

State of Alaska

Comprehensive Annual Financial Report

**For the Fiscal Year
July 1, 1998 - June 30, 1999**

**Prepared by:
Department of Administration
Division of Finance**

The FY 99 CAFR is expected to be available on or after January 2000 on our Internet web site at <http://www.state.ak.us/local/akpages/ADMIN/dof/akfin.htm>.

This publication was released by the Department of Administration, Division of Finance to report on the State's financial status. Produced and printed in Juneau, Alaska at a cost of \$8.05 per copy. This publication is required by AS 37.05.210.

This publication is printed entirely on recycled paper.

STATE OF ALASKA

DEPARTMENT OF ADMINISTRATION

OFFICE OF THE COMMISSIONER

TONY KNOWLES, GOVERNOR

P.O. BOX 110200
JUNEAU, ALASKA 99811-0200
PHONE: (907) 465-2200
FAX: (907) 465-2105

December 15, 1999

The Honorable Tony Knowles, Governor
Members of the Legislature
Citizens of the State of Alaska

In accordance with Alaska Statute (AS) 37.05.210, it is our pleasure to present the Comprehensive Annual Financial Report (CAFR) of the State of Alaska for the fiscal year ending June 30, 1999. This report has been prepared by the Department of Administration, Division of Finance. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the State. To the best of our knowledge and belief, the enclosed data are accurate in all material respects and are reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the State. Statistical and demographic information are included to enable the reader to gain an understanding of the State's financial activities.

The report is presented in three sections: introductory, financial, and statistical. The introductory section includes this transmittal letter, exhibits of general fund financial information, an organization chart, a list of the Executive Branch functions by department, and a list of the State's legislators. The financial section includes: the independent auditor's report on the general purpose financial statements; the general purpose financial statements; the accompanying notes to the financial statements that outline pertinent accounting and reporting policies as well as explain significant financial matters that are essential to full disclosure of the State's financial operations and condition; and the supplemental financial data section which includes the combining and individual fund and account group financial statements and schedules. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis.

THE REPORTING ENTITY AND ITS SERVICES

The funds and entities included in this Comprehensive Annual Financial Report are those for which the State is accountable based on criteria for defining the financial reporting entity prescribed by the Governmental Accounting Standards Board. These criteria include financial accountability, fiscal dependency, and legal standing. Based on these criteria the various funds, account groups, and entities shown in this report are considered as part of the reporting entity (see Note 1 in the Notes to the Financial Statements).

Blended component units, although legally separate entities, are, in substance, part of the State's operations and are included as part of the primary government. Accordingly, the Alaska Permanent Fund Corporation is reported as a nonexpendable trust fund, and the Public Employees', Teachers', National Guard and Naval Militia, and Judicial retirement systems are reported as pension trust funds of the State.

Discretely presented component units are reported in a separate column in the combined financial statements to emphasize that they are legally separate from the State and to differentiate their financial position, results of operations, and cash flows from the State. With the exception of the Alaska Seafood Marketing Institute and the Alaska Tourism Marketing Council (whose financial activities are currently accounted for and reported within the State's general fund), the various public corporations established by State statute as well as the University of Alaska are reported as discretely presented component units (see Note 1 in the Notes to the Financial Statements for a list of the public corporations). Individual component unit financial reports may also be obtained from each of these organizations.

The State provides a range of services including education, health and social services, transportation, law enforcement, judicial, public safety, community and economic development, public improvements, and general administrative services.

ACCOUNTING SYSTEM AND BUDGETARY CONTROL

The State's financial statements for governmental funds, expendable trust funds, and the agency funds have been prepared on a modified accrual basis of accounting, with revenues being recorded when measurable and available and expenditures being recorded when services or goods are received and the liabilities incurred. The proprietary, nonexpendable trust, and pension trust funds are reported on the accrual basis of accounting.

The State's system of internal controls over the accounting system has been designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets against loss from unauthorized use or disposition and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived, and the evaluation of costs and benefits requires estimates and judgements by management.

In addition to internal controls, the State maintains budgetary controls. The objective of these controls is to ensure compliance with legal provisions embodied in the annually appropriated budget by the legislature. Annual operating budgets are required to be adopted through passage of appropriation bills (session laws) by the legislature with approval by the Governor. These laws also identify the source of funding for the budgeted amounts. Control is maintained at the departmental level by the encumbrance of estimated purchase amounts prior to the release of purchase orders to vendors. Purchase orders that result in an overrun of available balances are not released until budget revisions are approved or additional appropriations are made. Open encumbrances are reported as reservations of fund balance at June 30, 1999.

GENERAL FUND OPERATIONS

The well-being of the State of Alaska is best reflected in the operations of the general fund. General fund revenues for FY 99 were \$2,555.6 million, a decrease of \$462.5 million compared to revenues of \$3,018.1 million for FY 98. Revenues by source for FY 99 are presented graphically in Exhibit 1 (page ix) and are compared to FY 98 in the following schedule (in millions):

<u>Revenue Source</u>	<u>FY 99</u>	<u>Percent</u>	<u>FY 98</u>	<u>Percent</u>
Taxes	\$ 761.6	29.8	\$ 1,032.7	34.2
Rents and Royalties	512.1	20.0	738.8	24.5
Interest & Investment Income	45.8	1.8	60.0	2.0
Federal	1,029.3	40.3	957.3	31.7
Miscellaneous	206.8	8.1	229.3	7.6
Total Revenue	<u>\$ 2,555.6</u>	<u>100.0</u>	<u>\$ 3,018.1</u>	<u>100.0</u>

The State's major source of revenue is petroleum related. In FY 99, petroleum revenue was 70.1 percent of State unrestricted revenues (see Exhibit 5, page xiii), and as shown in the following schedule it makes up 41.8 percent of all general fund revenues. Over the last ten fiscal years, petroleum revenues have comprised a low of 70.1 percent (FY 99) of unrestricted revenues to a high of 87 percent (FY 93). The next largest source of unrestricted revenues (nonpetroleum), as shown in the following schedule, are corporate, fish, and other taxes which make up \$196.5 million, or 12.9 percent of unrestricted revenues.

The price of oil during FY 99 averaged \$12.59 per barrel at the West Coast, which is \$0.48 over the Department of Revenue Spring 1999 projection of \$12.11 and \$3.27 less than the average price of \$15.86 for FY 98. In addition, the crude oil production for Alaska North Slope and Cook Inlet for FY 99 was 1.196 million barrels per day which is an 8.5 percent decrease compared to 1.307 for FY 98 and a 41.9 percent decrease when compared to a high of 2.057 in FY 88.

The following schedule (in millions) shows that FY 99 petroleum revenues were \$1,069.1 million, a decrease of \$493.3 million compared to FY 98 petroleum revenues of \$1,562.4.

<u>Unrestricted Revenue</u>	<u>FY 99</u>	<u>Percent</u>	<u>FY 98</u>	<u>Percent</u>
Petroleum Revenue				
Property Tax	\$ 48.8	1.9	\$ 51.3	1.7
Corporate Petroleum	145.1	5.7	200.0	6.6
Severance Tax	371.1	14.5	577.8	19.1
Bonus Sale	21.9	0.8	19.7	0.7
Rents and Royalties	482.2	18.9	713.6	23.6
Total Petroleum Revenue	1,069.1	41.8	1,562.4	51.7
Nonpetroleum Revenue				
Taxes	196.5	7.7	203.7	6.7
Licenses and Permits	63.9	2.5	71.4	2.4
Intergovernmental Receipts	0.8	0.0	5.7	0.2
State Resources Revenue	157.8	6.2	186.0	6.2
Miscellaneous Revenue	37.8	1.5	35.5	1.2
Total Nonpetroleum Revenue	456.8	17.9	502.3	16.7
Total Unrestricted Revenue	1,525.9	59.7	2,064.7	68.4
Total Restricted Revenue	1,029.7	40.3	953.4	31.6
Total Revenues	\$ 2,555.6	100.0	\$ 3,018.1	100.0

The total expenditures charged against general fund appropriations during FY 99 amounted to \$3,425.2 million, an increase of \$129.4 million from FY 98. In addition, residual equity transfers to other funds of \$159.7 million, operating transfers to other funds of \$26.8 million, and operating transfers to component units of \$170.2 million brings the total FY 99 disbursements from the general fund to \$3,781.9 million (FY 98 total disbursements, \$3,715.8). Expenditures by department are compared with the prior year in the following tabulation (in thousands):

<u>Department</u>	<u>FY 99</u>	<u>Percent</u>	<u>FY 98</u>	<u>Percent</u>
Office of the Governor	\$ 21,160	0.6	\$ 18,925	0.6
Administration	209,651	6.1	208,731	6.3
Law	29,720	0.9	32,696	1.0
Revenue	46,516	1.4	48,077	1.5
Education	875,512	25.6	849,027	25.8
Health & Social Services	910,137	26.6	858,820	26.0
Labor	48,385	1.4	50,202	1.5
Commerce & Economic Development	38,449	1.1	36,474	1.1
Military & Veterans' Affairs	33,593	1.0	25,535	0.8
Natural Resources	61,372	1.8	77,948	2.4
Fish & Game	71,135	2.1	69,296	2.1
Public Safety	87,713	2.6	83,157	2.5
Environmental Conservation	94,061	2.7	95,752	2.9
Corrections	152,210	4.4	140,538	4.3
Community & Regional Affairs	129,286	3.8	126,596	3.8
Transportation & Public Facilities	516,033	15.1	478,289	14.5
Legislature	32,367	0.9	32,171	1.0
Debt Service	15,513	0.4	10,266	0.3
Alaska Court System	52,354	1.5	53,281	1.6
Total Expenditures	\$ 3,425,167	100.0	\$ 3,295,781	100.0

As noted in the following table, general fund expenditures have gone down roughly 8.9 percent (in constant dollars) over the last five years. Excluding general fund capital projects' expenditures, per capita general fund expenditures in current and constant dollars (1981 base year and revised population estimates) for the last five years were as follows:

	<u>Current Dollars</u>	<u>Constant Dollars</u>
1995	\$ 4,771	\$ 2,846
1996	4,772	2,769
1997	4,775	2,708
1998	4,675	2,608
1999	4,739	2,592

In 1982, the voters of Alaska approved an amendment to the Alaska Constitution to control State spending. Article IX, Section 16, of the Alaska Constitution, establishes an annual appropriation limit of \$2.5 billion plus adjustments for changes in population and inflation since July 1, 1981. Within this limit, one-third is reserved for capital projects and loan appropriations. For FY 2000, the Office of Management and Budget estimates the limit to be approximately \$6.1 billion. The FY 2000 budget passed by the legislature was less than \$2.3 billion (unrestricted general fund revenues only), or \$3.8 billion less than the constitutional spending limit.

The State ended FY 99 with a deficit general fund balance in the amount of \$2.7 billion, and a deficit fund balance available for appropriation in the amount of \$3.4 billion. This deficit is due primarily to the general fund liability for the amounts appropriated from the Constitutional Budget Reserve Fund of \$3.3 billion (see Note 1.J.). Article IX, section 17(d), of the Alaska Constitution provides that amounts appropriated from the Constitutional Budget Reserve Fund are to be repaid.

The following shows the composition of the fund balance of the general fund for the fiscal years ending June 30, 1999, and June 30, 1998, as adjusted (in millions).

<u>Reserved</u>	<u>FY 99</u>	<u>FY 98</u>	<u>Change</u>
Encumbrances	\$ 148.6	\$ 167.6	\$ (19.0)
Nonliquid Assets	204.3	205.2	(0.9)
Other	16.3	15.7	0.6
Total Reserved	<u>369.2</u>	<u>388.5</u>	<u>(19.3)</u>
<u>Unreserved</u>			
Designated			
Continuing Appropriations	152.3	159.6	(7.3)
Other	135.3	141.8	(6.5)
Balance Available for Appropriation	<u>(3,359.4)</u>	<u>(2,292.9)</u>	<u>(1,066.5)</u>
Total Unreserved	<u>(3,071.8)</u>	<u>(1,991.5)</u>	<u>(1,080.3)</u>
Total Fund Balance	<u>\$ (2,702.6)</u>	<u>\$ (1,603.0)</u>	<u>\$ (1,099.6)</u>

DEBT ADMINISTRATION

The State of Alaska general obligation bond ratings are Aa2 from Moody's Investors Service and AA from Standard and Poor's Corporation and Fitch Investor Services.

In addition to direct appropriations from the general fund, the State has financed capital projects from the proceeds of general obligation bond sales. The schedule below is a summary of general bonded debt and debt service activities for the fiscal year ended June 30, 1999 (in millions).

<u>Activity</u>	<u>Bonds Outstanding</u>	<u>Interest to Maturity on Outstanding Bonds</u>	<u>Total Debt Service to Maturity</u>
Balance July 1, 1998	\$ 10.9	\$ 0.4	\$ 11.3
Less: debt service paid	8.5	0.3	8.8
Balance June 30, 1999	<u>\$ 2.4</u>	<u>\$ 0.1</u>	<u>\$ 2.5</u>

There were no new State of Alaska general obligation bonds authorized in FY 99. No authorized general obligation bonds remain unissued.

Other categories of debt are State-supported, guaranteed, moral obligation, revenue, agency, and agency collateralized debt. State-supported debt includes University of Alaska debt, lease-purchase financing obligations, and the share of municipal general obligation bonds issued for school construction that is reimbursable by the State. Guaranteed debt consists of revenue bonds issued by the Alaska Housing Finance Corporation for the purpose of purchasing mortgage loans made for residences of qualifying veterans. Moral obligation debt is State agency debt that is secured, in part, by a reserve fund to which is attached a discretionary replenishment provision. International Airports revenue bonds and some University debt constitute all State revenue debt. Agency debt has been issued by nine distinct State authorities or corporations and is secured by revenues generated from the use of bond proceeds or the assets for the agency issuing the bonds. Agency collateralized debt pledges, as security for the debt, loans or securities which are 100 percent insured or guaranteed by another party of superior credit standing.

CASH AND INVESTMENT MANAGEMENT

The State's cash is controlled by the Treasury Division in the Department of Revenue or by other administrative bodies as determined by law. All cash deposited in the State treasury is managed to preserve principal while maximizing interest earnings. Cash in excess of the amount needed to meet current expenditures is invested pursuant to AS 37.10.070 and AS 37.10.071 which mandates that investments shall be made with the judgement and care exercised by an institutional investor of ordinary professional prudence, discretion, and intelligence under the circumstances then prevailing.

Treasury has established an array of investment pools and mutual fund-like common trusts with varying investment horizons and risk profiles. Equity and fixed income investments are managed in a pooled environment unless required to be held separately by statute or bond resolution. Commingled investment pools maximize earnings potential, provide economies-of-scale savings of time and dollars, and allow smaller funds to participate in investment opportunities that would otherwise be unavailable to them. Rather than each participant (fund) buying identical individual securities, larger quantities of securities can be purchased at one time, reducing the operating costs for manager's time and number of transactions. A fund's equity ownership in a pool is based on the number of shares held by the fund.

The State's investment objectives for the General Fund and Other Non-segregated Investments (GeFONSI) include limited exposure to principal loss, a conservative balance of current income with principal safety within moderate risk tolerance, minimal inflation protection, and high liquidity. Under the Department of Revenue, Treasury Division's current investment policy, holdings may include repurchase agreements collateralized only by U.S. Treasury obligations; commercial paper; certificates of deposit and bankers acceptances; U.S. Treasury obligations, including bills, notes and bonds; other full faith and credit obligations of the U.S. Government; securities issued or guaranteed by agencies and instrumentalities of the U.S. Government; obligations of foreign governments denominated in U.S. dollars; corporate debt meeting credit quality standards; and, asset-backed and mortgage-backed securities.

The investment objectives established by the Alaska State Pension Investment Board for the retirement trust funds (Public Employees', Teachers', Judicial, and the Alaska National Guard and Naval Militia Retirement Systems) include raising the trust funds' funded status toward fully-funded levels. Once attained, the objective is to maintain a fully-funded status, and to preserve the trust funds' invested capital and realize competitive, total rates of return on the trust funds. The trust funds hold domestic and international fixed income securities, domestic and international equity securities, real estate equity investments, and mortgages.

CASH FLOW

From the time oil began flowing through the Trans-Alaska Pipeline in the late 1970's, the State has been in the enviable position of having sizeable sums of cash flowing into the State treasury. This cash funded a steadily growing State operating budget, large and small annual capital budgets, and the State's permanent fund.

In more recent years, the reality of declining oil revenues and the corresponding decrease in available cash has become more apparent. This has been reflected in more modest State operating and capital budgets. Also associated with declining revenues, though much less understood, is a cash flow situation that could lead to a cash deficiency for the State. The possibility of a cash flow deficiency grows with each passing year.

Prior to 1985, most unrestricted revenues flowed directly into the State's general fund where they were available to pay day-to-day costs of operating State government. This is no longer the case. Over time, the legislature has established more than 50 cash pools either as subfunds of the general fund or other separate cash pools. In 1990 the legislature appropriated the entire general fund balance available for appropriation at the end of FY 91 to a statutory budget reserve fund (SBRF). By a vote of the people in 1990, the Alaska Constitution was amended to establish a separate constitutional budget reserve fund (CBRF) into which oil tax settlement revenues are deposited. The effect of these actions diverted cash historically destined for the general fund to other cash pools that were not available to pay day-to-day State operating costs.

Also contributing to the potential for a cash deficiency is the fact that the inflow of unrestricted revenues does not mirror the outflow of cash expenditures. Revenues tend to flow in at a generally consistent rate. Expenditures, however, are cyclic with high and low periods. The first quarter expenditures of each fiscal year are generally much higher than revenues for the same period. Clearly, if the general fund (excluding the subfunds) does not have a large cash balance at the beginning of the fiscal year or if other sources of funds are not available, the State faces the possibility of a cash deficiency before the end of the first quarter.

In the past seven budget cycles, the legislature has addressed the possibility of a revenue shortfall. It has included language in the appropriation act permitting the executive branch to borrow cash from the statutory and constitutional budget reserve funds in the event expenditures exceeded revenues. In FY 93 and again in FY 96, funds were taken from the SBRF to balance FY 93 and FY 96 revenues and expenditures. Cash was borrowed from the CBRF in FY 94, FY 95, FY 96, FY 98, and FY 99 to balance revenues and expenditures.

CONSTITUTIONAL BUDGET RESERVE FUND

In 1990, the people of Alaska voted to amend the Alaska Constitution to establish a separate constitutional budget reserve fund (CBRF) into which oil tax settlement revenues are deposited. The CBRF is reported in the fiduciary fund types as an expendable trust fund. At June 30, 1999, assets of the CBRF were \$6.1 billion, of which \$2.6 billion is cash and investments, \$3.3 billion is due from the general fund (see Note 1.J.), and the balance is other receivables. The fund balance of the CBRF at June 30, 1999, was \$6.0 billion.

PUBLIC EMPLOYEES' AND TEACHERS' RETIREMENT SYSTEMS PENSION FUNDS

Total assets at June 30, 1999, of the two largest pension funds, the Public Employees' (PERS) and Teachers' (TRS) Retirement Systems' funds, were \$8.1 billion and \$4.2 billion respectively. The Schedule of Funding Progress for PERS and TRS as of the June 30, 1998, actuarial valuations, indicated the actuarial accrued liabilities were funded at 102.5 percent and 97.7 percent respectively. Further information on these and other pension funds, including the Supplemental Benefits System and Deferred Compensation plans, can be found in notes 4, 5, and 6 to the financial statements.

