

Potter Valley, California. Mendocino County  
Estate Grown | Family Owned | Organic

## 2019 Blue Quail Chardonnay

Ours is not a buttery, oaky Chard. It sees no malolactic fermentation and no oak so you get a **dry and bright** palate that is fruit forward and built for food. The nose is fresh and bright with **orchard fruit aromas** and a touch of smoke and flint. Lush notes of **ripe pear** and **apple** blend with mouthwatering acidity to give backbone and verve.

---

Alcohol 13.5%

Whole-cluster pressed, stainless steel fermented

Brix 22.8 | pH 3.54 | TA .53 | RS 0.0%

Cases Produced: 970 on December 20, 2019

\*Potter Valley is a special place... sitting at 1100 feet where temperatures drop 40° each night, our grapes have a prolonged ripening period, which allows for a beautiful crisp acidity to develop.
