What is a Fiesta Schoolyard?

Goal: To transform School District of Philadelphia schoolyards from barren asphalt lots into dynamic spaces for play, learning, and community life that fits the needs of each school community.

What is a Fiesta Schoolyard?

WHO: Lindy Foundation, a nonprofit organization

On behalf of the school children of Philadelphia

with support from:
Engineering & Land Planning, Lindy Institute for Urban Innovation,

The Fiesta Team

What is a Fiesta Schoolyard?

Main Goals

Prove the concept works. - Show that we can deliver a vibrant, colorful schoolyard to Philadelphia elementary schools in a process that's quicker and easier than ever before.

Signal to kids that they matter. - Reverse the message sent to children by a bleak, desolate schoolyard. A bright colorful play environment conveys a positive message that kids are important individuals who deserve good things in life.

Provide playspace also for neighborhood kids. - Provide siblings and children in the neighborhood a gathering spot to play and exercise in after-school hours and on weekends.

Fiesta Schoolyard – a light touch

A Menu of Options with a Light touch

- Offer a Menu of Options for each school which to choose from
- Several SDP pre-approved options