ALASKA PERMANENT FUND

The Alaska Permanent Fund is an asset of the State of Alaska that is managed by the Alaska Permanent Fund Corporation, an instrumentality of the State of Alaska.

In 1976 the Alaska Constitution was amended to provide that:

At least twenty-five percent of all mineral lease rentals, royalties, royalty sale proceeds, federal mineral revenue sharing payments, and bonuses received by the State shall be placed in a Permanent Fund, the principal of which shall be used only for those income-producing investments specifically designated by law as eligible for Permanent Fund investments. All income from the Permanent Fund shall be deposited in the general fund unless otherwise provided by law.

Subsequent legislation increased the Permanent Fund's share to 50 percent for rents and royalties on mineral leases issued after December 1, 1979, and for bonuses on mineral leases issued after February 15, 1980.

The Permanent Fund is made up of two parts, principal and earnings. Principal is the main body of the trust. At June 30, 1999, this amounted to \$19.0 billion. The sources of Fund principal were as follows: \$6.5 billion in constitutionally-dedicated oil revenues; \$5.8 billion of Fund earnings added to principal for inflation-proofing; and \$6.7 billion in additional deposits approved by special legislative appropriation.

Permanent Fund earnings, from inception through June 30, 1999, have amounted to \$21.3 billion. Of this amount, \$8.6 billion has been paid out for dividends, \$5.8 billion has been added to principal for inflation-proofing, \$4.0 billion has been added to principal by special appropriation, \$0.3 billion has been paid out to the general fund, and \$2.6 billion remains in the Fund in the earnings reserve account.

RISK MANAGEMENT

As more fully detailed in Note 9.C., the State's risk management program provides a first level of self-insured retention supplemented by further insurance coverage. The State's risk management program covers all State agencies and component units, except for the Alaska Housing Finance Corporation, Alaska Railroad Corporation, and the University of Alaska who administer their own programs. Further, there is separate coverage provided by the individual component units such as the Alaska Industrial Development and Export Authority for certain individual projects.

AUDITS

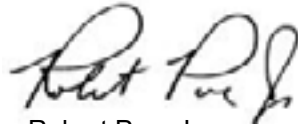

The principal auditor of the State's reporting entity is the Division of Legislative Audit. The audit of the CAFR was conducted in accordance with generally accepted auditing standards (GAAS), and their independent auditor's report precedes the General Purpose Financial Statements.

In addition to the annual audit of the State's CAFR, the State is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1984 and the U.S. Office of Management and Budget's Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Information related to this single audit, including a schedule of federal financial assistance, the auditor's reports on internal controls and compliance with applicable laws and regulations, and a schedule of findings and questioned costs will be published at a later date under separate cover by the Division of Legislative Audit.

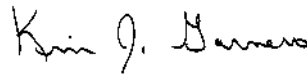

ACKNOWLEDGMENTS

We wish to express our sincere appreciation to the many individuals whose dedicated efforts have made this report possible. The preparation of this report could not have been accomplished without the professionalism and dedication demonstrated by the financial and management personnel of each State agency, each component unit, and the dedicated staff within the Division of Finance.

Sincerely,

Robert Poe, Jr.
Commissioner
Department of Administration

Kim J. Garner, CPA
Director
Division of Finance

- Department Heads appointed by the Governor and confirmed by the Legislature.

FUNCTIONS OF STATE DEPARTMENTS

OFFICE OF THE GOVERNOR

The Governor is the Chief Executive of the State. The Office of the Governor has the overall responsibility for coordinating the activities of state agencies to ensure that all programs are consistent with Alaska's goals and objectives.

ADMINISTRATION

Services to state agencies: Personnel, Labor Relations, Retirement and Benefits, Finance (payroll, accounts and disbursements), General Services (purchasing, supply, distribution and mail, space allotment), Risk Management, Information Technology Group (telecommunications and computer services). Services to the Public: Senior Services (Alaska Commission on Aging), Longevity Bonus (Pioneer's Homes); Motor Vehicles; Office of Public Advocacy; Public Defender Agency; Alaska Public Offices Commission; Oil and Gas Commission; Alaska Rural Communications System; Alaska Public Broadcasting Commission; and the Office of Tax Appeals.

COMMERCE AND ECONOMIC DEVELOPMENT

Provides consumer protection through the regulation of banking, securities and corporations, insurance, professional occupations and business licensing.

Promotes economic development in the state through domestic and international promotion of tourism, Alaska seafood, timber, minerals, and other products, and encouragement of business and industrial development. Administers several loan programs.

Also includes: the Alaska Seafood Marketing Institute, Regulatory Commission of Alaska, Industrial Development and Export Authority, Tourism Marketing Council, Aerospace Development Corporation, Science and Technology Foundation, and Railroad Corporation.

COMMUNITY AND REGIONAL AFFAIRS

Provides state and federal financial assistance to citizens and governments at the local and regional level to resolve problems associated with local government and community development. Provides technical assistance and administers programs in the following areas; reemployment, child care, Head Start community development, community planning, rural economic development, rural utility management and rural energy development. The department's mission is to assist in building and maintaining strong local governments, strong local economies, and strong families, while ensuring fiscal accountability throughout the public process.

CORRECTIONS

The Department of Corrections is responsible for public safety through the administration of correctional services including: twelve prisons and jails which provide secure incarceration and appropriate rehabilitation programs for felons and misdemeanants; community residential centers; supervision and case management of probationers and parolees in the community; and, oversight of 15 small community jails. Also included in the department is the Alaska Board of Parole, a quasi-judicial Board which makes all parole related decisions.

EDUCATION

The State Board of Education is a policy-making body. Through the department, the Board administers public school funding programs and teacher certification; provides instructional and administrative leadership to school boards and school districts; provides adult, vocational education and correspondence study programs; operates the Alaska Vocational Technical School and Mt. Edgecumbe High School; administers state library, archive, records and museum services; provides vocational rehabilitation services; provides grants to the arts community; and the Alaska Student Loan Corporation which provides loans to post-secondary students.

ENVIRONMENTAL CONSERVATION

The Department of Environmental Conservation is the state regulatory agency responsible for protection of public health and the environment through safe handling of oil hazardous substances, air and water quality, safe drinking water and wastewater, food safety and sanitation in public facilities. Through partnerships with Alaska citizens, businesses, and communities, the department works to safely manage and reduce pollution and hazards. DEC services include financial and technical assistance to communities for upgrading water, sewage and solid waste, developing outreach methods to help Alaskans understand their role in protecting health and managing environmental quality, and permitting based on risk to public health and environment. The department also offers assistance to Alaska cities to meet health-based standards for air quality, position oil spill response equipment in communities, and to develop environmental education programs.

FISH AND GAME

The Department of Fish and Game is mandated to manage, protect, maintain, improve and extend the fish, game, and aquatic plant resources of Alaska in the interest of the economy and general well-being of the State. The Boards of Fisheries and Game adopt regulations to conserve and develop these resources. The commissioner and the department conduct management and research functions necessary to support these goals. Includes the Commercial Fisheries Entry Commission, a quasi-judicial agency which promotes resource conservation and sustained yield management by regulating entry into Alaska's commercial fisheries.

HEALTH AND SOCIAL SERVICES

Responsible for a wide variety of health and social service programs which impact virtually every Alaskan. Health programs include medical assistance for Alaska's poor, and public health programs such as nursing services, vital statistics, emergency medical services, infectious disease control, and maternal and child health programs. Social services include programs for children and families, including temporary cash assistance, food stamps, child protection services, foster care, child residential care, preventative services, and youth corrections. The department also offers mental health programs and services the developmentally disabled, and provides prevention and treatment services of substance abuse.

LABOR

Administers programs to foster and promote the welfare of the wage earners of the state, to improve working conditions and advance the opportunities for profitable employment. Administers the employment

service, unemployment insurance, workers' compensation programs, and the Fishermen's Fund; enforces laws and regulations dealing with job safety, hours of work, wages, and work conditions; inspects elevators and plumbing and electrical installations, amusement rides and ski lifts, and boiler and pressure vessels to ensure compliance with recognized standards; serves as the labor relations agency for public employment in the state; and collects, analyzes, and releases labor market and population statistics.

LAW

Responsible for prosecution and conviction of criminal offenders in Alaska to ensure safe communities. Assists law enforcement agencies with criminal investigations, filing misdemeanor and felony charges, and serves as legal advisor to grand juries and represents the state in all phases of criminal trial and appellate proceedings. Works in partnership with executive, legislative, and judicial agencies by providing legal advice and representing the state in all actions in which it is a party. Such actions include protecting Alaska's children and youth by handling child abuse, neglect, and delinquency cases expeditiously; resolving questions of state versus federal control of natural resources; ensuring that the state receives its correct share of oil and gas taxes and royalties; collecting money owed to the state by businesses and individuals for child support, fines and other unpaid obligations; and defending the state against claims for personal injury and other damages.

MILITARY AND VETERANS AFFAIRS

The Department of Military and Veterans Affairs (DMVA) is responsible for the Alaska Army and Air National Guard, the Alaska Naval Militia, State Defense Force, Alaska Military Youth Academy, and the Division of Emergency Services.

The Commissioner of DMVA is also the Adjutant General of the state and as such commands the Alaska National Guard. He administers federal funds for maintaining the Alaska National Guard in combat readiness in the event of a national emergency or war. The Alaska National Guard has over 4,500 personnel located in more than 90 communities. The Alaska National Guard is under the day-to-day command of the Governor and as such may be used in support of counter-narcotics operations, disaster assistance and to counter civil unrest. The Alaska Naval Militia is composed of individual U.S. Navy reservists that are available to the Governor in times of emergency. Likewise, the State Defense Force, made up of individuals with prior military training, is available to the Governor.

The Commissioner's office also serves as the focal point for issues affecting Alaska's veteran population. It administers veterans service officer programs that outreach to individual veterans to assist them in maximizing their federal veterans entitlements.

The Alaska Military Youth Academy provides a five month military style alternative high school experience for volunteer applicants who are at risk of not achieving a productive childhood. During the two sessions per year, the program provides a structured education in a variety of disciplines; life coping skills, educational excellence, skills training, responsible citizenship, leadership/ability to follow, health hygiene, sex education, physical fitness, and community service. This structured educational effort is targeted to meet the goals of the program, to turn the youth into confident and contributing citizens of their state and their local communities.

The Division of Emergency Services is responsible for state emergency preparedness and response. It seeks to minimize the loss of life and property in the event of natural or man-made disaster by planning and assisting as well as administering federal and state grants and loans and managing relief efforts. It maintains the State

Emergency Coordination Center in Anchorage that is the command, control and communications center for state and federal response to disasters and significant emergencies.

NATURAL RESOURCES

Responsible for the utilization, development, and conservation of the surface and subsurface natural resources belonging to the state except for fish and game. This includes approximately 106 million acres of uplands and 69 million acres of tidelands, shorelands, and submerged lands and manages about 34,000 miles of coastline. The strategic missions include: manage the natural resources of the State of Alaska in a responsible manner; raise public awareness that Alaska's natural resources are the basic assets of our economy; stimulate and encourage resource-based, value-added economic activity, while conserving Alaska's wild and scenic values; implement efficiencies and economies in government; deliver essential services; and stimulate local initiative and personal responsibility. Operationally, the department manages eight divisions located in 22 Alaska communities that are responsible for the two largest oil and gas fields in North America; a park system that contains one-third of all the state park lands in the United States; 40 percent of the nation's fresh water; forests and fire suppression on over 134 million acres; minerals involving 31,000 mining claims; and an agricultural program that encompasses 560 farms.

PUBLIC SAFETY

Responsible for enforcement of state law including criminal and fish and wildlife protection laws, fire prevention, search and rescue, highway safety, compensating victims of violent crime, providing forensic crime laboratory services to law enforcement statewide, certifying police proficiency, providing basic police academy and specialized training to municipal and state law enforcement agencies, oversight of the Village Public Safety Officer Program, and assisting victims of domestic violence and sexual assault.

REVENUE

Administration and enforcement of tax and charitable gaming laws; collection, investment, and management of state funds and employee pension trust funds; administration of the Permanent Fund Dividend Program, the Shared Taxes Program, and the Child Support Enforcement Program; administer licensing programs mandated by statute; issue state general obligation, revenue and lease debt, and authorize certain agency debt. Other state entities under the auspices of the Department of Revenue are: the Alaska Permanent Fund Corporation, the Alaska Housing Finance Corporation, the Alaska Municipal Bond Bank Authority, the Alaska Mental Health Trust Authority, and the Alaska State Pension Investment Board.

TRANSPORTATION AND PUBLIC FACILITIES

Responsible for the planning, research, design, construction, maintenance, operation, and protection of all state transportation systems and public facilities. This includes approximately 247 state-owned airports and seaplane bases, 5,600 miles of state roads, 1,700 buildings ranging from maintenance shops to state office complexes, and 100 ports and harbors. In addition, the department owns and operates the Alaska Marine Highway System, serving 33 Alaskan communities with connections to Bellingham and Prince Rupert. The department also owns and operates the State Equipment Fleet which provides full maintenance support and replacement activities for all departments and state agencies, including 6,600 light and heavy duty vehicles and attachments.

Independent Auditor's Report

Citizens of the State of Alaska:

We have audited the accompanying general-purpose financial statements of the State of Alaska, as of and for the fiscal year ended June 30, 1999, as listed in the table of contents. These general-purpose financial statements are the responsibility of the State of Alaska management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit. We did not audit the financial statements of certain entities, which represent the indicated percent of total assets and revenues, respectively, of the Trust and Agency Funds (84% and 92%), and the Component Unit Funds (100% and 100%). Those financial statements were audited by other auditors whose reports have been furnished to us. Our opinion on the general-purpose financial statements, insofar as it relates to the amounts included for those entities, is based on the reports of the other auditors.

Except as discussed in the following paragraph, we conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general-purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general-purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general-purpose financial statement presentation. We believe our audit and the reports of the other auditors provide a reasonable basis for our opinion.

Governmental Accounting Standards Board Technical Bulletin 98-1, *Disclosures about Year 2000 Issues*, requires disclosure of certain matters regarding the year 2000 issue. The State of Alaska has included such disclosures in Note 11. Because of the unprecedented nature of the year 2000 issue, its effects and the success of related remediation efforts will not be fully determinable until the year 2000 and thereafter. Accordingly, insufficient audit evidence exists to support the State of Alaska's disclosures with respect to the year 2000 issue made in Note 11. Further, we do not provide assurance that the State of Alaska is or will be year 2000 ready, that the State's year 2000 remediation efforts will be successful in whole or in part, or that parties with which the State does business will be year 2000 ready.

As disclosed in Note 1H in the Notes to the Financial Statements, the General Fixed Asset Account Group is not reported in accordance with generally accepted accounting principles, primarily because most state-owned buildings are reported at insured value rather than

historical cost. The amount reported for buildings at June 30, 1999 is \$1.6 billion or 62% of total reported general fixed assets.

In our opinion, based on our audit and the reports of other auditors, except for the effects of such adjustments, if any, as might have been determined to be necessary had we been able to examine evidence regarding the year 2000 disclosures, and for the effect of the departure from generally accepted accounting principles as discussed in the preceding paragraph, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of the State of Alaska as of June 30, 1999, and the results of its operations and the cash flows of its proprietary and nonexpendable trust funds for the fiscal year then ended in conformity with generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the general-purpose financial statements taken as a whole. The combining and individual fund and account group financial statements and schedules listed in the table of contents are presented for the purpose of additional analysis and are not a required part of the general-purpose financial statements of the State of Alaska. Such information has been subject to the auditing procedures applied in the audit of the general-purpose financial statements and in our opinion, based on our audit and the reports of other auditors, except for the matters noted above, is fairly presented in all material respects in relation to the general-purpose financial statements taken as a whole.

The introduction section and the statistical section listed in the table of contents were not audited by us and, accordingly, we express no opinion on them.

Reports in accordance with *Government Audit Standards*, and *Audits of States, Local Governments, and Non-Profit Organizations* on the State's internal control structure and on compliance with state and federal laws and regulations will be issued in a separate report.

Pat Davidson, CPA
Legislative Auditor

STATE OF ALASKA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 1999

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements of the State of Alaska have been prepared in conformity with generally accepted accounting principles (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB). GASB is the accepted standard-setting body for governmental accounting and financial reporting. The financial statements of the College and University Funds have been prepared in conformity with GAAP as prescribed by the American Institute of Certified Public Accountants. Except for the Alaska Railroad Corporation statements which are prepared under ICC rules and regulations (US CFR Title 49) that are generally consistent with GAAP as promulgated by the Financial Accounting Standards Board (FASB), under the auspices of GASB Statement No. 20, the State does not apply FASB pronouncements issued after November 30, 1989, for proprietary activities, unless GASB amends its pronouncements to specifically adopt FASB pronouncements issued after that date.

A. THE FINANCIAL REPORTING ENTITY

The State of Alaska was admitted to the Union in 1959 and is governed by an elected Governor and a sixty-member elected legislature. As required by GAAP, these financial statements present all the fund types and account groups of the State which includes all agencies, boards, commissions, authorities, courts, and colleges and universities that are legally part of the State (primary government) and its component units discussed below. Component units are legally separate entities for which the primary government is financially accountable or such that their exclusion would cause the State's financial statements to be misleading or incomplete.

The following component units are included in the accompanying financial statements. Blended component units, although legally separate entities, are, in substance, part of the State's operations. Discretely presented component units are reported in a separate column in the combined financial statements to emphasize they are legally separate from the State. Individual component unit financial reports may also be obtained from each of these organizations.

BLENDED COMPONENT UNITS

The **Alaska Permanent Fund Corporation** (APFC) is a public corporation and government instrumentality in the Department of Revenue (AS 37.13.040). A Governor appointed six-member board manages APFC. The legislature approves APFC's budget. The purpose of APFC is to provide a mechanism for the management and investment of Alaska Permanent Fund (Fund) assets. The Fund is a savings device, restricted as to usage, which belongs to all the people of Alaska. It was created in 1976 when the voters approved an amendment to the State constitution. The Fund is established as an inviolate trust. This means the principal of the Fund is to be invested in perpetuity. The beneficiaries of the trust are all present and future generations of Alaskans. The Fund represents 59 percent of the total cash and investments and 55 percent of total fund equity of all funds excluding the general fixed asset account group and discretely presented component units. APFC is reported in the fiduciary fund types as a nonexpendable trust fund. APFC financial statements may be obtained from the Alaska Permanent Fund Corporation, P.O. Box 25500, Juneau, AK 99802-5500.

The **Public Employees' Retirement System** (PERS) was established by State statute (AS 39.35.010). The Commissioner of Administration is responsible for the administration of PERS. The Governor appoints the majority of the PERS board. The board prescribes policies and regulations, hears appeals, and approves employers' rates. PERS costs, based upon actuarial valuations, are funded by the State, participating governmental employers, and participants. PERS is reported in the fiduciary fund types as a pension trust fund. The Alaska State Pension Investment Board (ASPIB) is the fiduciary of PERS.

The **Teachers' Retirement System** (TRS) was established by State statute (AS 14.25.010). The Commissioner of Administration appoints the administrator of TRS. The administrator is responsible for the administration of TRS in accordance with State statutes. The Governor appoints the majority of the TRS board. The board prescribes policies and regulations, hears appeals, and approves employers' rates. TRS costs, based upon actuarial valuations, are funded by the State, participating governmental employers, and participants. TRS is reported in the fiduciary fund types as a pension trust fund. ASPIB is the fiduciary of TRS.

