

PUPILOMETER

Pupil Distance Measurement Tool

Place a quarter coin here.

Your quarter should match this picture's size exactly, or this tool will not work.

- ① Reprint this page before cutting out the Measurement Tool.
- ② Tape a pen or pencil to the top
- ③ Hold the pencil up to your eyebrows, so you are looking over the ruler
- ④ Make sure the ruler is straight
- ⑤ Snap a picture
- ⑥ Email the photo to customerservice@eyeglasses.com, with your name and order number, if you have it.
