Spending time here is a relaxing time away from the bustle of daily routines. It's easy to find what you're looking for; discover art museums, plenty of outdoor recreation journeys, and a nationally acclaimed public-ivy university with an active campus life. Attend the campus events during the school year, or enjoy the relaxed summer months around town.

Whatever path you take, you'll be amazed by the beauty of southwest Ohio's country sunsets and the historical city life.

Love and MIAMI Honor UNIVERSITY

Fun fact! Miami University was one of the first schools in Ohio to enroll women and Black students.

Oxford is home to the beautiful campus of Miami University, a nationally ranked, original Public Ivy.

Thankfully, you don't have to be a student at Miami to enjoy campus activities, there are plenty of public lectures, theatrical performances, and events for anyone. Staying active on campus is a great way to meet new people, engage with the community, and discover something new.

Miami University is an integral part of what makes Oxford so wonderful, take advantage of all it has to offer! Miami University is named after the Miami River valley which runs from southwest Indiana to Hamilton, OH belonging originally within the traditional homelands of the Myaamia and Shawnee Native Americans. Sharing a common name, place, and commitment to education, Miami University and the Miami Tribe of Oklahoma have built over a 50-year relationship based on collaboration, trust, and respect.

At the heart of this partnership is the Myaamia Center – the research arm of the Tribe. Located on the university's Oxford campus, the center is internationally known for its language and cultural revitalization work.

In 2021, Daryl Baldwin, director of the Myaamia Center, was nominated by President Biden and confirmed by the U.S. Senate to become a member of the National Endowment for the Humanities.

Today, more than 40 Myaamia students attend Miami University where they learn Myaamia language, history, and culture as part of the Myaamia Heritage Program. There are a number of Myaamia spaces and items across the university's Oxford campus. You can explore them on this self-guided walking tour:

The mother, on the right, wears a bonnet and a long, striped dress. A young boy on the left wears a green coat with a red shirt underneath. A young girl in the center holds a baby wrapped in a blue and white checkered blanket. The background shows a wooded area and a wooden fence. To the left, a wooden box labeled 'Donations' is visible. To the right, a sign with a picture of a covered wagon and the text 'Resurrecting the... historicstory' is partially visible.

Oxford has played a pivotal role in our nation's history with connections to a Miami University graduate US president and first lady, a Confederate spy, stories of The Underground Railroad, and the 1964 Freedom Civil Rights training.