The **Judicial Retirement System (JRS)** was established by State statute (AS 22.25.048). The Commissioner of Administration is responsible for the administration of JRS. JRS costs, based upon actuarial valuations, are funded by the State and participants. JRS is reported in the fiduciary fund types as a pension trust fund. ASPIB is the fiduciary of JRS.

The **Alaska National Guard and Alaska Naval Militia Retirement System (NGNMRS)** was established by State statute (AS 26.05.222). The Commissioner of Administration is responsible for the administration of NGNMRS. NGNMRS costs, based upon actuarial valuations, are funded by the State. NGNMRS is reported in the fiduciary fund types as a pension trust fund. ASPIB is the fiduciary of NGNMRS.

The **Supplemental Benefits System (SBS)** was established by State statute (AS 39.30.150). The Commissioner of Administration is responsible for the administration of SBS. SBS is reported in the fiduciary fund types as a pension trust fund. ASPIB is the fiduciary of SBS.

Copies of the audited financial statements for the retirement systems and for SBS may be obtained from the Division of Retirement and Benefits, P.O. Box 110203, Juneau, AK 99811-0203.

DISCRETELY PRESENTED COMPONENT UNITS

The **Alaska Aerospace Development Corporation (AADC)** is a public corporation of the State located for administrative purposes within the Department of Commerce and Economic Development (AS 14.40.821). The Governor appoints the voting members of the AADC board of directors and the legislature approves AADC's budget. AADC is also affiliated with the University of Alaska but with a separate and independent legal existence. The purpose of AADC is to allow the State to take a lead role in the exploration and development of space, to enhance human and economic development, and to provide a unified direction for space-related economic growth, education and research development, and tourism related activities. AADC is also to promote the continued utilization of the Poker Flat Research Range as a launch site for launch vehicles and for scientific research. Additionally, AADC is to promote and encourage the continued utilization of Poker Flat Research Range for the University of Alaska's polar research efforts. AADC financial statements may be obtained from the Alaska Aerospace Development Corporation, 4300 B St. Suite 101, Anchorage, AK 99503.

The **Alaska Energy Authority (AEA)** is a public corporation of the State in the Department of Commerce and Economic Development but with a separate and independent legal existence (AS 44.83.020). The purpose of AEA was to promote, develop, and advance the general prosperity and economic welfare of the people of the State by providing a means of constructing, acquiring, financing, and operating power projects and facilities that recover and use waste energy.

However, chapters 18 and 19, session laws of Alaska (SLA) 1993, which became effective August 11, 1993, eliminated the ability of AEA to construct, own, and acquire energy projects and the programs operated by AEA were transferred to the Department of Community and Regional Affairs. The corporate structure of AEA was retained but the board of directors of the Alaska Industrial Development and Export Authority (AIDEA) is now the board of directors of AEA and the Executive Director of AIDEA is also the Executive Director of AEA. It is the intent of the legislation that ongoing operation of the operating assets be assumed by the electric utility companies that use or purchase power from AEA with oversight responsibility retained by AEA. AEA financial statements may be obtained from the Alaska Industrial Development and Export Authority, 480 W. Tudor Rd., Anchorage, AK 99503-6690.

The **Alaska Housing Finance Corporation (AHFC)** is a public corporation and government instrumentality within the Department of Revenue, but having a legal existence independent of and separate from the State (AS 18.56.020). The Governor appoints the board of directors of AHFC. The legislature approves AHFC's budget. AHFC assists in providing decent, safe, and sanitary housing by providing mortgage loan financing. AHFC acts as the principal source of residential financing in the State and functions as a secondary mortgage market. AHFC financial statements may be obtained from the Alaska Housing Finance Corporation, P.O. Box 101020, Anchorage, AK 99510-1020.

The **Alaska Industrial Development and Export Authority (AIDEA)** is a public corporation of the State and a political subdivision within the Department of Commerce and Economic Development (AS 44.88.020). The Governor appoints all members of the AIDEA board of directors and the legislature approves AIDEA's budget. The purpose of AIDEA is to promote, develop, and advance the general prosperity and economic welfare of the people of Alaska; to relieve problems of unemployment; to create additional employment by providing various means of financing; and to facilitate the financing of industrial, manufacturing, export, and business

enterprises within the State. AIDEA financial statements may be obtained from the Alaska Industrial Development and Export Authority, 480 W. Tudor Rd., Anchorage, AK 99503-6690.

The **Alaska Mental Health Trust Authority (AMHTA)** is established as a public corporation of the State within the Department of Revenue (AS 47.30.011). The Governor appoints the AMHTA board of trustees. The legislature approves AMHTA's budget. The purpose of AMHTA is to ensure an integrated comprehensive mental health program. As provided in AS 37.14.009, AMHTA is to administer the trust established under the Alaska Mental Health Enabling Act of 1956. AMHTA financial statements may be obtained from the Alaska Mental Health Trust Authority, 550 W 7th Ave, Suite 1820, Anchorage, AK 99501.

The **Alaska Municipal Bond Bank Authority (AMBBA)** is a public corporation and an instrumentality of the State within the Department of Revenue, but with a legal existence independent of and separate from the State (AS 44.85.020). The Governor appoints members of the AMBBA board of directors. The legislature approves AMBBA's budget. AMBBA was created for the purpose of making available to municipalities within the State moneys to finance their capital projects or for other authorized purposes by means of issuance of bonds by AMBBA and use of proceeds from such bonds to purchase from the municipalities their general obligation and revenue bonds. AMBBA commenced operations in August 1975. AMBBA financial statements may be obtained from the Alaska Municipal Bond Bank Authority, P.O. Box 110405, Juneau, AK 99811-0405

The **Alaska Railroad Corporation (ARRC)** is a public corporation and instrumentality of the State within the Department of Commerce and Economic Development (AS 42.40.010). ARRC has a legal existence independent of and separate from the State. The powers of ARRC are vested in the board of directors appointed by the Governor. ARRC was created by the State of Alaska legislature to own and operate the railroad and manage the railroad's rail, industrial, port, and other properties. The ARRC commenced operations on January 6, 1985. ARRC financial statements may be obtained from the Alaska Railroad Corporation, P.O. Box 107500, Anchorage, AK 99510-7500.

The **Alaska Science and Technology Foundation (ASTF)** is established as a public corporation in the Department of Commerce and Economic Development (AS 37.17.010). ASTF is governed and administered by a board of directors appointed by the Governor. ASTF's budget is approved by the legislature. The purpose of ASTF is to promote and enhance through basic and applied research: economic development and technological innovation in Alaska, public health, telecommunications, and sustained growth and development of Alaskan scientific and engineering capabilities. A BIDCO (AS 37.17.210) loan fund was created in ASTF in FY 95 to assist in the formation, capitalization, and operation of corporations that are licensed under AS 10.13. ASTF financial statements may be obtained from the Alaska Science and Technology Foundation, 4500 Diplomacy Dr., Suite 515, Anchorage, AK 99508-5918.

The **Alaska Student Loan Corporation (ASLC)** is a public corporation and government instrumentality within the Department of Education but having a legal existence independent of and separate from the State (AS 14.42.100). ASLC is governed by a board of directors appointed by the Governor. ASLC's budget is approved by the legislature. The purpose of the corporation is to improve higher educational opportunities for residents of the State. ASLC financial statements may be obtained from the Postsecondary Education Commission, 3030 Vintage Blvd., Juneau, AK 99801-7109.

The **University of Alaska** is established as a corporation and is an instrumentality of the State of Alaska (AS 14.40.040). A board of regents appointed by the Governor and confirmed by the legislature governs the university. The legislature approves the university's budget. The university is created and acts for the benefit of the State and the public in providing education in accordance with an express mandate of the constitution. The university's financial statements may be obtained from the University of Alaska, Statewide Fund Accounting, 209 B Butrovich Building, P.O. Box 756540, Fairbanks, AK 99775-6540.

The following organizations have been determined to be component units required to be discretely presented. However, they are reported in the general fund within the Department of Commerce and Economic Development because their financial activities, which are immaterial, are currently accounted for in the State's general fund.

The **Alaska Seafood Marketing Institute (ASMI)** is a public corporation of the State (AS 16.51.010). It is an instrumentality of the State with a legal existence independent of and separate from the State. ASMI is governed by a board of directors appointed by the Governor, and its budget is approved by the legislature. The purpose of ASMI is to promote all species of seafood and their by-products harvested in Alaska for sale, and to develop market-oriented quality specifications. Exercise of the powers conferred by statute to ASMI is an essential governmental function. The ASMI 1999 budget was approximately \$10.5 million.

The **Alaska Tourism Marketing Council (ATMC)** is a public corporation of the State (AS 44.33.700). It is an instrumentality of the State with a legal existence independent of and separate from the State. ATMC is governed by a board of directors, of whom the majority are appointed by the Governor, and its budget is approved by the legislature. The purpose of ATMC is to support and expand the visitor industry of the State and to foster expansion of the market for Alaska as a destination throughout the nation and the world. Exercise of the powers conferred by statute to ATMC is an essential governmental function. The ATMC 1999 budget was approximately \$4.6 million.

The following organizations, which were created by State statute, have been determined not to be part of the reporting entity. Individual financial reports may also be obtained from each of these organizations:

The **Alaska Bar Association (ABA)** is an instrumentality of the State but is a separate and independent agency (AS 08.08.010). The powers and duties of the board are conferred by the Alaska Integrated Bar Act (AS 08.08) and the Alaska Bar Rules promulgated by the Supreme Court of Alaska. The main function of ABA is the admission and discipline of its members. Additional functions include providing for continuing legal education and certification of a continuing legal education program. ABA is excluded from the State's reporting entity primarily because the State does not appoint a voting majority of the board of directors, and ABA is not fiscally dependent on the State.

The **Alaska Commercial Fishing and Agriculture Bank (CFAB)** was created by State statute and was incorporated on May 4, 1979 (AS 44.81.010). Its purpose is to promote growth of Alaska agriculture and fishing by providing debt financing to resident-owned businesses engaged in harvesting, processing, or marketing, and to promote its own growth as a strong user-oriented institution through cooperative ownership and self-governance. CFAB is excluded from the State's reporting entity primarily because the State does not appoint a voting majority of the CFAB board of directors, and CFAB is not fiscally dependent on the State.

The legislature delegated authority to operate public schools in **regional educational attendance areas (REAs)** to local school boards (AS 14.08.021). The Department of Community and Regional Affairs in consultation with the Department of Education and local communities is to divide the unorganized borough into educational service areas using the boundaries or subboundaries of the regional corporations established under the Alaska Native Claims Settlement Act, unless by referendum a community votes to merge with another community contiguous to it but within the boundaries or subboundaries of another regional corporation. REAs are excluded from the State's reporting entity primarily because the State does not appoint a voting majority of the REAs' boards. The regional school boards have corporate powers: the right to sue and be sued, establish fiscal procedures, adopt regulations, establish personnel rules, etc. Unlike other school districts, no local contributions are required for funding the schools' operations.

B. BASIS OF PRESENTATION

The accompanying financial statements of the State of Alaska have been prepared in conformity with generally accepted accounting principles (GAAP). The State of Alaska maintains its accounting in accordance with the principles of fund accounting. With the exception of financial activity separately accounted for by the component units referenced in Note 1.A, the financial transactions of the State are recorded in individual funds in the State's central accounting system. A fund is a fiscal and accounting entity established to segregate and to account for designated resources and activities. The transactions of each fund are recorded in a self-balancing group of accounts - an accounting entity - which stands separate from activities reported in other funds.

For financial statement presentation, like kinds of funds are combined and reported as a fund group. The accompanying financial statements are structured into three categories of funds and a fourth category of accounting entity, the account group.

GOVERNMENTAL FUNDS

Governmental funds are used to account for the State's general government activities. The general fund is the State's primary operating fund, and also accounts for the majority of the State's capital project expenditures. It is used to account for all financial resources except those required to be accounted for in another fund. The special revenue funds account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes. The debt service fund accounts for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs. The capital projects funds primarily account for general obligation bond proceeds and other financial resources appropriated to the capital projects funds to be utilized for the acquisition, construction, or improvement of major

capital facilities. However, capital projects are accounted for in each fund from which appropriations are made to finance the projects, with the majority of the capital projects being accounted for in the general fund.

PROPRIETARY FUNDS

Enterprise funds account for operations: (1) that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (2) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. Several component units of the State are reported in this fund group, as well as those funds accounted for on the State's accounting system.

Internal service funds account for the financing of goods and services provided by one department or agency to other departments or agencies of the State on a cost-reimbursement basis.

FIDUCIARY FUNDS

Fiduciary funds account for assets held by the State on behalf of others in a fiduciary capacity. Expendable trust funds account for assets held by the State in a trustee capacity where the principal and income may be expended in the course of the fund's designated operations. Nonexpendable trust funds account for assets held by the State in a trustee capacity where only income derived from the principal may be expended in the course of the fund's designated operations. The principal must be preserved intact. Pension trust funds account for transactions, assets, liabilities, and net assets available for plan benefits of the various public employees' retirement systems. Agency funds account for the receipt and disbursement of various taxes, deposits, deductions, and property collected by the State, acting in the capacity of an agent, for distribution to other governmental units, other organizations, or individuals.

ACCOUNT GROUPS

The general fixed assets account group is used to account for fixed assets (i.e., land, buildings, and equipment) owned by the State, except for those assets accounted for in proprietary and fiduciary funds. The general long-term debt account group accounts for all of the long-term obligations of the State except those accounted for in proprietary, trust, and college and university funds.

TOTALS PRIMARY GOVERNMENT (MEMORANDUM ONLY)

The "Totals Primary Government (Memorandum Only)" columns in the accompanying financial statements represent a summation of the combined financial statement line items of the fund types and account groups for the primary government only and are presented for analytical purposes. Amounts shown in this column are not comparable to a consolidation because fund types and account groups use different bases of accounting, interfund and intrafund transactions have not been eliminated, and the item captioned "Amount to be Provided for Retirement of General Long-Term Debt" is not an asset in the usual sense.

FISCAL YEAR-ENDS

All funds and component units of the State of Alaska are reported using fiscal years which end on June 30 except the Alaska Railroad Corporation and Deferred Compensation Fund fiscal years end on December 31, and the Alaska Supplemental Benefits System fiscal year ends on January 31.

C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements.

GOVERNMENTAL FUND TYPES, EXPENDABLE TRUST, AND AGENCY FUNDS

All governmental and expendable trust funds are accounted for using a current financial resources measurement focus and are reported on the modified accrual basis. Under the modified accrual basis of accounting, revenues are recognized when they become measurable and available to finance operations during the current year or to liquidate liabilities existing at the end of the year. Major revenues that are determined to be susceptible to accrual include federal, charges for services, investment income, and petroleum related taxes and royalties.

The major unrestricted revenue categories of Taxes and Rents & Royalties are based on self-assessed returns. These returns are initially based upon estimated values and are subsequently settled as the actual values become known. These revenues are recorded in the fiscal year of the settlement.

All receipts dedicated to the Alaska Permanent Fund by the State constitution are recognized as revenues of the general fund and are offset by a corresponding residual equity transfer to the Alaska Permanent Fund. All receipts dedicated to the Public School Fund by statute are recognized as revenues of the Public School Fund. All receipts dedicated to the Constitutional Budget Reserve Fund by the State constitution are recognized as revenues of the Constitutional Budget Reserve Fund.

Expenditures are recognized when the related fund liability is incurred. Exceptions to the general modified accrual recognition criteria include principal and interest on general long-term indebtedness which are recognized when due and compensated absences which are recognized when paid.

Agency funds are also accounted for on the modified accrual basis of accounting. However, agency funds are custodial in nature (i.e., assets equal liabilities) and do not measure the results of operations.

PROPRIETARY FUND TYPES, NONEXPENDABLE, AND PENSION TRUST FUNDS

Proprietary funds and nonexpendable trust funds are accounted for on the flow of economic resources measurement focus and are reported on the accrual basis. Revenues are reported in the fiscal year in which they are earned and expenses are reported in the fiscal year in which the liabilities for goods and services are incurred.

Pension trust funds and the deferred compensation plan are reported on the accrual basis of accounting. Contributions are recognized in the period in which they become due. Benefits and refunds are recognized when due and payable.

D. BUDGETARY CONTROL

Once money received is deposited in the State Treasury, no money may be withdrawn from the Treasury except in accordance with an appropriation made by law. Those amounts received by component units are disbursed in accordance with their particular statutory authority.

The budgetary process is used to establish a balancing of estimated revenues coming into a fund with requested appropriations for that fund. Except for capital projects funds which prepare only project-length budgets, annual operating (and project-length) budgets are prepared for practically every fund and are submitted to the legislature for the enactment of appropriations. An appropriation is an authorization to spend money and to incur obligations. Each appropriation is limited as to purpose, time, and amount, and each of these limitations is legally binding. The legal level of budgetary control is maintained at the appropriation level as specified in the enabling legislation, which is generally at the program level within a department.

Appropriations as enacted by the legislature and signed by the Governor are entered into the accounting records. The balance of an appropriation is reduced when funds are expended or encumbered. Appropriations are encumbered for anticipated expenditures in the form of purchase orders, contracts, and other obligations. Encumbrances outstanding at year-end are reported as reservations of fund balances and do not constitute expenditures or liabilities. Unencumbered annual appropriations lapse at the end of the fiscal year.

Expenditures of funds are made only upon properly approved requests for payment. The total of expenditures and encumbrances (obligations) may not exceed the appropriations to which they pertain. Transfers between appropriations are not authorized. Agencies faced with potential overexpenditure of appropriations must (1) reduce the rate of expenditures, (2) seek relief through supplemental appropriations, or (3) request necessary approvals to receive and expend additional funds. In order to provide sufficient funding for several programs during FY 99, supplemental appropriations of \$60.2 million were required of which \$25.4 million were appropriations from the general fund.

E. CASH AND INVESTMENTS, CASH AND CASH EQUIVALENTS

The amounts shown on the Combined Balance Sheet as Cash and Investments represent cash on deposit in banks, petty cash, cash invested in various short-term instruments, and other investments of the State and its component units. Investments of the State are stated at fair value in accordance with GASB Statement No. 31 (GASBS 31). In accordance with GASBS 31, all investments are stated at fair value, which approximates market value. Fair value is the amount at which an investment could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The fair value of the State's nonpooled marketable debt securities is determined daily by the custodial agent using pricing services or prices quoted by one or more independent brokers. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates, if applicable, defaulting to current bid price if a particular security was not traded that day. Securities not traded on a national or international exchange are based on equivalent values of comparable securities with interest rates for similar instruments.

Fair value pricing of the State's pooled marketable debt securities is performed daily by the custodian utilizing an independent pricing service. Fair value has been established as the midpoint between the bid and asked prices.

The net asset value per share of the S&P 500 Common Trust Fund and S&P 500 Tobacco-free Common Trust Fund is determined by the custodian daily. Individual securities held by the commingled trust funds are priced daily using pricing services or prices quoted by one or more independent brokers.

Investments of the Alaska Permanent Fund Corporation (APFC) are valued as follows: marketable securities, excluding direct real estate investments, are reported at fair value. Real estate commingled funds and direct real estate investments are carried at historical cost plus the APFC's share of undistributed earnings. Investments held by other component units are stated at fair value.

Most entities that are included in the Combined Statement of Cash Flows for the enterprise and trust funds show changes in cash and cash equivalents. For the purpose of the statement of cash flows, all highly liquid debt instruments with original maturities of three months or less are considered cash and cash equivalents. In addition, because the State's Short-term Fixed Income Pool operates as a demand deposit account, amounts invested in the pool are classified as cash and cash equivalents. At June 30, 1999, the assets of the pool were comprised of U.S. Treasuries, Federal agency debt, and corporate and other U.S. dollar-denominated bonds with residual cash invested in short-term money market instruments.

