Interactive Virtual Leadership Workshop Tailored to the Needs of Your Organization

Our topic areas include:

Covid-19 has been massively disruptive to nursing teams. Nationwide, leaders now struggle with picking up the pieces and rebuilding their teams in an environment where nurses have shorter work tenures. This workshop will focus on the best evidence on teamwork, how to restore trust, promote nurse well-being and build cohesive nursing teams that work together to deliver care. Nurse leaders will be provided with actionable strategies and tools they can use in their leadership to bring their teams back together and be intentional in rebuilding teamwork.

- The impact of COVID on Nursing Teams.
- Generational shifts and the Impact on Teamwork.
- Moving from Teams to Teaming.
- Nurse Leaders as Team Coaches.
- Creating a Culture of Teamwork and a Sense of Community.
- Re-establishing Trust and Psychological Safety.
- Avoiding Team Dysfunction.
- Re-engaging Teams to Promote Quality and Safety.
- Recruiting Team Players
- Incorporating Agency and Travel Nurses into Core Teams
