# Growing Confidence with Every Load!

I just have to tell you, you're making my nursery look like crap. That load of plants was so outstanding it makes everything else I brought in look inferior! Thank you.

- Erick @ Adams Fairacre Farms | Wappingers Falls, NY

Whenever you see the Overdevest truck you always smile because the plants are always beautiful.

- Terry @ Treelands | Bridgeport, CT

Again, the plants you sent last week were so nice they sold themselves!

- Jeff @ American Plant Food West | Bethesda, MD

Counts were good and quality was superb as always.

- Joe @ Devitt's Wholesale Nursery | New Windsor, NY

# Edibles

Edibles continue to be the “hot” garden trend of our times. To help you satisfy this increasing demand, we have developed a nice selection of popular varieties grown in a wide range of sizes. From our recipe-ready herbs to our landscape-ready fruit plants, all are grown to be naturally delicious and good for our environment. That’s why they are **Veriflora® Sustainably Grown** certified.

Better still, our Edibles are grown and packaged in a biodegradable pot that meets the high expectations of young gardeners while reassuring the healthy-eating preferences of current customers. This allows you to offer your customers fruit, herbs, and vegetable plants that are perfect for the **Next Generation of Gardening™**.

And with good reason: according to the National Pollinator Garden Network, 1 out of every 3 bites we take is dependent on pollinators – how’s that for pollinator power! This cultivated collection of pollinator favorites takes the guess work out of selecting plants and makes it easy for your customers to

join in on the Million Pollinator Garden Challenge launched by The National Pollinator Garden Network. Offered in our economical Lil’ Cutie pots, this lineup is project perfect whether it is a community garden, window box, or patio planter. As with everything we grow, these plants offer consumers the peace of mind of being certified as *Veriflora® Sustainably Grown*.