F. RECEIVABLES

Receivables have been established and offset with proper provisions for estimated uncollectible accounts where applicable. The amount of noncurrent receivables is included in the fund balance reserve which indicates they do not constitute expendable available financial resources and therefore are not available for appropriation.

Practically all accounts receivable of governmental funds are due from oil companies and governmental entities, primarily the federal government, and are considered collectible. Accounts receivable in other funds have arisen in the ordinary course of business.

G. INVENTORIES

Inventories reported for the internal service funds and the general fund consist mainly of consumable materials and supplies. Inventories are carried at cost (average cost for Highway Equipment Working Capital; FIFO for other internal service funds and the general fund), and are accounted for on the consumption method. However, the majority of materials and supplies for State agencies are accounted for as expenditures at the time of purchase. Inventory of the University of Alaska is carried at the lower of cost or market.

H. FIXED ASSETS

GENERAL FIXED ASSETS

Purchases of general fixed assets are charged as expenditures in the appropriate funds. These assets are then recorded for stewardship purposes in the general fixed asset account group and are not depreciated.

Fixed assets in the general fixed asset account group are presented at cost or estimated historical cost, except for Statehood entitlement land which is carried at estimated nominal value of \$1 per acre and State-owned buildings (other than State-owned schools) which are stated at estimated replacement value. The estimated cost of State-owned school buildings included in buildings at June 30, 1999, is \$296,959,010. Donated fixed assets are stated at fair market value at the time of donation. Interest during construction has not been capitalized. Public domain infrastructure fixed assets, including highways, highway land and rights-of-way, bridges, and airports, are not capitalized.

Changes in general fixed assets for the fiscal year ending June 30, 1999 were (in thousands):

	Balance June 30, 1998	Increase (Decrease)	Balance June 30, 1999
Land	\$ 205,264	\$ 28,324	\$ 233,588
Buildings	1,419,071	134,085	1,553,156
Equipment	545,647	(5,154)	540,493
Construction in Progress	177,226	-	177,226
Total	<u>\$ 2,347,208</u>	<u>\$ 157,255</u>	<u>\$ 2,504,463</u>

The following relates to the land owned by the State:

- The total State entitlement amounts to approximately 105.7 million acres, 102.5 million of which was received through the Statehood Act. In accordance with the Alaska Statehood Act Section 6(g), Alaska Native Claims Settlement Act, and the Alaska National Interest Lands Conservation Act, section 906(c), 90.0 million acres have been patented or "tentatively approved."
- The State disposes of various land parcels through several programs. However, the State generally retains the subsurface rights of the land upon disposal.

INTERNAL SERVICE FUNDS

Fixed assets of the internal service funds are carried at cost. Depreciation is based on cost, using the straight-line method applied to the estimated useful life of the assets. Following is a summary of property and equipment at June 30, 1999 (in thousands):

	Life	Amount
Land Improvements	10 to 14 years	\$ 114
Buildings	25 to 40 years	1,672
Equipment	4 to 20 years	184,114
		<u>185,900</u>
Accumulated depreciation		(107,719)
Total		<u>\$ 78,181</u>

ENTERPRISE FUNDS

ALASKA INTERNATIONAL AIRPORT SYSTEM

Property and equipment is carried at cost, except property originally received from the federal government which is valued at fair market value at the date contributed. Major additions and improvements to property and equipment are capitalized. Depreciation is provided over the estimated useful lives using the straight-line method. Repair and maintenance costs are expensed as incurred.

The cost and accumulated depreciation of assets retired or sold are removed from the accounts and any gain or loss is reflected in operations in the year of disposition.

Airport property was owned by the federal government prior to Statehood and contributed to the State after that date. Subsequent additions to property and equipment have been funded by governmental contributions, bond proceeds, and operating revenues. Following is a summary of property and equipment at June 30, 1999 (in thousands):

	Life	Amount
Land		\$ 25,146
Land improvements	5 to 40 years	289,167
Buildings	10 to 40 years	219,513
Equipment	5 to 10 years	30,311
Construction in progress		28,308
		<u>592,445</u>
Accumulated depreciation and amortization		(248,168)
Total		<u>\$ 344,277</u>

DISCRETELY PRESENTED COMPONENT UNITS

Property and equipment are stated at cost (fair market value for donated) and depreciated on the straight-line method over the estimated useful lives of the related assets, except for the University of Alaska (in conformity with accounting practices for governmental educational institutions, depreciation is not recorded). The estimated useful lives of the assets range from 4 to 50 years. Following is a summary of property and equipment (including estimated depreciation for the University) at June 30, 1999 (in thousands):

	Amount
Land	\$ 52,030
Utility Plant	931,512
Buildings	759,457
Improvements other than buildings	72,574
Equipment	203,385
Other Capitalizable assets	103,000
Construction in progress	105,496
	<u>2,227,454</u>
Accumulated depreciation and amortization	(714,860)
Total	<u>\$ 1,512,594</u>

I. WARRANTS OUTSTANDING

Warrants outstanding represent drafts issued against the State Treasury which have not yet cleared. These are somewhat similar to outstanding checks, however, cash is not reduced until the warrant is redeemed.

J. INTERFUND LIABILITIES

The general fund interfund liability is composed primarily of amounts appropriated from the Constitutional Budget Reserve Fund (CBRF). Because article IX, section 17(d), of the Alaska Constitution provides that amounts appropriated from the CBRF are to be repaid, these appropriations are recognized as a liability in the general fund.

The composition of the amount owed to the CBRF is as follows:

Long-term Portion	
Chapter 14, SLA 1994, section 7	\$ 1,006,038,474
Chapter 14, SLA 1994, section 8	49,608,135
Chapter 14, SLA 1994, section 9	368,581,990
Chapter 3, FSSLA 1994, section 39(c)	22,417,986
Chapter 3, FSSLA 1994, section 40	68,738,958
Chapter 3, FSSLA 1994, section 22(a)	11,250,000
Chapter 6, FSSLA 1994, section 1	130,300,000
Article IX, section 17(d) Alaska Constitution (FY 95)	(95,506,853)
Chapter 94, SLA 1995, section 43(a)	95,506,853
Chapter 94, SLA 1995, miscellaneous operating appropriations	8,356,516
Chapter 94, SLA 1995, section 43(b)	284,873,567
Article IX, section 17(d) Alaska Constitution (FY 96)	(74,352,026)
Chapter 5, FSSLA 1996, section 1 (a)	74,352,026
Chapter 94, SLA 1995, miscellaneous operating appropriations	8,316,412
Article IX, section 17(d) Alaska Constitution (FY 97)	(166,019,445)
Chapter 98, SLA 1997, section 35(a)	166,019,445
Chapter 98, SLA 1997, page 47, line 3	529,258
Chapter 98, SLA 1997, section 35(b)	423,319,190
Article IX, section 17(d) Alaska Constitution (FY 98)	(89,264,067)
Chapter 139, SLA 1998, section 42(a)	89,264,067
Chapter 2, SLA 1999, section 16(c)	446,949
Chapter 27, SLA 1999, Y2K appropriations	2,336,290
Chapter 2, FSSLA 1999, section 21(a)	1,042,014,840
Article IX, section 17(d) Alaska Constitution (FY 99)	(94,632,453)
Total Long-term Portion	<u>3,332,496,112</u>
Short-term portion	
Article IX, section 17(d) Alaska Constitution (FY 99)	94,632,453
Total Due to the CBRF	<u>\$ 3,427,128,565</u>

The amounts appropriated in chapter 14, SLA 1994, sections 7 and 8 are equal to the amounts appropriated from the general fund to the CBRF to comply with court orders. In FY 91 through FY 94, the State deposited revenue into the general fund which several parties contended should have been deposited into the CBRF. The Alaska Superior Court and Supreme Court agreed that these moneys should have been deposited in the CBRF and the State was ordered to restore the CBRF, including interest earnings, retroactive to July 1, 1990. Chapter 14, SLA 1994, was enacted into law to comply with the courts' orders and sections 2, 3, and 4 of the law appropriated \$1,006,038,474, plus \$49,608,135 in interest which would have been earned on the money after June 30, 1990, from the general fund to the CBRF effective April 15, 1994.

Chapter 14, SLA 1994, section 9, chapter 3, FSSLA 1994, section 39(c), chapter 94, SLA 1995, section 43(b), chapter 98, SLA 1997, section 35(b), and chapter 2, FSSSLA 1999, section 21(a) appropriated additional amounts from the CBRF to the general fund to fund any shortfalls between State revenue and general fund appropriations for fiscal years 1994, 1995, 1996, 1998 and 1999 respectively.

Chapter 3, FSSLA 1994, section 40, appropriated an amount to cover the share of the State's actual expenditures for oil and gas litigation from July 1, 1990, through February 15, 1994, that is attributable to the CBRF. The appropriation in section 22(a) of chapter 3 was to cover costs relating to legal proceedings and audit activity involving oil and gas revenue due or paid to the State or State title to oil and gas land, for the fiscal year ending June 30, 1995.

Chapter 6, FSSLA 1994, section 1, was passed by the Alaska legislature to resolve the long-standing issue of reconstitution of the Alaska Mental Health Trust (AMHT). CBRF funds were appropriated to capitalize the AMHT.

This schedule shows the effect of article IX, section 17(d), of the Alaska Constitution which provides that the amount of money in the general fund available for appropriation at the end of each succeeding fiscal year shall be deposited in the budget reserve fund until the amount appropriated is repaid. As of June 30, 1995, 1996, 1997, 1998, and 1999, amounts in various subfunds and accounts of the general fund which were identified as available for appropriation were used to repay a part of the general fund liability to the CBRF. The amounts for FY 95, FY 96, FY 97 and FY 98 were transferred to the CBRF during FY 96, FY 97, FY 98, and FY 99 respectively. The amount for FY 99 will be transferred to the CBRF during FY 00 and, therefore, is shown as a short-term portion of the liability to the CBRF.

The amounts transferred under article IX, section 17(d), were appropriated back to the funds from which transferred under chapter 94, SLA 1995, section 43(a) for FY 95, chapter 5, FSSLA 1996, section 1(a) for FY 96, chapter 98, SLA 1997, section 35(a) for FY 97, and chapter 139, SLA 1998, section 42(a) for FY 98.

Chapter 94, SLA 1995, appropriated amounts from the CBRF to fund miscellaneous operating appropriations.

Chapter 98, SLA 1997, page 47, line 3, and chapter 2, SLA 1999, section 16(c) appropriated amounts from the CBRF for Treasury Management of CBRF investments in FY 98 and FY 99 respectively.

Chapter 27, SLA 1999, section 2(b) appropriated funds from the CBRF for year 2000 assessment, compliance, and remediation projects.

K. ANNUAL/PERSONAL AND SICK LEAVE

The cost of annual/personal leave and sick leave for State employees is charged against agency appropriations when leave is used rather than when leave is earned. The one exception is the payment of the accumulated annual/personal leave balance for an employee terminating from State service. That amount is charged to a terminal leave liability account rather than the individual agency appropriation. This liability account is funded by a charge to each agency's operating budget.

Regulations governing annual/personal leave provide that State employees will receive time off or pay for hours accumulated; consequently, a liability exists with respect to accumulated annual/personal leave at any given time. Accumulated unpaid annual leave for college and university funds, internal service funds, and component units is reported as a current liability. The State's long-term liability at June 30, 1999, for all other accumulated unpaid annual or personal leave for the governmental funds is reported in the accompanying general long-term debt account group in the amount of \$89.8 million. The current liability for accumulated unpaid annual or personal leave is reported in general fund accounts payable in the amount of \$2.8 million. There is no liability in the accompanying financial statements for unpaid accumulated sick leave. See Note 9 for disclosure of the amount of the sick leave contingency.

L. BUDGETARY REPORTING

The legislature's legal authorization ("appropriations") to incur obligations is enacted on a basis inconsistent with GAAP. The reconciliation of the budgetary basis to GAAP is shown directly on the Combined Statement of Revenues, Expenditures, and Changes in Fund Balances - Budget and Actual - Budgetary Basis. Both the annual operating budget and the net continuing total budget are included.

The types of differences are as follows:

- For the general fund and special revenue funds, encumbrances are included for total authorized expenditures although for GAAP purposes they are excluded.
- For the general fund only, there was certain financial activity related to reimbursable services agreements (RSA) and certain interfund transactions that were recorded both in the general fund and in other funds. For budgetary purposes, that activity was left in the general fund, but for GAAP purposes it was eliminated from the general fund.

- Basis differences arise when the budgetary basis of accounting differs from the basis of accounting applicable to fund type when reporting on operations in accordance with GAAP. This difference is comprised of the following in the general fund (in thousands):

Petroleum severance taxes and royalties	\$ 5,974
Terminal leave	263
Medical Assistance Program	<u>(2,357)</u>
Total general fund basis difference	<u>\$ 3,880</u>

- Perspective differences result from the structure of financial information for budgetary purposes. The Group Health and Life Benefits Fund (Group Health and Life and Retiree Health) is established by statute as an account within the General Fund, but must be reported as an internal service fund to conform to GAAP. The federal receipts/disbursements for PL 81-874 are budgeted in the General Fund but are accounted for as an agency fund.

Group Health and Life and Retiree Health	\$ (19,197)
Federal receipts for PL 81-874	<u>(2,394)</u>
Total general fund perspective difference	<u>\$ (21,591)</u>

M. EQUITY AND OTHER CREDITS

RESERVED or DESIGNATED

Reservations of fund balance represent amounts that are not appropriable or are legally segregated for a specific purpose. A summary of the nature and purpose of these reserves of fund balances at June 30, 1999, by fund type follows (in millions):

<u>Reserved for Specific Purposes</u>	<u>General</u>	<u>Special Revenue</u>	<u>Fiduciary</u>	<u>Component Units</u>
Encumbrances	\$ 148.6	\$ 4.6	\$ -	\$ -
Four Dam Pool	184.6	-	-	-
Other nonliquid assets	19.7	-	-	-
Permanent Fund	-	-	25,132.1	-
Pension Benefits	-	-	11,043.4	-
Postemployment				
Healthcare Benefits	-	-	3,091.8	-
Budget Reserve	-	-	6,012.6	-
Mental Health Trust	-	-	-	322.5
Science & Technology	-	-	-	130.8
University Endowment	-	-	-	103.2
Other	16.3	0.2	1,921.2	49.8
Total	<u>\$ 369.2</u>	<u>\$ 4.8</u>	<u>\$ 47,201.1</u>	<u>\$ 606.3</u>

Designations of unreserved fund balances are established to reflect tentative plans for future utilization of current financial resources. A summary of the designations follows (in millions):

<u>Designated for</u>	<u>General</u>	<u>Special Revenue</u>	<u>Capital Projects</u>
Continuing appropriations	\$ 152.3	\$ 23.1	\$ 0.1
Tax & royalty revenue accruals	65.1	-	-
Oil & hazardous substance release response	50.2	-	-
Power cost equalization & rural electric capitalization	2.3	-	-
Other	17.7	-	-
Total	<u>\$ 287.6</u>	<u>\$ 23.1</u>	<u>\$ 0.1</u>

DEFICIT FUND BALANCES

At June 30, 1999, the unreserved, undesignated fund balance of the general fund was a deficit of \$3.4 billion. This deficit is due primarily to the general fund liability for the amounts appropriated from the Constitutional Budget Reserve Fund of \$3.3 billion. Also, the unreserved, undesignated fund balance of the Disaster Relief Fund, a

Special Revenue fund, was a deficit of \$9.5 million. However, the Disaster Relief Fund had sufficient reserved and designated fund balance to offset the deficit resulting in a positive total fund balance.

In addition to the general fund and the Disaster Relief Fund, the following funds had deficit retained earnings at year-end (stated in thousands): Enterprise Funds - Mining Revolving Loan \$5,903, Rural Development Revolving Loan \$327, and Agriculture Revolving Loan \$31,557. However, each of these funds had sufficient contributed capital to offset the deficit resulting in a positive total fund equity.

The discretely presented component units with deficit fund balance/retained earnings were (stated in thousands): Alaska Student Loan Corporation, \$43,124, and Alaska Energy Authority, \$262,062. Each of these funds also had sufficient contributed capital to offset the deficit resulting in a positive total fund equity.

NOTE 2 - DEPOSITS AND INVESTMENTS

The Governmental Accounting Standards Board (GASB) Statement No. 3 requires a disclosure regarding custodial credit risk to indicate the chance of loss in the event a financial institution or third party holding the deposits or securities fails. Deposits and those investments represented by specific, identifiable securities are classified into three categories of credit risk: Category 1 - Insured or registered, or securities held by the State or its custodian in the State's name; Category 2 - Uninsured or unregistered, with securities held by the counterparty's trust department or agent in the State's name; and Category 3 - Uninsured and unregistered, with securities held by the counterparty, or by its trust department or agent, but not in the State's name.

A. DEPOSITS AND INVESTMENTS UNDER THE CONTROL OF THE COMMISSIONER OF REVENUE

By law, all deposits and investments are under the control of the Commissioner of the Department of Revenue (Commissioner) except where the legislature has delegated that responsibility to other individuals or boards responsible for separate subdivisions or component units of the State. Those agencies and component units which manage their own cash and investments are: Alaska Permanent Fund Corporation, Alaska Energy Authority, Alaska Housing Finance Corporation, Alaska Industrial Development and Export Authority, Alaska Municipal Bond Bank Authority, Alaska Railroad Corporation, Alaska Mental Health Trust Authority, Alaska Science and Technology Foundation, Alaska Student Loan Corporation, and the University of Alaska.

Invested assets under the fiduciary responsibility of the Commissioner are comprised of the General Fund and Other Non-segregated Investments (GeFONSI), Constitutional Budget Reserve Fund, International Airports Fund, Retiree Health Insurance Fund as well as the Public School, Alaska Children's, Investment Loss, and Supplemental Benefits System (SBS) trust funds (all collectively, Funds).

As the fiduciary, the Commissioner has the statutory authority (AS 37.10.070 - 37.10.071) to invest the assets under the Prudent Investor Rule which requires that investments shall be made with the judgement and care under circumstances then prevailing that an institutional investor of ordinary professional prudence, discretion, and intelligence exercises in managing large investment portfolios.

The Commissioner also acts as official custodian of the Alaska Advance College Tuition Payment Fund established under AS 14.40.803. Among other responsibilities, the custodian invests the assets of the fund as provided in AS 14.40.805 and in accordance with investment objectives, criteria, and asset allocation guidelines established by the Board of Regents of the University of Alaska.

Where possible, securities are managed in a pooled environment, unless required by statute or bond resolution to be held separately. The Short-term Fixed Income Pool contains assets of other participants outside the reporting entity and, as such, cannot be categorized into one of the three risk categories because the amounts reported represent interests in the pool rather than ownership of specific, identifiable securities. However, all of the underlying securities within the Short-term Fixed Income Pool are considered to be Category 1 and are held by the custodian in the State's name. Category 1 is the highest level of safekeeping security as defined by GASB.

Certain types of investments are not subject to the custodial credit risk disclosure requirements in GASB Statement No. 3. The common trust funds are open-ended mutual funds and are, therefore, not categorized with regard to credit risk. Mortgage assets are not transferable financial instruments (securities) and therefore are not categorized with regard to credit risk.

