

## JUSTIFICATION FOR THE PROJECT

**Project:** To Lay 2inch pipeline for Consumption of water at Temple of Consciousness, Aliyar from Chinnar Dam.

Shri Vethathiri Maharishi established a "TEMPLE OF CONSCIOUSNESS" in the year 1988 at Aliyar, Arutperum Jothi nagar, Pollachi Taluk, Coimbatore District. 1500 people in an average from all over the world are visiting the Temple of Consciousness at Aliyar everyday.

Recently we have signed Memorandum of Understanding with 27 universities to impart a diploma, degree, M.phill and Ph.d education of SKY yoga. Apart from these we give SKY practices to government organizations, Students of Schools and colleges in the Temple of consciousness. Approximately 1,50,000 of such people are undergoing practices in Temple of consciousness, Aliyar every year. Also 150 families are living in the premises of Temple of consciousness and doing service to us.

To cater to the people we need more water to meet such situation here. Hence taking the above points into consideration we request to allow and permit to lay 2inch pipeline from Chinnar dam to Aliyar Temple of Consciousness, to meet the water requirements.

We assure you that all the expenditure in this regard will be borne by us.

Thanking you and expecting a favorable order from you.
