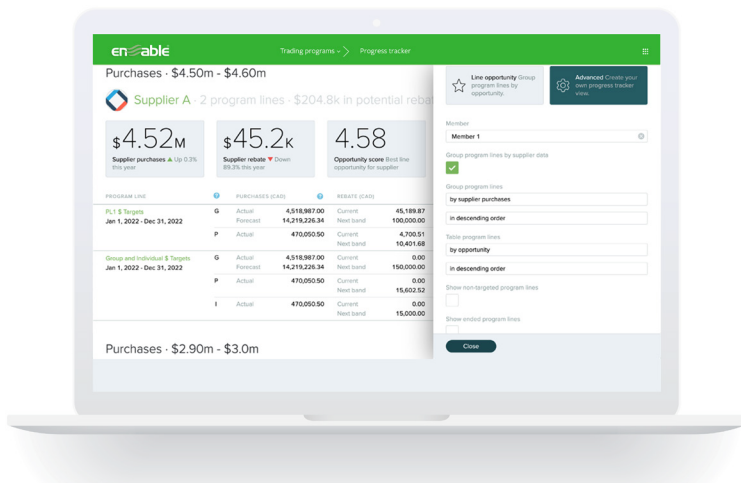

## Eliminate Delays and Admin

Up-to-date progress tracking available on demand reduces time spent pulling and sharing reports with members.

## Maximize Earnings

With the latest insights, members are empowered to take action on strategic opportunities to increase earnings.

*"It helps our members optimize their buying activity. We're providing a better service, retaining existing members and attracting new ones."*