At June 30, 1999, except those not categorized with regard to credit risk as noted above, all of the Funds' deposits and investments are considered to be Category 1 with respect to safekeeping risk as defined by GASB Statement No. 3 and GASB Technical Bulletins No. 87-1 and No. 97-1. Category 1 is the highest level of safekeeping security as defined by GASB. Deposits and investments at June 30, 1999, are summarized as follows (in thousands):

Deposits	Category			Fair Value
	1	2	3	
Certificates of deposit	\$ 3,000	\$ -	\$ -	\$ 3,000
Non-interest bearing investments	7,516	-	-	7,516
Total	\$ 10,516	\$ -	\$ -	\$ 10,516

Investments	Category			Fair Value
	1	2	3	
Short-term investment fund	\$ 35	\$ -	\$ -	\$ 35
Intermediate-term fixed income pool	1,571,196	-	-	1,571,196
No-constraint fixed income pool	1,490,799	-	-	1,490,799
U.S. Government and agency debt	490	-	-	490
Total categorized investments	\$ 3,062,520	\$ -	\$ -	3,062,520
Not categorized:				
Short-term fixed income pool (a)				894,495
Russell Special Small company common trust fund				26,185
S&P 500 common trust fund				113,062
Mortgage assets, net of allowance				14
Total				\$ 4,096,276

(a) Includes funds under the fiduciary responsibility of the Alaska State Pension Investment Board which also participate in the Short-term Fixed Income Pool.

Additional investment information on the various pools and investments, as well as the Funds, may be obtained from the Department of Revenue, Treasury Division, P.O. Box 110405, Juneau, Alaska 99811-0405.

B. DEPOSITS AND INVESTMENTS UNDER THE CONTROL OF THE ALASKA STATE PENSION INVESTMENT BOARD

Assets of the pension funds (Public Employees', Teachers', Judicial, and the Alaska National Guard and Naval Militia Retirement Systems), the Supplemental Benefits System, and Deferred Compensation Plans are under the fiduciary responsibility of the Alaska State Pension Investment Board (ASPIB).

PENSION FUNDS

ASPIB has statutory responsibility for the pension funds' investments and the authority to invest the funds' moneys. As the fiduciary, ASPIB has the statutory authority to invest the assets under the Prudent Investor Rule. Alaska Statute provides that investments shall be made with the judgement and care under circumstances then prevailing that an institutional investor of ordinary professional prudence, discretion, and intelligence exercises in managing large investment portfolios. Actual investing is performed by the investment officers of the Division of Treasury or by contracted external investment managers. Specifically, external management companies manage the External Domestic Fixed Income Pool, International Fixed Income Pool, Domestic Equity Pool, International Equity Pool, Emerging Markets Equity Pool, Real Estate Equity Pool, and Private Equity Pool investments. In addition to acting as oversight manager for all externally managed investments, Treasury Division staff manage a majority of the pension funds' investments in domestic fixed income securities as well as all mortgage-related assets and cash holdings of certain external domestic equity managers.

Unless required by statute or bond resolution to be held separately, deposits and securities are managed in a pooled environment. Deposits and investments are recorded at fair value as defined by GASB No. 31. Mortgage-related assets are valued at their principal balance (cost) less an allowance for loan loss, the result of which approximates fair value.

The funds' cash and cash equivalents and investments other than mortgage-related assets are represented by participation in the investment pools rather than specific, identifiable securities. Although pooled deposits represent the funds' share of ownership in the pool rather than ownership of specific securities, all of the

underlying securities in the pool are considered to be Category 1 as defined by GASB Statement No. 3. Category 1 is the highest level of safekeeping security as defined by GASB.

The funds' pooled investments are considered to be Category 1 except those in the Emerging Markets Equity Pool which are considered to be Category 2, and shares in the Private Equity Pool and the Real Estate Equity Pool which, like the funds' mortgage-related assets, are not transferable financial instruments and therefore cannot be categorized with regard to custodial credit risk. At June 30, 1999, except those not categorized with regard to credit risk as described above, the pension funds' investments are classified as follows (in thousands):

Investments	Category			Fair Value
	1	2	3	
Marketable debt securities:				
U.S. Government debt	\$ 1,436,953	\$ -	\$ -	\$ 1,436,953

International equities	1,903,338	-	-	1,903,338
Total categorized investments	<u>\$12,383,326</u>	<u>\$ 125,680</u>	<u>\$ -</u>	12,509,006
Not categorized:				
Cash and cash equivalents				377,316
Venture capital limited partnerships				65,149
Real estate equities				478,930
Mortgage-related assets				1,652
Interest and dividends receivable				81,746
Total				<u>\$13,513,799</u>
<u>Participant's Ownership in Pooled Investments</u>				
Public Employees' Trust Fund				\$ 8,088,138
Teachers' Trust Fund				4,184,707
Judicial Trust Fund				68,220
Alaska National Guard and Alaska Naval Militia Retirement Fund				13,137
Other funds (a)				1,159,597
Total				<u>\$13,513,799</u>

(a) Includes funds under the fiduciary responsibility of the Alaska State Pension Investment Board which also participate in the Short-term Fixed Income Pool.

Additional investment information on the assets of the retirement systems may be obtained from the Department of Revenue, Treasury Division, P.O. Box 110405, Juneau, Alaska, 99811-0405.

DEFERRED COMPENSATION

The State's Internal Revenue Code Section 457 deferred compensation plan investments in collective investment funds, held in trust, are stated at fair value based on the unit value as reported by the trustees multiplied by the number of units held. The unit value is determined by the trustees based on the fair market value of the underlying assets. Purchases and sales of assets within the collective investment pools are recorded on a trade-date basis.

Investments in fully benefit responsive synthetic investment contracts are stated at contract values which include contributions made under the contracts, plus earnings, less investment expenses and participant withdrawals paid to terminated members. The synthetic investment contracts (\$102.7 million) plus cash and cash equivalents (\$7.7 million) comprise the interest income fund.

As of December 31, 1998, deferred compensation plan investments totaled \$361.4 million (fair value). The investments were comprised of \$110.4 million in interest income fund (category 1), and \$251.0 million in collective

investment funds which cannot be categorized into one of the three risk categories because they represent interests in funds rather than ownership of specific securities.

SUPPLEMENTAL BENEFITS SYSTEM

Supplemental Benefits System (SBS) investments at January 31, 1999, include the following collective investment funds: S&P 500 Stock Index Fund, Daily Government/Corporate Bond Fund, Money Market Fund, as well as shares in the State of Alaska Short-term Fixed Income Pool.

SBS investments in collective investment funds, held in trust, are stated at fair value based on the unit value as reported by the trustees multiplied by the number of units held by SBS. Unit value is determined by the trustees based on the fair value of the underlying assets. Purchases and sales of securities are recorded on a trade-date basis.

SBS has formed six pooled investment funds, five of which are participant-directed. The pooled investment funds are wholly owned by the five participant-directed funds. The pooled investment funds at January 31, 1999, are GNMA Pool, Government/Corporate Pool, Cash Pool, Equity Pool, Small Cap Pool, and International Equity Pool. SBS ownership of pooled investment funds, held in trust, are stated at fair value based on the unit values as reported by the trustees multiplied by the number of units held by SBS. Unit value is determined by the trustees based on the fair market value of the underlying assets. Purchases and sales of securities are recorded on a trade-date basis.

SBS investments totaled \$1.74 billion (fair value) at January 31, 1999, all of which represents an undivided interest in commingled funds (pools) rather than specific, identifiable securities. Investments in collective investment funds cannot be categorized into one of the three risk categories because they represent interests in funds rather than ownership of specific securities. Although the pooled investments represent the Plan's ownership in the pools, rather than ownership of specific securities, all of the underlying securities in the pools in which the Plan participates are considered to be Category 1 and are held by the custodian in the Plan's name.

C. DEPOSITS AND INVESTMENTS MAINTAINED BY COMPONENT UNITS WHOSE ACCOUNTS ARE OUTSIDE OF THE STATE TREASURY

ALASKA PERMANENT FUND CORPORATION

All Alaska Permanent Fund Corporation deposits and investments are classified in GASB Statement No. 3 risk category 1, the lowest risk category, except as noted.

CASH AND TEMPORARY INVESTMENTS

All cash and temporary investments bear interest at competitive rates, and are summarized as follows at June 30, 1999 (in thousands):

Claims on cash (a)	\$ 142,216
U.S. agencies (b)	1,393
Commercial paper (c)	217,572
Total cash and temporary investments	<u>\$ 361,181</u>

- (a) Share ownership in a money market fund, payable on demand. Collateralized by underlying securities held by the custodian in the name of the Fund. Not considered an investment nor assigned a specific risk category.
- (b) Debt obligation guaranteed by the U.S. government.
- (c) Commercial paper rated investment grade.

MARKETABLE DEBT SECURITIES

The Corporation is authorized by statute to invest Fund assets in (i) corporate bonds rated investment grade, (ii) obligations of the U.S. Treasury, its agencies and instrumentalities, and (iii) foreign obligations of comparable quality. All marketable debt securities are held by custodian banks in the name of the Corporation on behalf of the Fund.

Marketable debt securities at June 30, 1999, are summarized as follows (in thousands):

	Cost	Market	Unrealized Gains/(Losses)
Treasury notes/bonds	\$ 4,366,922	\$ 4,278,235	\$ (88,687)
Mortgage-backed securities	795,587	790,671	(4,916)
Other federal agencies	1,315,035	1,306,731	(8,304)
Corporate bonds	3,690,793	3,618,564	(72,229)
Nondomestic bonds	512,488	484,924	(27,564)
Total marketable debt securities	<u>\$ 10,680,825</u>	<u>\$ 10,479,125</u>	<u>\$ (201,700)</u>

PREFERRED AND COMMON STOCK

The Corporation is authorized by statute to invest Fund assets in the preferred and common stock of United States and nondomestic corporations. All preferred and common stock investments are held by custodial banks in the name of the Corporation on behalf of the Fund. Preferred and common stock at June 30, 1999, are summarized as follows (in thousands):

	Cost	Market	Unrealized Gains
Domestic	\$ 6,351,224	\$ 9,430,628	\$ 3,079,404
Nondomestic	2,998,677	3,663,408	664,731
Total preferred & common stock	<u>\$ 9,349,901</u>	<u>\$ 13,094,036</u>	<u>\$ 3,744,135</u>

REAL ESTATE

The Corporation is authorized by statute to invest Fund assets in real estate improved by substantially rented buildings located in the U.S. Real estate investments may take the form of equity interests, real estate title-holding entities, investment trusts, operating companies or other entities whose assets consist primarily of real property, debt obligations secured by real property or similar entities. All real estate investments are held by the Corporation in its own name on behalf of the Fund, and are managed by professional real estate management firms.

Carrying value of real estate at June 30, 1999, was \$2,002,511,000. Carrying value consists of the equity value of direct real estate investments, commingled funds and commercial mortgages and the market value of real estate investment trusts and commercial mortgage-backed securities.

Real estate investments at June 30, 1999, are summarized as follows (in thousands):

	Book Value	Market Value	Unrealized Gains/(Losses)
Commingled funds	\$ 16,845	\$ 20,346	\$ 3,501
Real estate investment trusts	470,599	462,338	(8,261)
Commercial mortgages	11,646	11,646	-
Commercial mortgage-backed securities	112,608	112,269	(339)
Alaska residential mortgages	207	207	-
Direct investments -			
Retail	333,819	353,324	19,505
Office	581,964	659,703	77,739
Industrial	158,034	167,049	9,015
Residential	325,389	349,188	23,799
Total real estate	<u>\$ 2,011,111</u>	<u>\$ 2,136,070</u>	<u>\$ 124,959</u>

ALASKA CERTIFICATES OF DEPOSIT

The Corporation is authorized by statute to invest Fund assets in certificates of deposit or the equivalent instruments of banks, savings and loan associations, mutual savings banks, and credit unions doing business in Alaska. Letters of credit issued by the Federal Home Loan Bank secure these investments. The market value of these certificates of deposit approximates cost.

DISCRETELY PRESENTED COMPONENT UNITS

At June 30, 1999, the discretely presented component units' investments by risk category were (in thousands):

Investments	Category			Fair Value
	1	2	3	
U.S. Treasury securities	\$ 293,209	\$ 31,059	\$ -	\$ 324,268
U.S. Government agency securities:	376,315	75,614	-	451,929
Corporate securities	847,078	324,786	18,460	1,190,324
Total categorized investments	<u>\$ 1,516,602</u>	<u>\$ 431,459</u>	<u>\$ 18,460</u>	1,966,521
Not categorized				
Equity in State treasury				41,580
Equity in Permanent Fund Corporation				
Investments				436,753
Guaranteed Investment Contracts				9,340
Other				770,418
Total				<u>\$ 3,224,612</u>

NOTE 3 - BONDS PAYABLE AND OTHER LONG-TERM OBLIGATIONSSUMMARY OF CHANGES

A summary of changes in general long-term debt for the fiscal year ended June 30, 1999, (in thousands) is as follows:

	Balance July 1, 1998	Increases	Decreases	Balance June 30, 1999
Serial Bonds Payable	\$ 10,891	\$ -	\$ 8,515	\$ 2,376
Capital Leases Payable	169,613	3,318	13,866	159,065
Expendable Trust Fund	27,806	-	4,000	23,806
Accrued Vacation Leave	91,219	33,069	34,487	89,801
Claims and Judgements	99,847	-	13,733	86,114
Total	<u>\$ 399,376</u>	<u>\$ 36,387</u>	<u>\$ 74,601</u>	<u>\$ 361,162</u>

GENERAL OBLIGATION AND INTERNATIONAL AIRPORTS REVENUE BONDS

The full faith, credit, and resources of the State are pledged to secure payment of general obligation bonds. Gross revenues derived from the operation of the two international airports at Anchorage and Fairbanks are pledged to secure the payment of principal and interest on International Airports revenue bonds.

All general obligation bonds and International Airports revenue bonds authorized by the Alaska legislature have been issued. Debt service requirements for the next five years and thereafter are as follows (in thousands):

Year Ending June 30	General Obligation Bonds		Airport Revenue Bonds	
	Principal	Interest	Principal	Interest
2000	\$ 2,376	\$ 57	\$ 3,210	\$ 7,745
2001	-	-	1,135	10,152
2002	-	-	3,660	10,096
2003	-	-	5,730	9,937
2004	-	-	5,970	9,692
Thereafter	-	-	190,720	114,892
Total	<u>\$ 2,376</u>	<u>\$ 57</u>	<u>\$ 210,425</u>	<u>\$ 162,514</u>

CAPITAL LEASES PAYABLE

Debt service requirements for capital leases are (in thousands):

<u>Year Ending June 30</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2000	\$ 15,959	\$ 4,114	\$ 20,073
2001	12,718	3,605	16,323
2002	12,718	3,181	15,899
2003	13,161	2,745	15,906
2004	12,632	2,313	14,945
Thereafter	91,877	7,431	99,308
Total	<u>\$ 159,065</u>	<u>\$ 23,389</u>	<u>\$ 182,454</u>

EXPENDABLE TRUST FUND LIABILITIES

Debt service requirements for expendable trust fund liabilities are \$4.0 million in fiscal year 2000, \$4.0 million for the next two years, with a final payment in fiscal year 2003 of \$11.8 million.

DISCRETELY PRESENTED COMPONENT UNITS

Debt service requirements are (in thousands):

<u>Year Ending June 30</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2000	\$ 92,181	\$ 188,819	\$ 281,000
2001	96,284	191,114	287,398
2002	108,927	185,268	294,195
2003	113,585	177,064	290,649
2004	116,612	170,996	287,608
Thereafter	2,971,579	2,847,457	5,819,036
Total debt service requirements	<u>3,499,168</u>	<u>\$ 3,760,718</u>	<u>\$ 7,259,886</u>
Unamortized discounts, unexpended bond proceeds, accreted interest, and deferred amount on refunding	(37,292)		
Total principal outstanding	<u>\$ 3,461,876</u>		

The above table does not include \$428,605 of Alaska Energy Authority arbitrage interest payable.

NOTE 4 - DEFINED BENEFIT PENSION PLANS**A. STATE ADMINISTERED PLANS**DESCRIPTION OF PLANS

THE PUBLIC EMPLOYEES' RETIREMENT SYSTEM (PERS)

PERS is a defined benefit, agent, multiple-employer public employee retirement system established and administered by the State to provide pension and postemployment healthcare benefits for eligible State and local government employees. Benefit and contribution provisions are established by Chapter 35 of Alaska Statute Title 39, and may be amended only by the State legislature. PERS provides for normal pension benefits, as well as death, disability, and postemployment healthcare benefits.

PERS is considered a component unit of the State financial reporting entity. PERS issues a separate stand-alone financial report that includes financial statements and required supplementary information, and PERS is also reported as a pension trust fund by the State. Copies of the audited financial statements may be obtained from the Division of Retirement and Benefits, P.O. Box 110203, Juneau, AK 99811-0203.

At June 30, 1999, the number of participating employers was:

State of Alaska	1
Municipalities	72
School Districts	51
Other	29
Total employers	<u>153</u>

Current employee contribution rates are 6.75 percent of compensation (7.5 percent for peace officers and firefighters). The employee contributions are deducted before federal income tax is withheld. The PERS funding policy provides for periodic employer contributions at actuarially determined rates that, expressed as percentages of annual-covered payroll, are adequate to accumulate sufficient assets to pay both pension and postemployment health care benefits when due. Employer contribution rates are level percentages of payroll and are determined using the projected unit credit actuarial funding method. The employer rate for the State of Alaska for the year ended June 30, 1999, was 8.51 percent of compensation (8.44 for peace officers and firefighters).

The Schedule of Funding Progress for the State of Alaska for pension benefits follows (in thousands):

Actuarial Valuation Year Ended June 30	Actuarial Value of Plan Assets	Actuarial Accrued Liabilities (AAL)	Unfunded Actuarial Accrued Liabilities (UAAL)	Funded Ratio	Covered Payroll	UAAL as a percentage of covered payroll
1996	\$2,343,123	\$2,252,437	(\$90,686)	104.0%	708,180	(12.8%)
1997	2,681,121	2,558,428	(122,693)	104.8%	704,573	(17.4%)
1998	2,922,361	2,849,760	(72,601)	102.5%	706,711	(10.3%)

Postemployment healthcare benefits are provided to retirees without cost for all employees first hired before July 1, 1986, and employees who are disabled or age sixty-five or older, regardless of initial hire dates. Employees first hired after June 30, 1986, with five years of credited service (or ten years of credited service for those first hired after July 1, 1996) may receive postemployment healthcare benefits prior to age sixty by paying the full monthly premium, and by paying half of the monthly premium if they are between the ages of sixty and sixty-five.

Prior to July 1, 1997, postemployment healthcare benefits were provided by the payment of premiums to an insurance company. Beginning July 1, 1997, the Retiree Health Fund (RHF), an internal service fund of the State, was established. The RHF is self-funded and provides major medical coverage to retirees. Retirees of three other State plans also participate in the RHF. The retirement plans retain the risk of loss of allowable claims. The RHF issues a financial report which may be obtained from the Division of Retirement and Benefits, P.O. Box 110203, Juneau, AK 99811-0203.

The Schedule of Funding Progress for the State of Alaska for postemployment healthcare benefits follows (in thousands):

Actuarial Valuation Year Ended June 30	Actuarial Value of Plan Assets	Actuarial Accrued Liabilities (AAL)	Unfunded Actuarial Accrued Liabilities (UAAL)	Funded Ratio	Covered Payroll	UAAL as a percentage of covered payroll
1996	\$902,943	\$867,997	(\$34,946)	104.0%	708,180	(4.9%)
1997	999,283	953,554	(45,729)	104.8%	704,573	(6.5%)
1998	1,165,476	1,136,524	(28,952)	102.5%	706,711	(4.1%)

The State's annual required contributions for pension and postemployment healthcare benefits for the fiscal years ended June 30, 1999, 1998, and 1997 were \$57.1 million, \$63.4 million, and \$93.6 million respectively. The State contributed 100 percent for each of those years resulting in no net pension obligation (NPO).

