# Malaysia

Situated in the heart of Southeast Asia, Malaysia is a vibrant destination with a diversity of cultures and traditions. This tropical paradise boasts pristine jungles and verdant national parks that are teeming with numerous species of birds and wildlife. Malaysia's sun-drenched islands and beaches are home to a stunning range of marine life. Its natural wealth is complemented by magnificent modern landmarks and heritage buildings. There is something to charm every visitor, be it a history-lover, nature-enthusiast, sun-seeker or an avid shopper. Explore the length and breadth of the country to discover the many attractions of Malaysia!

## SHOPPING

From lively night markets to modern malls, Negeri Sembilan offers a plethora of shopping options, especially in Seremban and Nilai. One of the most popular shopping destinations here is the Nilai 3 Wholesale Centre, the largest wholesale centre in Malaysia. Local handicrafts and souvenirs can be purchased at various craft centres around the state, including the Negeri Sembilan Craft Complex and Rembau Crystal Village.

# Negeri Sembilan

The name Negeri Sembilan literally means "Land of the Nine States", a reference to the nine districts that used to make up the state. Its capital is Seremban while the royal town is Seri Menanti. Its ubiquitous Minangkabau cultural heritage dates back to the 15th century. It is the only state in Malaysia where the Adat Perpatih, a set of customs based on the ethnic group's matrilineal social system, is practised to this day. The Minangkabau influence can also be seen in the distinctive buffalo-horn-shaped roofs of many iconic buildings throughout the state. With its laid-back ambience, varied landscapes and a vibrant mix of beaches, parks and attractions, Negeri Sembilan is a great choice for a relaxing getaway.

## GETTING THERE

Negeri Sembilan is easily accessible via several major highways, including the North-South Expressway (NSE) and LEKAS. Its state capital, Seremban, is about 68km from Kuala Lumpur and 270km from Johor Bahru, using the NSE. Seremban is also the southern terminal of the electrified commuter rail network, KTM Komuter, which connects the town to Kuala Lumpur and the Klang Valley.

While there is no airport in Negeri Sembilan, the Kuala Lumpur International Airport (KLIA) is just 57km away. Direct bus services are available between the airport and Seremban. There are ferry connections between Port Dickson and Dumai in Indonesia.

## GETTING AROUND

Negeri Sembilan is well served by buses and taxis plying both local and inter-town routes. Seremban's main public transport hub is Terminal One, located in the town centre. You can get a taxi at the Seremban Railway Terminal, the Terminal One and the Port Dickson Bus Terminal. Bus services are available from the Terminal One Bus Station in Seremban to towns like Kuala Pilah, Kuala Kelawang, Port Dickson, Nilai and Tampin. The Seremban Municipal Council offers free shuttle services around town every 20 minutes from 6.30am to 8.00pm.

## DINING

While an array of Asian and western food can be found everywhere in Seremban and other major towns, Rembau is the place to go for authentic Minang fare. Traditional Negeri Sembilan food is generally known to be on the spicy side because of the liberal use of chillies in addition to coconut milk. A signature cooking style is masak lemak cili api which literally means "cooked in coconut milk and bird's eye chillies". The state's specialities include ikan keil berhadia (catfish in chili paste) and rendang (dry meat curry) served with lemak (glutinous rice and coconut milk cooked in hollow bamboo segments).
