ICRPG PRINT AND CUT MINIATURES

Welcome to the massive collection of print-cut-fold miniatures for Index Card RPG. The art here can be found in the ICRPG Master Edition. To accompany that definitive edition, this set is a single PDF with EVERY print and play miniature released since 2017. I use a popsicle stick and Pathfinder-style 'pawn base' to make mine with a single fold and no glue, but papercraft has many paths. Enjoy!

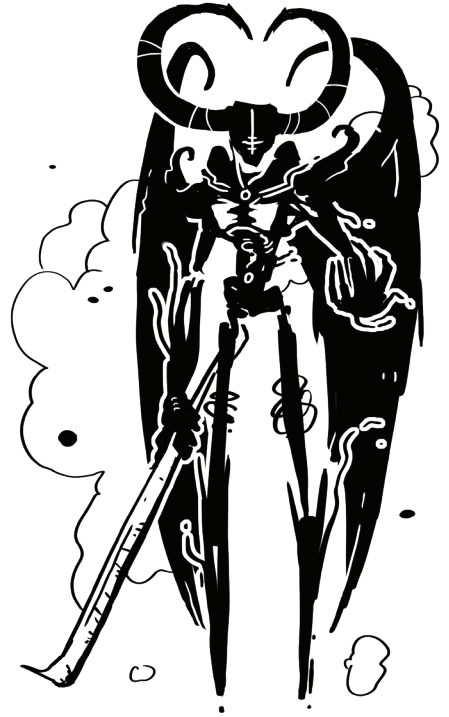

Strength and Honor,

-HF