The total State payroll, including all component units, was approximately \$697 million for the year ended June 30, 1999.

THE TEACHERS' RETIREMENT SYSTEM (TRS)

TRS is a defined benefit, cost-sharing, multiple-employer public employee retirement plan established to provide pension benefits for teachers and other eligible participants.

At June 30, 1999, the number of participating employers was:

State of Alaska	1
School Districts	53
Other	<u>9</u>
Total employers	<u><u>63</u></u>

TRS is considered a component unit of the State financial reporting entity. TRS issues a separate stand-alone financial report that includes financial statements and required supplementary information, and TRS is also reported as a pension trust fund by the State. Copies of the audited financial statements may be obtained from the Division of Retirement and Benefits, P.O. Box 110203, Juneau, AK 99811-0203.

Benefit and contribution provisions are established by Chapter 25 of Alaska Statute Title 14 and may be amended only by the State legislature. TRS provides for normal pension benefits, as well as death, disability, and postemployment healthcare benefits.

Current employee contribution rate is 8.65 percent of their base salary. The employee contributions are deducted before federal income tax is withheld. Eligible employees contribute an additional 1 percent of their salary under the supplemental contribution provision. The TRS funding policy provides for periodic employer contributions at actuarially determined rates that, expressed as percentages of annual-covered payroll, are adequate to accumulate sufficient assets to pay benefits when due. Employer contribution rates are level percentages of payroll and are determined using the projected unit credit actuarial funding method. The employer rate for the State of Alaska for the year ended June 30, 1999, was 12 percent of compensation.

Postemployment healthcare benefits are provided without cost to all employees first hired before July 1, 1990, and employees who are disabled or age sixty-five or older, regardless of initial hire dates. Employees first hired after June 30, 1990, may receive postemployment healthcare benefits prior to age sixty-five by paying premiums.

Prior to July 1, 1997, postemployment healthcare benefits were provided by the payment of premiums to an insurance company. Beginning July 1, 1997, the Retiree Health Fund (RHF), an internal service fund of the State, was established. The RHF is self-funded and provides major medical coverage to retirees. Retirees of three other State plans also participate in the RHF. The retirement plans retain the risk of loss of allowable claims. The RHF issues a financial report which may be obtained from the Division of Retirement and Benefits, P.O. Box 110203, Juneau, AK 99811-0203.

The State's contributions to TRS for the fiscal years ended June 30, 1999, 1998, and 1997, were \$510,638, \$658,035, and \$701,285 respectively, equal to the required contributions for each year.

THE JUDICIAL RETIREMENT SYSTEM (JRS)

JRS is a defined benefit, single-employer retirement system established to provide pension benefits for eligible State judges and justices.

JRS is considered a component unit of the State financial reporting entity. JRS issues a separate stand-alone financial report that includes financial statements and required supplementary information, and JRS is also reported as a pension trust fund by the State. Copies of the audited financial statements may be obtained from the Division of Retirement and Benefits, P.O. Box 110203, Juneau, AK 99811-0203.

Benefit and contribution provisions are established by Chapter 25 of Alaska Statute Title 22 and may be amended only by the State legislature. JRS provides for normal pension benefits, as well as death, disability, and postemployment healthcare benefits.

Members contribute 7 percent of their compensation to JRS. The contributions are deducted after federal income tax is withheld. Contributions are not required after members have made contributions for fifteen years, or from members first appointed before July 1, 1978. The JRS funding policy provides for periodic employer contributions at actuarially determined rates that, expressed as percentages of annual-covered payroll, are adequate to accumulate sufficient assets to pay benefits when due. Employer contribution rates are level percentages of payroll and are determined using the projected unit credit actuarial funding method. The employer rate for the State of Alaska for the year ended June 30, 1999, was 26.31 percent of compensation.

The Schedule of Funding Progress for pension benefits follows (in thousands):

Actuarial Valuation Year Ended June 30	Actuarial Value of Plan Assets	Actuarial Accrued Liabilities (AAL)	Unfunded Actuarial Accrued Liabilities (UAAL)	Funded Ratio	Covered Payroll	UAAL as a percentage of covered payroll
1994	40,238	49,771	9,533	80.9%	5,310	179.5%
1996	49,303	52,374	3,071	94.1%	5,289	58.1%
1998	60,794	57,780	(3,014)	105.2%	5,716	(52.7%)

Prior to July 1, 1997, postemployment healthcare benefits were provided by the payment of premiums to an insurance company. Beginning July 1, 1997, the Retiree Health Fund (RHF), an internal service fund of the State, was established. The RHF is self-funded and provides major medical coverage to retirees. Retirees of three other State plans also participate in the RHF. The retirement plans retain the risk of loss of allowable claims.

Postemployment healthcare benefits are provided without cost to retired JRS members. The Schedule of Funding Progress for postemployment healthcare benefits follows (in thousands):

Actuarial Valuation Year Ended June 30	Actuarial Value of Plan Assets	Actuarial Accrued Liabilities (AAL)	Unfunded Actuarial Accrued Liabilities (UAAL)	Funded Ratio	Covered Payroll	UAAL as a percentage of covered payroll
1994	1,817	2,247	430	80.9%	5,310	8.1%
1996	2,479	2,634	155	94.1%	5,289	2.9%
1998	3,896	3,703	(193)	105.2%	5,716	(3.4%)

The annual required contributions for pension and postemployment healthcare benefits for the fiscal years ended June 30, 1999, 1998, and 1997 were \$1,502,750, \$2,204,026, and \$2,056,204. The State contributed 100 percent for each of those years resulting in no net pension obligation (NPO).

THE ALASKA NATIONAL GUARD AND ALASKA NAVAL MILITIA RETIREMENT SYSTEM (NGNMRS)

NGNMRS is a defined benefit, single-employer retirement system established and administered by the State to provide pension benefits for eligible members of the Alaska National Guard and Alaska Naval Militia.

NGNMRS is considered a component unit of the State financial reporting entity. NGNMRS issues a separate stand-alone financial report that includes financial statements and required supplementary information, and the plan is also reported as a pension trust fund by the State. Copies of the audited financial statements may be obtained from the Division of Retirement and Benefits, P.O. Box 110203, Juneau, AK 99811-0203.

Benefit and contribution provisions are established by Chapter 5 of Alaska Statute Title 26 and may be amended only by the State legislature. NGNMRS provides for normal pension benefits and death benefits. Postemployment healthcare benefits are not provided.

No contributions are required from plan members. NGNMRS's funding policy provides for periodic contributions by Alaska Department of Military and Veterans' Affairs at actuarially determined amounts that are adequate to accumulate sufficient assets to pay benefits when due. State contributions are determined using the projected unit credit actuarial funding method.

The Schedule of Funding Progress for pension benefits follows (in thousands):

Actuarial Valuation Year Ended June 30	Actuarial Value of Plan Assets	Actuarial Accrued Liabilities (AAL)	Unfunded Actuarial Accrued Liabilities (UAAL)	Funded Ratio
1994	\$2,414	\$14,031	\$11,617	17.2%
1996	9,948	12,512	2,564	79.5%
1998	12,671	14,252	(1,581)	88.9%

The annual required contributions for the fiscal years ended June 30, 1999, 1998, and 1997 were \$1,104,519, \$1,626,000, and \$1,626,000. The percentage contributed for those years was 100, 88, and 88 percent respectively.

THE UNLICENSED VESSEL PERSONNEL ANNUITY RETIREMENT FUND (UVPARF)

UVPARF is an employer-funded plan with defined benefits. The purpose of UVPARF is to provide retirement benefits to employees of the Alaska Marine Highway System on whose behalf the State made contributions to UVPARF for service during the period July 1, 1981, through October 1, 1983, and who retire under the terms of either the Northwest Marine Retirement Trust (NMRT) or the PERS.

As of June 30, 1999, UVPARF is fully funded and no State contributions were required in FY 99. The majority of UVPARF membership was merged into the Public Employees' Retirement System in FY 93. However, those not merged into PERS will remain in UVPARF.

THE ELECTED PUBLIC OFFICERS RETIREMENT SYSTEM (EPORS)

EPORS is a defined benefit retirement plan covering the Governor, the Lieutenant Governor, and all Legislators that participated in the System between January 1, 1976, and October 14, 1976. EPORS is funded by both employee contributions and an annual appropriation from the State general fund. Retirement benefits are based on the member's years of service and the current salary for the position from which they retired or an average of the three highest consecutive years' salaries. The pension benefit is equal to 5 percent for each year of service as governor, lieutenant governor, or a legislator, plus 2 percent for other covered service. The plan also provides death and disability benefits.

Plan members contribute 7 percent of their compensation to EPORS. Employee contributions earn interest at 4.5 percent per annum, compounded semiannually. The remaining amount required to pay EPORS benefits is funded by legislative appropriation. The FY 99 cost to the State for EPORS was \$1.1 million.

PLAN MEMBERSHIPS

Plan membership consisted of:

Plan Membership	PERS 6/30/98	TRS 6/30/98	JRS 6/30/99	NGNMRS 6/30/98	UVPARF 6/30/99	EPORS 6/30/99
As of						
Retirees & beneficiaries receiving benefits & terminated members with future benefits	18,244	7,043	71	821	17	37
Current active employees:						
Vested	19,134	5,285	43	*	-	5
Nonvested	12,776	3,977	13	3,404	-	-
Total	<u>50,154</u>	<u>16,305</u>	<u>127</u>	<u>4,225</u>	<u>17</u>	<u>42</u>

* A breakdown of active employees between vested and nonvested was not available for NGNMRS.

ASSET VALUATION

See Note 2 for information on pension funds' deposits and investments risk categories. The table below discloses the fair value of each pension plan's cash and investments. All amounts are in thousands.

Systems	Fair Value
Public Employees' Retirement System	\$ 8,087,798
Teachers' Retirement System	4,183,396
Judicial Retirement System	68,219
Alaska National Guard and Alaska Naval Militia Retirement System	13,137

FUNDING STATUS AND PROGRESS

ACTUARIAL METHOD AND ASSUMPTIONS

All systems use the "projected unit credit" method. The unfunded accrued benefit liability or funding surplus is amortized over a rolling 25 years (NGNMRS is 20 years).

The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, each participant's total pension projected to retirement with salary scale is broken down into units, each associated with a year of past or future service. The principle underlying the method is that each unit is funded in the year for which it is credited. Typically, when the method is introduced there will be an initial liability for benefits credited for

service prior to that date, and to the extent that this liability is not covered by assets of the plan there is an unfunded liability to be funded over a chosen period in accordance with an amortization schedule.

The following main assumptions were used in the actuarial valuation.

System	Investment Return Compounded Annually	Salary Scale Increase	Health Cost Inflation	Consumer Price Index Inflation	Valuation Date
PERS	8.25%	5.5% first 5 years 4.5% thereafter	10.5% - 1998; 9.5% - 1999; 8.5% 2000	4%	6/30/98
TRS	8.25%	5.5% first 5 years 4.5% thereafter	6.5% - 1998 5.5 % thereafter	4%	6/30/98
JRS	8.25%	5.0% per year	FY 99 and thereafter, 5.5%	4%	6/30/98
NGNMRS	8.25%	-	-	-	6/30/98
UVPARF	8.0%	-	-	-	6/30/90
EPORS	9.0%	6.0% per year	9.0% per year	-	6/30/86

All assets are at fair value, with 20 percent of the investment gains or losses recognized in each of the current and preceding four years. Valuation assets cannot be outside a range of 80 percent to 120 percent of the fair value of assets.

RETIREMENT INCENTIVE PROGRAM

House Bill 354 was passed on June 18, 1996, and provides for a retirement incentive program (RIP) for members of school district employers and employees of Mt. Edgecumbe and the Alaska Vocational Technical Center. Senate Bill 1003 was passed on June 28, 1996, and provides for a RIP for employees of the State, the University of Alaska, and all employers other than school districts. The RIP encourages eligible employees to retire up to three years earlier than they had planned as a cost savings to the employer.

Employers who participate in either of the RIP programs are required to reimburse the retirement system for the actuarial equivalent of the difference between the benefits each employee receives after the addition of the retirement incentive under the program and the amount the employee would have received without the incentive, less any amount the employee was indebted as a result of retiring under the program. During fiscal year 1999, PERS recognized \$12.7 million of additions to plan net assets for contributions from employers for required reimbursements under RIP, and TRS recognized \$4.8 million.

When employees terminate employment to participate in RIP, PERS eligible employees are indebted for 20.25 percent of their annual compensation for the calendar year in which they terminate (22.5 percent for peace officers and firefighters) and TRS eligible employees are indebted for 25.95 percent. During fiscal year 1999, PERS recognized \$0.7 million of additions to plan net assets from employees and TRS recognized \$0.6 million.

Additional information is available in the PERS and TRS annual reports for the fiscal year ended June 30, 1999.

B. NON-STATE ADMINISTERED PLANS

THE MARINE ENGINEERS' BENEFICIAL ASSOCIATION (MEBA) PENSION PLAN

The MEBA plan is a defined benefit pension plan administered by MEBA for its members. Engineer Officers of the Alaska Marine Highway System participate in this program and the State contributes an amount (set by union contract) for each employee. The State assumes no liability for this pension plan or its participants other than the payment of required contributions. The State contributed \$470.2 thousand in FY 99.

NOTE 5 - DEFINED CONTRIBUTION PENSION PLANS

A. STATE ADMINISTERED PLANS

SUPPLEMENTAL BENEFITS SYSTEM

In addition to the above pension plans and the deferred compensation plan (Note 6), all State employees, as well as employees of political subdivisions which have elected to participate in the program, are covered under the Alaska Supplemental Benefits System (SBS). SBS is comprised of the Supplemental Annuity Plan and the Supplemental Benefits Plans. The Supplemental Annuity Plan is a defined contribution plan that was created under Alaska statutes effective January 1, 1980, to provide benefits in lieu of those provided by the Federal Social Security System (Social Security). All State employees, who would have participated in Social Security if the State

had not withdrawn, participate in SBS. Other employers whose employees participate in the State Public Employees' Retirement System and meet other requirements are eligible to have their employees participate in SBS as provided by Alaska Statute. The Division of Retirement and Benefits is responsible for administration and record keeping. The Alaska State Pension Investment Board is responsible for the specific investment of moneys in SBS.

As of January 31, 1999, there were fourteen other employers participating in SBS. There were 28,013 individual SBS accounts comprised of 23,023 State accounts, 4,753 political subdivision accounts, 55 beneficiary accounts, and 182 qualified domestic relations order (QDRO) accounts.

SBS is considered a component unit of the State financial reporting entity. SBS issues a separate stand-alone financial report that includes financial statements and required supplementary information, and SBS is also reported as a pension trust fund by the State. Copies of the audited financial statements may be obtained from the Division of Retirement and Benefits, P.O. Box 110203, Juneau, AK 99811-0203.

Mandatory contributions may be made to the Supplemental Annuity Plan and voluntary contributions to the Supplemental Benefits Plan. Participating employees are vested at all times. Supplemental Annuity Plan contributions are made in lieu of contributions to Social Security. The State is required to contribute 12.26 percent of an employee's wages up to the taxable wage base in effect under Social Security regulations. Each employee is considered to have agreed to a wage reduction equal to one-half the contribution made on the employee's behalf. The State's mandatory contributions for the year ending January 31, 1999, were \$81.0 million. The State's covered payroll was approximately \$660 million.

Supplemental Benefit Plan contributions are voluntary based upon the optional benefits elected by each employee enrolled in SBS. Each employee agrees to a wage reduction based upon the benefit options selected. The benefit amounts are deducted from each employee's wages and remitted by the employer to SBS on the employee's behalf. State employee voluntary contributions for the year ending January 31, 1999, were approximately \$7.5 million.

Employees are eligible to withdraw from the Supplemental Annuity Plan ninety days after termination. Benefits are payable in the form of a lump sum annuity or one of various continuing annuities purchased from an insurance carrier. The SBS administrator issues lump-sum payments through its contracted record keeper.

Benefits available include supplemental health, death, disability, and survivor benefits. In addition, a dependent care reimbursement plan is available. Selection of these benefits is at the discretion of the employee, with certain restrictions, and may be amended and/or changed on an annual basis or by employee change in status. Prior to July 1, 1997, supplemental benefits, with the exception of dependent care reimbursement, were provided through insurance policies with various insurance carriers. Effective July 1, 1997, the State established a separate self-insurance fund to provide for health benefits. All other supplemental benefits, except dependent care reimbursement, continue to be provided through insurance policies. The State administers the dependent care reimbursement plan.

Supplemental annuity contributions were deposited with investment managers under contract with SBS for the year ended January 31, 1999. The amounts credited to each participant account include the increase or decrease in the unit value of the investment funds, in addition to participant contributions received during the year.

Effective February 1, 1996, the Supplemental Annuity Plan became participant directed. Under participant direction, each participant designates how his or her contribution is to be allocated among the investment options. Each participant's account is credited with the participant's contributions and the increase or decrease in unit value for the investment funds.

B. NON-STATE ADMINISTERED PLANS

THE NORTHWEST MARINE RETIREMENT TRUST (NMRT)

NMRT is an agent multiple-employer pension plan with defined contributions and is administered by the Pacific Northwest Marine Retirement Trust. The State assumes no liability for this pension plan or its participants other than the payment of required contributions. The State contributed \$294.8 thousand in FY 99.

NOTE 6 - DEFERRED COMPENSATION PLAN

The State of Alaska Deferred Compensation Plan (Plan) was created by Alaska statutes. It is a deferred compensation plan under Section 457 of the Internal Revenue Code and is available to all permanent employees

or elected officials of the State who have completed a full pay period of employment. Participants authorize the State to reduce their current salary so that they can receive the amount deferred at a later date. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency, within the definition allowed by the applicable Internal Revenue Code. As of December 31, 1998, the Plan had approximately 6,700 participants.

As a result of the passage of The Small Business Job Protection Act of 1996 (SBJPA - a Federal law change), all amounts deferred, including amounts deferred before the effective date of the new law, under an eligible 457 plan must be held in a trust for the exclusive benefit of employees and beneficiaries. This new law repealed the requirement that a section 457 plan sponsored by a government be solely the property of the employer, subject only to the claims of the employer's general creditors. The trust requirement generally applies to assets and income held by a plan on and after the date of enactment of the SBJPA. For any plan in existence on the date of enactment of the SBJPA, a trust need not be established before January 1, 1999.

As to the State of Alaska Deferred Compensation Plan, the Plan Document was amended effective January 1, 1997, to recognize and establish the Trust requirement for the Plan. The formal trust documents were completed by December 31, 1998.

The Division of Retirement and Benefits is responsible for Plan administration and recordkeeping. The Alaska State Pension Investment Board is responsible for the specific investment of moneys in the plan.

Participant accounts are self-directed with respect to investment options. Each participant designates how his or her contribution is to be allocated among the investment options. Each participant's account is credited with the participant's contributions and the increase or decrease in unit value for the investment funds.

The balance of deferred compensation as of December 31, 1998, was \$362.4 million. This balance has been reported in the accompanying financial statements as an expendable trust fund.

