

SPAAN

MUTT MOTORCYCLES

LUGGAGE-RACK MOUNTING INSTRUCTIONS

The SPAAN luggage-rack is anchored at its front part, in the screw that secures the shock absorber at its top part. At rear, it is anchored on the seat anchorage.

- **Remove the handles that are placed at the sides of the seat.**
- **Front part:** Place the front plate of the luggage rack between the shock absorber and the frame of the motorcycle and fix it with the original nut.
- **Rear part:** Fix to the anchor of the handle and indicator using the original screws.
