

Providing Architects and Builders with  
Superior Paving, Decking and Pedestal Products

Commercial | Luxury Residential | Civic

## THERMORY WOOD PAVERS

### Distinguished & Eco-Friendly

Thermory decking tiles provide decks, terraces, and courtyards with the warmth and character of natural wood. Thermal modification gives wood a beautiful rich color and aesthetic appeal. It makes wood more durable, stable, and resistant to the environment. Thermory products are unrivaled in environmental responsibility.

### Structural Hardwood Decking Tiles

Suitable for both residential and high-traffic commercial applications, Thermory Wood Pavers offer exceptional flexibility in landscape design as they can be installed on raised pedestals.