NOTE 7 - INTERFUND TRANSACTIONS

The following schedules summarize individual interfund and component unit receivable and payable balances at June 30, 1999, and fund transfers for the year then ended (in thousands):

Fund or Component Unit	RECEIVABLES			Total
	Interfund	Primary Government	Component Units

* The "Other" category is a combination (net) of various items that are not consistently reported in the three classifications identified above. This inconsistency results from: (1) a difference in the basis of accounting such as College and Universities are not on the same basis as the general fund and enterprise funds, enterprise funds are on the full accrual accounting basis while the governmental funds are on the modified accrual basis; (2) timing differences due to differing fiscal year ends; and (3) some inconsistent classifications as a result of the nature of the operation.

NOTE 8 - SEGMENT INFORMATION - ENTERPRISE FUNDS

The following schedule presents financial segment information for State-run enterprise funds (stated in millions) for the fiscal year ended June 30, 1999.

The State of Alaska International Airport System (AIAS) was created to equip, finance, maintain, and operate the two international airports located at Anchorage and Fairbanks, Alaska. The airports are under the administration of the Alaska Department of Transportation and Public Facilities.

The Commercial Fishing Revolving Loan Fund (CFRLF) was established to promote the development and continued maintenance of commercial fishing gear and vessels by means of long-term, low interest loans.

The Fisheries Enhancement Revolving Loan Fund (FERLF) was created to promote the enhancement of the State's fisheries by means of long-term, low interest loans for salmon hatchery planning, construction, and operation.

The Power Project Fund (PPF) was created for the purpose of making loans for power projects.

NOTE 9 - COMMITMENTS AND CONTINGENCIES

A. SICK LEAVE

The cost of sick leave for State employees is charged against agency appropriations when leave is used rather than when leave is earned. There is no recorded liability for sick leave in the financial records of the State. Accordingly, the statements in this report do not include an estimate of this obligation as either a liability or a reserve.

Accumulated sick leave may be used only for actual illness. When an employee separates from State service, any sick leave balance to their credit is reduced to zero without additional compensation to the employee.

The estimated amount of unused accumulated sick leave as of June 30, 1999, is \$71 million. This amount was calculated using the base pay on file for each employee as of June 30, 1999. It does not include an estimate of the cost of fringe benefits (supplemental benefits, retirement, group insurance, etc.) which can vary from 5 percent to 28 percent of gross pay depending on the status of the employee when leave is taken.

B. SCHOOL DEBT

Under a program enacted in 1970 (AS 14.11.100), the State may reimburse municipalities up to 80, 90, or 100 percent of debt service on bonds issued to finance school construction. The percentage depends on the year in which the costs are incurred. The 80 percent limitation, enacted in 1985, applies to fiscal years after June 30, 1983. The higher percentages apply to earlier years.

Although the statute provides that the State may reimburse school districts 80, 90, or 100 percent of construction costs, the actual funding for the program is dependent on annual legislative appropriations to the school construction account. When amounts in the account are insufficient, the available funds are allocated pro rata among the eligible school districts. There is no contractual commitment by the State to make these payments. The amount for FY 99 expended for school debt was \$61.9 million which was 100 percent of the entitlement. The total

debt requirement assuming the State makes full payment of its share of school debt service would be approximately \$543.1 million. The State has in the past and may in the future appropriate less than the full amount to which the municipalities are entitled under statute.

C. RISK MANAGEMENT AND SELF-INSURANCE

The State maintains a risk management program which is administered by the Department of Administration, Division of Risk Management. The Division of Risk Management's objective is to protect the financial assets and operations of the State of Alaska from accidental loss through a comprehensive self-insurance program for normal and expected property and casualty claims of high frequency and low severity, combined with high-limit, broad-form excess insurance protection for catastrophic loss exposures.

Risk Management acts as the insurance carrier for each State agency, funding all sudden and accidental property and casualty claims. The annual premiums allocated by Risk Management are the maximum each agency is called upon to pay. This planning for known and catastrophic losses forestalls the need for the affected agency to seek supplemental appropriation or disrupt vital State services after a major property loss, adverse civil jury award, or significant workers' compensation claim.

By effectively managing the State's property and liability exposures through a comprehensive self-insurance program, Risk Management expends fewer public funds than would be paid to private insurance companies at the same time providing streamlined claims services utilizing professional adjusting firms located throughout Alaska.

Property insurance with all-risk (including earthquake and flood) coverage is provided on a replacement cost basis for all State-owned or leased property; buildings (including contents, museum fine arts, etc.), aircraft, watercraft (Alaska Marine Highway System ferries and other agency vessels), large highway bridges, and hydroelectric power dams.

Casualty coverages protect each State agency and their personnel from third-party civil (tort) liability claims alleged to have arisen from combined liability - general (premises/operations), automobile, professional (errors and omissions), medical malpractice, aviation (aircraft and airport) or marine (crew and passenger injuries).

Additional specialty coverages - blanket public employee faithful performance and custom bonding, accidental death and disability (including medical expenses) for volunteers, computer fraud and foreign liability, etc. These insurance programs continually evolve, responding to new activities and special projects undertaken by each State agency. There has been no significant reduction in insurance coverage from previous years and the State has not incurred a loss in excess of its insurance program.

In FY 99, the State completely self-insured all statutory workers' compensation claims, the first \$5 million per occurrence for general (premises and operations) and professional liability, \$2 million per loss in automobile liability, \$1 million per claim for property and marine risks, and \$250,000 per incident for airport and aviation liability exposures. Limits of excess insurance vary by risk, reaching up to \$200 million per occurrence for marine and \$300 million for aviation. Additional information concerning specific areas of coverage are available from the Division of Risk Management on request. The policies extend to cover all State agencies.

Approximately 50 insurance companies and various Lloyd's of London underwriting syndicates participate in the State of Alaska's excess insurance program. Marketing is provided by independent brokers. The State obtains an annual independent actuarial assessment of the State insurance program as required by AS 37.05.287 (b).

An unconstrained audit of the State of Alaska's overall property and casualty insurance program performed by an independent risk management consultant found the retention levels and excess insurance coverage purchased are appropriate.

Risk Management's budget is funded entirely through interagency receipts annually billed each agency through a "Cost of Risk" premium allocation system. The Risk Management information system generates the annual cost of risk allocation to each agency, reflecting their proportionate share of the State's overall cost of risk. Designed to achieve equitable distribution of the self-insurance program costs, it factors exposure values subject to loss and considers the past five years actual claims experience incurred by each department.

For most cost of risk allocations, 80 percent of the premium billing is based on the average of the past five years actual claims experience. This provides a direct fiscal incentive to each agency to reduce or control their claim costs.

The program compiles a property inventory schedule of all owned or leased buildings used or occupied by State agencies, listing age and type of building construction, occupancy, fire protection services and sprinkler systems,

and projected replacement cost value. Individual premiums are then determined and, in cases of multiple occupancy, allocated to each department on the basis of their square foot use.

The "Cost of Risk" premium is collected through two methods from individual State agency operating budgets. Reimbursable Services Agreements (RSAs) are used for all categories of insurance other than Workers' Compensation and Combined Liability (general, auto, and professional) which are assessed on a rate per \$100 payroll applied monthly to each agency's actual payroll until the allocated premium is paid.

Total payments made for insurance premiums and self-insured claims for FY 99 amounted to \$27,131,169. This amount compares with FY 97 and FY 98 as follows:

FY 97	\$ 24,786,861
FY 98	\$ 26,279,765
FY 99	\$ 27,131,169

The actuarial estimate of total outstanding loss liability arising from self-insured claims made in prior years through June 30, 1999, is \$81,212,590. This amount has been reported as long-term debt obligations. This amount compares with the actuarial estimate for FY 97 and FY 98 as follows:

FY 97	\$ 100,594,071
FY 98	\$ 87,578,291
FY 99	\$ 81,212,590

D. LITIGATION

The State is involved in a number of legal actions. The Department of Law estimates the probable maximum liability for the cases associated with the governmental fund types to be approximately \$4.9 million, with an additional possible liability of \$37.3 million. The probable loss amount has been reported as long-term debt obligations.

E. FEDERAL GRANTS

The State has received federal grants for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate expenditure disallowance under terms of the grants, it is believed that any required reimbursements will not be material.

F. DISASTER RELIEF FUND

The State may be liable to reimburse communities for expenditures related to disasters in excess of the amount allocated by the State.

G. DISCRETELY PRESENTED COMPONENT UNITS

At June 30, 1999, the Alaska Industrial Development and Export Authority (AIDEA) held approximately \$111,283,000 of investments in trust for the construction of two intertie projects, and held approximately \$7,001,000 of investments in trust for others under various agreements. The moneys and related liability are not reflected in the accompanying financial statements. AIDEA also had extended commitments for loans of \$18,765,000 and loan guarantees of \$2,800,894.

The Alaska Railroad Corporation has entered into an agreement to purchase 16 locomotives for approximately \$32.2 million. The locomotives are scheduled to begin delivery in the last month of calendar year 1999.

NOTE 10 – SUBSEQUENT EVENTS

Chapter 58, SLA 99, made several changes to executive branch departments and offices. Some of the more significant changes were the Department of Community and Regional Affairs was eliminated and its duties and functions were transferred to other departments, several departments names were changed, and duties and functions of some departments were transferred to other departments.

NOTE 11 - YEAR 2000 ISSUE

The year 2000 (Y2K) issue is the result of potential shortcomings in electronic data processing systems and other electronic equipment that could adversely affect the State's operations before or after January 1, 2000.

Of its 199 mission-critical business functions determined to be crucial for providing essential State government services to Alaskans, the State of Alaska has identified 89 mission-critical business functions whose supporting automation systems and interfaces, embedded systems, and critical supply chain dependencies could potentially be affected by the Y2K issue.

Departments' inventories have been completed for all of the automation systems supporting these business functions, with assessment and planning similarly 100 percent completed. Remediation of mission-critical systems in departments was 97 percent completed as of November 1, 1999, with testing and validation 91 percent completed as of the same date. Testing and certification of all affected automation systems is required. Following remediation and testing, 93 percent of all critical systems were successfully reimplemented as of November 1, 1999.

A contractor engaged for assessing and remediating State buildings and facilities was scheduled to be finished with its compliance work by December 1, 1999. Additionally, the State of Alaska's Department of Military and Veterans Affairs' Division of Emergency Services has completed planning, assessment, remediation, and coordination regarding the State's Y2K emergency preparedness systems and potential disaster recovery requirements, including promulgation of a Y2K Annex (appendix) to the State's Emergency Operations Plan. All departments have prepared mandatory Y2K contingency plans, and are updating them continuously.

A Year 2000 Project Office established by the Governor is overseeing, assisting, and coordinating Y2K activities for the State of Alaska.

Because of the nature and scope of the Y2K issue, its potential effects and the success of related remediation efforts will not be fully determinable until the year 2000 and thereafter. Management cannot assure that the State of Alaska is or will be year 2000 ready, that the State's remediation efforts will be successful in whole or in part, or that parties with whom the State does business will be year 2000 ready.

Combining and Individual Fund Financial Statements

This page intentionally left blank.

General Fund

The general fund is the State's primary operating fund. All public monies and revenues coming into the State treasury not specifically authorized by statute to be placed in a special fund constitute the general fund. Unlike other funds held in the name of the State, the general fund has become a fundamental component of our fund structure without benefit of formal creation by the Constitution or the Alaska Statutes.

There are several accounts and funds that have been created by law which are considered a part of the general fund. These are treated as subfunds of the general fund and are accounted for as individual funds for accounting purposes but they are included in the general fund for annual financial reporting purposes. The following lists those funds and accounts.

Alaska Debt Retirement Fund - AS 37.15.011 - The fund consists of all money appropriated to it. The fund was established to help meet the general fund debt obligations of the State and its political subdivisions, to fund lease-purchases, and to finance capital projects with money remaining after debt obligations are paid.

Alaska Historical Commission Receipts Account - AS 41.35.380 - Administered by Department of Natural Resources. Consists of all monetary gifts, grants, bequests, royalties, and other income received by the Alaska Historical Commission and is used for commission projects.

Alaska Marine Highway System Fund - AS 19.65.060 - Administered by Department of Transportation and Public Facilities, Alaska Marine Highway System. The fund is to enable the system to manage and operate in a manner that will enhance performance and accountability by allowing the system to account for and spend its generated revenue.

Alaska Marine Highway System Vessel Replacement Fund - AS 37.05.550 - Managed by Department of Revenue. The fund consists of money appropriated to it by the Legislature. The legislature may appropriate money from the fund for refurbishment of existing State ferry vessels, acquisition of additional State ferry vessels, or replacement of retired or outmoded State ferry vessels.

Alaska Surplus Property Fund - AS 37.05.500(a)(2), AS 44.68.130 - Administered by Department of Administration. This fund is to account for revenues from the users or purchasers of excess federal property that the State has acquired and is used to pay the administrative expenses incurred in managing this property.

Art in Public Places Fund - AS 44.27.060 - Administered by Alaska State Council on the Arts. This fund consists of one percent of the construction cost of buildings exempt from AS 35.27. The money is used to commission or purchase art for public State-owned or leased buildings or facilities.

Assistive Technology Loan Guarantee Fund - AS 23.15.125 - Administered by Department of Education, Division of Vocational Rehabilitation (DVR). The fund consists of money appropriated to it. DVR may solicit and accept available public and private money for distribution from the fund. Money in the fund may be used to guarantee 90 percent of the principal amount of a loan or to subsidize the interest rate of a loan guaranteed by DVR for appropriate assistive technology.

Donated Commodity Fee Fund - USC 7 CFR, Part 250 - Administered by Department of Education. This fund consists of monies from federal agencies and recipients of goods. It is intended to cover the cost of the distribution of federal surplus food to schools, child care institutions, nonprofit camps for children, charitable institutions for minors, nutrition programs for the elderly, and assistance to needy persons.

Educational Facilities Maintenance and Construction Fund - AS 37.05.560 - Money in the fund may be appropriated to finance the design, construction, and maintenance of public school facilities; and for maintenance of the University of Alaska facilities.

Electrical Service Extension Fund - AS 42.45.200 - Administered by Department of Community and Regional Affairs. The fund consists only of money appropriated to it by the legislature. The fund is used to make grants to eligible electric utilities to pay for costs of site preparation and construction for the extension of electrical service and for making improvements to electric utilities.

Employment Assistance and Training Program Account -AS 23.15.625 - Administered by Department of Labor. The account consists of amounts collected under the provision of AS 23.15.630. The annual estimated balance in the account may be appropriated by the legislature to the department to implement AS 23.15.620 - 23.15.660. The legislature may appropriate the lapsing balance of the account to the unemployment compensation fund established in AS 23.20.130.

Exxon Valdez Oil Spill Unincorporated Rural Community Grant Fund - AS 44.47.051 - Administered by Department of Community and Regional Affairs. This fund was created to make grants to unincorporated rural communities in the area affected by the Exxon Valdez oil spill. The fund consists of money appropriated to the fund from the Exxon Valdez oil spill restoration fund, the Alyeska settlement fund, and other sources.

FHWA - Airspace Leases Fund - Section 156 of the Surface Transportation and Uniform Relocation Assistance Act of 1987 requires that the State shall charge fair market value for the sale, use, or lease rentals of right-of-way airspace and that the federal share of these net incomes be used by the State for highway projects. This fund accounts for those revenues. The revenues are available for appropriation by the legislature for highway projects.

FICA Administration Fund - AS 39.30.050 - Administered by Department of Administration. Consists of amounts collected from participating political subdivisions, together with money appropriated by the State for covering the State's share of administrative costs.

Fishermen's Fund - AS 23.35.060 - Administered by Department of Labor. This fund is composed of 60 percent of the money derived by the State from all commercial fishermen's licenses and money appropriated by the legislature to pay for emergency treatment, transportation, medical care, and hospitalization of commercial fishermen.

Four Dam Pool Transfer Fund - AS 42.45.050 - Administered by Department of Community and Regional Affairs. The fund consists of repayments of principal and income that would have been deposited in the former power development revolving loan fund. Subject to appropriation, the balance of this fund is transferred monthly as follows: 40 percent to power Cost Equalization and Rural Electric Capitalization Fund and 40 percent to Southeast Energy Fund (subfunds of the general fund); and 20 percent to Power Project Fund (enterprise fund).

Fuel Emergency Fund - AS 26.23.400 - Administered by Office of the Governor. This fund is used when the governor determines that a shortage of fuel is sufficiently severe to justify State assistance to make grants to a city or borough, or to a village or unincorporated community to purchase emergency supplies of fuel.

Fund for the Improvement of School Performance - AS 14.03.125 - Administered by Department of Education. It is used to make grants to a district located in the State for the purpose of improving school performance.

Major Maintenance Grant Fund - AS 14.11.007 - Administered by Department of Education. The fund is used to make grants for the cost of school major maintenance.

Municipal Capital Project Matching Grant Fund - AS 37.06.010 - Administered by Department of Administration. The money in the fund is held by the department in custody for each municipality. Each fiscal year the department allocates individual grants for each municipality.

Oil and Hazardous Substance Release Prevention Mitigation Account - AS 46.08.020(b) - Administered by the Department of Environmental Conservation. This account consists of money received from other State sources, from federal or other sources, or from a private donor; money recovered or otherwise received from parties responsible for the containment and cleanup of oil or a hazardous substance; and fines, penalties, or damages recovered under AS 46.08.005-46.08.080. The legislature may appropriate the amount received in this account (during the preceding calendar year) to the prevention account in the Oil and Hazardous Substance Release Prevention and Response Fund.

Oil and Hazardous Substance Release Response Mitigation Account - AS 46.08.025(b) - Administered by the Department of Environmental Conservation. This account consists of money received from other State sources, from federal or other sources, or from a private donor; money recovered or otherwise received from parties responsible for the containment and cleanup of oil or a hazardous substance at a specific site for which the State expended money from the former oil and hazardous substance release response fund before October 2, 1994, or for which the State expended money from the response account. The legislature may appropriate the amount received in this account (during the preceding calendar year) to the response account in the Oil and Hazardous Substance Release Prevention and Response Fund.

Oil and Hazardous Substance Release Prevention and Response Fund - AS 46.08.010 - Administered by the Department of Environmental Conservation. This fund is composed of two accounts: (1) the prevention account and (2) the response account. The fund consists of appropriations by the legislature of money from private donors, money recovered from parties responsible for cleanup of oil or a hazardous substance, and fines, penalties, or damages recovered under chapter 46. This money is for the containment and cleanup of oil or a hazardous substance; monitoring, assessing, investigating, and evaluating the release or threatened release of oil or a hazardous substance; and recovery of the cost to the State of the containment and cleanup of oil or a hazardous substance.

Power Cost Equalization and Rural Electric Capitalization Fund - AS 42.45.100 - Administered by Department of Community and Regional Affairs. The fund is used for power cost equalization and rural electric projects.

Railbelt Energy Fund - AS 37.05.520 - Managed by Department of Revenue. The legislature may appropriate money from the fund for programs, projects, and other expenditures to assist in meeting Railbelt energy needs, including projects for retrofitting State-owned buildings and facilities for energy conservation.

Randolph-Sheppard Small Business Fund - AS 23.15.130; 20 USC 107-107(f) - Administered by Department of Education. This fund consists of receipts from vending facilities on federal properties and is used to aid only blind licensees in operating vending machine facilities.

Real Estate Surety Fund - AS 08.88.450 - Administered by Department of Commerce and Economic Development. This fund is composed of payments made by real estate licensees under AS 08.88.455 and filing fees under AS 08.88.460 and may be appropriated for real estate educational purposes as provided in AS 08.88.091. The real estate surety fund is established in the general fund to carry out the purposes of real estate licensees.

School Construction Grant Fund - AS 14.11.005 - Administered by Department of Education. The fund shall be used to make grants for the costs of school construction. Legislative appropriations for school construction shall be deposited in the fund and the proceeds from the sale of general obligation bonds for school construction may be deposited in the fund.

Second Injury Fund - AS 23.30.040 - Administered by Department of Labor. The second injury fund consists of all amounts collected under AS 23.30.040(b) and (c), and as civil penalties under AS 23.30.155(c). Money in the fund may only be paid for the benefit of those persons entitled to payment of benefits from the Second Injury Fund under AS 23.30

Southeast Energy Fund - AS 42.45.040 - Administered by Department of Community and Regional Affairs. The department may make grants from the Southeast Energy Fund to utilities participating in the power transmission intertie between the Swan Lake and Tyee Lake hydroelectric projects for power projects, for repayment of loans, and for payment on bonds.

State Insurance Catastrophe Reserve Account - AS 37.05.289 - Administered by Department of Administration. Assets of the account may be used to obtain insurance, to establish reserves for the self-insurance program, and to satisfy claims or judgements arising under the program.

Storage Tank Assistance Fund - AS 46.03.410 - Administered by Department of Environmental Conservation. The fund consists of money appropriated to it by the legislature. The receipts of the fund may be used for tank tightness tests, site assessments, grants, and loans.

Unincorporated Community Capital Project Matching Grant Fund - AS 37.06.020 - Administered by Department of Community and Regional Affairs. This fund was created for unincorporated communities to acquire or improve an asset with an anticipated life exceeding one year and includes land acquisition, construction, repair or structural improvement of a facility, engineering and design for a facility, and acquisition or repair of equipment.

Vocational Rehabilitation Small Business Enterprise Revolving Fund - AS 23.15.130 - Administered by Department of Education, Division of Vocational Rehabilitation. This fund consists of receipts from the net proceeds of vending facilities on public property. The annual estimated receipts of the fund may be used by the legislature to make appropriations to the department to aid licensees in operating vending machine facilities.

Special Revenue Funds

Special revenue funds account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes. The following are the State's special revenue funds.

Disaster Relief Fund - AS 26.23.300 - Administered by Office of the Governor and Department of Military and Veterans Affairs. This fund provides resources to alleviate the effects of disasters wherever and whenever they may occur in the State.

Training and Building Fund - AS 23.20.130(d) - Administered by Department of Labor. This fund consists of interest and penalties for failure to file timely reports and pay contributions to the Unemployment Compensation Fund. It may be used for the administration of the Employment Security Act when federal funds are not available; participation in programs of manpower training; and acquisition of land and buildings for the purpose of providing office space for the department.

School Fund - AS 43.50.140 - Administered by Department of Revenue and Department of Education. This fund receives the revenue from the payment of cigarette taxes, fees, and penalties. It can only be used to rehabilitate, construct, and repair the State's school facilities, and for costs of insurance on buildings comprising school facilities.

Fish and Game Fund - AS 16.05.100 - Administered by Department of Fish and Game. Money from this fund can only be used for the purpose of protection, propagation, investigation, and restoration of sport fish and game resources and the expenses of administering the sport fish and game divisions of Department of Fish and Game. Monies are received from the sale of State sport fishing and hunting licenses and special permits; sale of furs, skins, and specimens taken by predator hunters; money received in settlement of a claim or loss caused by damage to fish and game purposes; and donations.

State Land Reforestation Fund - AS 41.17.300 - Administered by Department of Natural Resources. This fund consists of money appropriated by the legislature to be used for the reforestation of State land.

National Petroleum Reserve Fund - AS 37.05.530 - Administered by Department of Community and Regional Affairs. This fund consists of all money disbursed to the State by the federal government under 42 U.S.C. 6508 since December 12, 1980, less the amount deposited in the general fund and expended by the State by general fund appropriations before June 9, 1984. The monies are spent by municipalities to alleviate the impact from oil and gas development within the National Petroleum Reserve.

Reclamation Bonding Pool Fund - AS 27.19.040 - Administered by Department of Natural Resources. A miner is required to have an approved reclamation plan and to file a performance bond before mining operations may commence. This fund is established as a statewide bonding pool as an alternative to individual performance bonds.

Clean Air Protection Fund - AS 46.14.260 and Federal Clean Air Act - Administered by Department of Environmental Conservation. The fund is established to collect and account for permit fees under the federal clean air act. Monies collected may only be used to cover reasonable costs required to support the permit program.

Capital Projects Funds

Capital projects funds account for general obligation bond proceeds and other financial resources appropriated to the capital projects funds to be used for the acquisition, construction, or improvement of major capital facilities (other than those financed by the general fund, proprietary funds, and trust funds). The following are the State's capital projects funds.

Highways and Ferries Construction

- 1978 Transportation Facilities Construction Fund - Chapter 138, SLA 1978 - This fund consists of the proceeds from the sale of \$88,450,000 of bonds and is to be used for the purpose of paying the cost of highway, ferry, airport, local service roads, and trails construction.
- 1980 Transportation Construction Fund - Chapter 118, SLA 1980 - This fund consists of the proceeds from the sale of \$156,992,700 of bonds and is to be used for the purpose of paying the cost of highway, ferry, airport, port, harbor, local service roads, and trails construction.

Flood and Harbor Construction

- 1976 Water Supply and Sewerage Systems Construction Fund - Chapter 271, SLA 1976 - This fund consists of the proceeds from the sale of \$31,000,000 of bonds and is to be used for the purpose of paying the cost of water supply and sewerage systems construction.
- 1978 Water Supply and Sewerage Systems Fund - Chapter 145, SLA 1978 - This fund consists of the proceeds from the sale of \$27,640,000 of bonds and is to be used for the purpose of paying the cost of capital improvements for water supply and sewerage systems.
- 1980 Water Supply and Sewer Systems, Solid Waste Facilities, and Village Safe Water Construction Fund - Chapter 97, SLA 1980 - This fund consists of the proceeds from the sale of \$33,000,000 of bonds and is to be used for the purpose of paying the cost of capital improvements for water and sewer systems, solid waste facilities, and village safe water facilities.

Enterprise Funds

Enterprise funds account for business-like State activities that provide goods and/or services to the public and are financed primarily through user charges. The following are the State's enterprise funds.

Commercial Assistance Enterprise Funds

- [Alaska World War II Veteran's Revolving Fund](#) - AS 26.15.090 - Administered by Department of Commerce and Economic Development (DOCED). The fund was created for the purpose of making home, education, or personal loans to eligible veterans. However, no loans are currently being made from the fund.
- [Small Business Revolving Loan Fund](#) - AS 45.95.060 - Administered by DOCED. AS 45.95 authorizes the Commissioner of DOCED to make small business loans. Loans may be used to acquire, finance, or refinance or equip businesses, which includes mining, fishing, and farming equipment.
- [Commercial Fishing Revolving Loan Fund](#) - AS 16.10.340 - Administered by DOCED. The purpose of the fund is to promote the development and continued maintenance of commercial fishing gear and vessels by means of long-term, low interest loans.
- [Child Care Facility Revolving Loan Fund](#) - AS 44.33.240 - Administered by DOCED. The purpose of this fund is to make loans for the construction, renovation, and equipping of child care facilities in order to enable such facilities to comply with the requirements for certification by the Department of Education or for licensing by the Department of Health and Social Services.
- [Historical District Revolving Loan Fund](#) - AS 45.98.010 - Administered by DOCED. The purpose of this fund is to make loans for the restoration or rehabilitation of structures within the boundaries of an historical district. These structures are identified as important to State or national history and are suitable for superficial modification to conform to the period or motif of the surrounding area.
- [Fisheries Enhancement Revolving Loan Fund](#) - AS 16.10.505 - Administered by DOCED. The purpose of this fund is to promote the enhancement of the State's fisheries by means of long-term, low interest loans for salmon hatchery planning, construction, and operation.
- [Mining Loan Fund](#) - AS 27.09.010 - Administered by DOCED. This fund consists of money appropriated by the legislature for loans to underwrite advanced mineral exploration, development, or mining.

Energy Assistance Enterprise Funds

- [Alternative Energy Revolving Loan Fund](#) - AS 45.88.010 - Administered by DOCED. This fund consists of monies appropriated by the legislature for the purpose of developing energy production from sources other than fossil or nuclear fuel.
- [Residential Energy Conservation Fund](#) - AS 45.89.010 - Administered by DOCED. This fund consists of money appropriated by the legislature for refunds, grants, and loans to purchase, construct, or install energy conservation improvements.
- [Power Project Fund](#) - AS 42.45.010 - Administered by Department of Community and Regional Affairs (DOCRA). This fund consists of money appropriated by the legislature that may be used for planning, design, and construction of new power project facilities, expansion of existing small scale power production facilities, and expansion of potable water supplies. Power project facilities include energy production, storage, conservation, transmission, and distribution.
- [Rural Electrification Revolving Loan Fund](#) - AS 42.45.020 - Administered by DOCRA. This fund consists of appropriations made to the fund and repayments of principal and interest on loans. Subject to AS 42.45.060, the department may make loans to electric utilities for extending new electric service under a certificate of public convenience and necessity issued by the Alaska Public Utilities Commission.
- [Bulk Fuel Revolving Loan Fund](#) - AS 42.45.250 - Administered by DOCRA. The fund is established to assist communities in purchasing bulk fuel.

Other Agencies Enterprise Funds

- Alcoholism and Drug Abuse Revolving Loan Fund - AS 44.29.210 - Administered by Department of Health and Social Services. This fund is required under 42 U.S.C. 300x-4a to qualify the State to receive block grant money from the United States Department of Health and Human Services under 42 U.S.C. 300x – 2. Money in the fund may be used to make loans to private nonprofit organizations for the cost of establishing programs to help pay the living expenses of individuals recovering from alcohol or drug abuse who may reside in groups.
- Rural Development Initiative Fund - AS 44.47.810 - Administered by Department of Community and Regional Affairs. The purpose of the fund is to provide loans of up to \$100,000 to communities with a population of 5,000 or less. The loans may be used for working capital, equipment, construction, or other commercial purposes.
- International Airports Fund - AS 37.15.410-550 - Administered by the Department of Transportation and Public Facilities. This fund consists of all revenues, fees, charges, and rentals derived by the State from the ownership, lease, use, and operation of the airports. The fund also contains the proceeds from bonds issued to finance the Anchorage International Airport terminal expansion project. The bond proceeds and the authorized expenditures for the project are contained in a capital project fund of the International Airports Fund.
- Agricultural Revolving Loan Fund - AS 03.10.040 - Administered by the Department of Natural Resources. The Alaska Agricultural Loan Act is a declaration of policy to promote the development of agriculture as an industry throughout the State by means of long-term low interest loans. The Agricultural Revolving Loan Fund was created to fulfill this purpose.
- Alaska Clean Water Fund - AS 46.03.032 - Administered by Department of Environmental Conservation. This fund consists of money appropriated by the legislature to meet federal matching requirements for public water and sewage treatment facilities.
- Alaska Drinking Water Fund - AS 46.03.036 - Administered by Department of Environmental Conservation. The fund consists of federal capitalization grant. The capitalization grant is divided between two purposes: part of each capitalization grant is to be deposited into the DWF for providing loans for drinking water infrastructure projects; the other part is to be used for set-side or nonproject activities. Set aside funds must be maintained in a separate account from the project fund.

Internal Service Funds

Internal service funds account for the operations of State agencies which render services to other State agencies, institutions, or other governmental units on a cost-reimbursement basis. The following are the State's internal service funds.

Highways Equipment Working Capital Fund - AS 44.68.210 - Administered by the Department of Transportation and Public Facilities. This fund is used for necessary expenses resulting from the centralization of equipment maintenance and for the operation of supply depots.

Correctional Industries Fund - AS 33.32.020 - Administered by the Department of Corrections. The fund accounts for correctional industries program activity (which includes, among others, a commercial laundry service and a furniture manufacturing enterprise). The correctional industries program provides employment for inmates at several of the State's correctional institutions. All expenses of the correctional industries program, except salaries and benefits of State employees, are financed from the correctional industries program and budgeted in accordance with the Executive Budget. Salary and benefits of State employees of the program are financed by other funding sources.

Information Services Fund - AS 44.21.045 - During the 1990 Legislative Session, the Legislature established the Information Services Fund (ISF) in the Department of Administration and classified it as an internal service fund. The ISF is used to account for the operation and financing of computing and telecommunication services for the State of Alaska. Included in these services is operation of the State's mainframe computer; the statewide consolidated data network; the telephone system in Juneau, Anchorage, and Fairbanks; and the microwave communications infrastructure.

Group Health and Life Benefits Fund - AS 39.30.095 - Administered by the Department of Administration. Effective July 1, 1997, the State began a self-insurance program to provide health care coverage for State employees and for retirees covered by the retirement programs administered by the State. This fund consists of accumulated assets held for the purpose of paying health care claims for employees and retirees and to account for transactions pertaining to the self-insurance program.

Trust and Agency Funds

Trust and agency funds are fiduciary in nature and are maintained to account for assets held by the State acting in the capacity as a trustee or agent. The following are the State's trust and agency funds.

Expendable Trust Funds

- Memorial Scholarship Revolving Loan Fund - AS 14.43.255 – Administered by the Department of Education. The fund was created to honor Alaskans who, by example of their lives, or by their distinguished contribution and service to the State, their community, or their profession, have exemplified the best that is the challenge of “The Great Land.” By creation of memorial scholarships the fund pays tribute to these distinguished Alaskans.
- Permanent Fund Dividend Fund - AS 43.23.045 – Administered by Department of Revenue. This fund consists of 50 percent of the income of the Alaska permanent fund earned during the fiscal year ending on June 30 and is paid out to Alaska residents.
- Unemployment Compensation Fund – AS 23.20.130 - Administered by the Department of Labor. This fund is a federal trust fund held for the State of Alaska. It is used to account for the collection of unemployment insurance premiums from employers, and the payment of unemployment benefits to eligible claimants.
- Constitutional Budget Reserve Fund - Alaska Constitution, article IX, section 17; AS 37.13 - Administered by Department of Revenue. It is comprised of all proceeds resulting from termination of an administrative proceeding or of litigation in a State or federal court involving mineral lease bonuses, rentals, royalties, royalty sale proceeds, federal mineral revenue sharing payments or bonuses, or involving taxes imposed on mineral income, production, or property except for the share of those proceeds which are deposited into the Alaska Permanent Fund.
- Public Advocacy Trust Fund - AS 44.21.410 – Administered by the Department of Administration. The Public Advocacy Trust Fund holds in trust the funds for individuals under the guardianship of the Office of Public Advocacy.
- Exxon Valdez Settlement Trust Fund - AS 37.14.400 - Memorandum of Agreement and Consent Decree between the United States (U.S.) and the State of Alaska to maximize the funds available for restoration of natural resources and to resolve the governments' claims against one another relating to the Exxon Valdez Oil Spill, which occurred on the night of March 23-24, 1989, in Prince William Sound, Alaska. The civil settlement funds received are held in a joint trust fund established in the Registry of the U.S. District Court. This joint trust fund is administered by the trustee council which consists of the Secretaries of the U.S. Departments of the Interior and Agriculture and the Administrator of the National Oceanic and Atmospheric Administration (the federal trustees) and the Commissioners of the Departments of Environmental Conservation and Fish & Game and the Attorney General of the State of Alaska (State trustees). The trustee council determines which projects shall be financed by monies from the trust. The Exxon Valdez Settlement Trust Fund established in the State accounting system accounts for those monies transferred to the State for projects approved by the trustee council. These projects are for the purpose of restoring, replacing, enhancing, rehabilitating, or acquiring the equivalent of natural resources injured, lost, or destroyed as a result of the oil spill.
- Alyeska Settlement Trust Fund - Consent Decree between the U.S., Alaska, and Alyeska – Administered by the Department of Revenue. The fund was created for the purpose of receiving, holding, and disbursing settlement proceeds from Alyeska under the Consent Decree. The funds are to be used to clean up oil spills and for other projects described in the Consent Decree.

- Exxon Valdez Oil Spill Restoration Fund - U.S. District Court judgement in the criminal case U.S. v. Exxon Shipping Company and Exxon Corporation resulted in \$50 million restitution being received by the State to be used exclusively for restoration projects relating to the Exxon Valdez oil spill. Administered by the Department of Revenue.
- Deferred Compensation - AS 39.45.010 – Administered by the Department of Administration. This fund consists of compensation deferred by employees under the State’s deferred compensation plan allowed under Section 457 of the Internal Revenue Code.

Nonexpendable Trust Funds

- Alaska Children’s Trust Fund - AS 37.14.200 – Administered by the Department of Health and Social Services, and the Alaska Children’s Trust Board which is created in the Office of the Governor. The income from this endowment is used to provide a continuing source of revenue for grants to community-based programs for the prevention of child abuse and neglect.
- Public School Trust Fund - AS 37.14.110 – Administered by the Department of Revenue and the Department of Natural Resources. The principal consists of the July 1, 1978 balance from the public school permanent fund and one-half of one percent of the receipts derived from the management of State lands. The income from the trust is used exclusively for the support of the State public school program.
- Alaska Permanent Fund - Alaska Constitution, article IX, section 15 - Administered by the Alaska Permanent Fund Corporation. The Alaska Constitution provides that at least twenty-five percent of all mineral lease rentals, royalties, royalty sale proceeds, federal mineral revenue sharing payments, and bonuses received by the State shall be placed in the Permanent Fund. Subsequent legislation increased the Permanent Fund’s share to fifty percent for rents and royalties on mineral leases issued after December 1, 1979, and for bonuses on mineral leases issued after February 15, 1980.

Pension Trust Funds

- Public Employees’ Retirement System - AS 39.35.020 – Administered by the Department of Administration. This fund consists of accumulated assets held for the purpose of paying benefits provided by the Public Employees’ Retirement System.
- Teachers’ Retirement System - AS 14.25.010 – Administered by the Department of Administration. This fund consists of accumulated assets held for the purpose of paying benefits provided by the Teachers’ Retirement System.
- Judicial Retirement System - AS 22.25.048 – Administered by the Department of Administration. This fund consists of accumulated assets held for the purpose of paying benefits provided by the Judicial Retirement System.
- Alaska National Guard and Alaska Naval Militia Retirement System - AS 26.05.222 – Administered by the Department of Administration. This fund consists of accumulated assets held for the purpose of paying benefits provided by the Alaska National Guard and Alaska Naval Militia Retirement System.
- Supplemental Benefits System - AS 39.30.150 – Administered by the Department of Administration. This fund consists of accumulated assets held for the purpose of paying benefits provided by the Supplemental Benefits System.

Agency Funds

- Impact Aid PL 81-874 – Administered by the Department of Education. These monies are received from the federal government and are distributed to the local school districts. The funds are to provide financial assistance to local school districts where enrollment or availability of revenue is adversely affected by federal activities.
- Wage and Hour - Administered by the Department of Labor. This fund was established to account for receipts and disbursements for wage and hour violations.
- Deposits, Suspense, and Miscellaneous - Administered by the Department of Administration. This fund is used to account for refundable deposits and other receipts held in trust until the State has the right to transfer them to operating funds, or until there is a proper authorization to disburse them directly to others.

1999	28,842	1,794	1,207	237	44

(a) Starting with the fall semester of 1987, figures reflect the restructuring which has taken place at the University of Alaska. Formerly, there were eleven community colleges, three four-year institutions, rural education and cooperative extension programs. Now, there are three multi-campus institutions and one community college. Previous figures counted students taking courses for audit which are no longer included in the count. Beginning with Fall 1993, data from Arctic Sivuunmun IIsagvik (North Slope) is not reported.

NOTE: Enrollment figures are head count enrollments.
