Internal Continuous Evaluation System and Place (MBA)

The evaluation criteria of the students is decided by university and given in university syllabus. The syllabus copy is distributed to each and every student at the term start. Evaluation of the students is a continuous process which starts with the term start and ends before the date of commencement of university exam and this is done through classroom participation, assignments, group discussions etc

- Students are made aware of the evaluation process during induction program & periodical addressing by course coordinators & HOD, regular information by concerned faculty in the class and are directed to visit university websites. From time to time teachers display the notices about internal marks, submission dates, and evaluation criteria on Institute notice board. In addition, every Mentor also communicates the same to the students

Internal Continuous evaluation is through Concurrent Evaluation:

A continuous assessment system in semester system (also known as internal assessment/comprehensive assessment) is spread through the duration of course and is done by the teacher teaching the course.

The continuous assessment provides a feedback on teaching learning process. As a part of concurrent evaluation, the learners shall be evaluated on a continuous basis by the Institute to ensure that student learning takes place in a graded manner.

Individual faculty member have the flexibility to design the concurrent evaluation components in a manner so as to give a balanced assessment of student capabilities across Knowledge, Skills & Attitude (KSA) dimensions based on variety of assessment tools.

Suggested components for Concurrent Evaluation (CE) are:

1. Case Study / Case let / Situation Analysis – (Group Activity or Individual Activity)
2. Class Test
3. Open Book Test
4. Field Visit / Study tour and report of the same

5. Small Group Project & Internal Viva-Voce
6. Learning Diary
7. Scrap Book
8. Group Discussion
9. Role Play / Story Telling
10. Individual Term Paper / Thematic Presentation
11. Written Home Assignment
12. Industry Analysis – (Group Activity or Individual Activity)
13. Literature Review / Book Review
14. Model Development / Simulation Exercises – (Group Activity or Individual Activity)
15. In-depth Viva
16. Quiz
17. Student Driven Activities
18. News paper reading

Moreover, Internal exam questions are part of concurrent evaluation. While preparing the question paper, it is ascertained that the student does not omit answering question related to specific Course Outcome (COs).

Assignments are given to the students for assessing their knowledge formation about different topics that covers the relevant COs which is structured and is mentioned in the course file. Each time the teacher prepares the assignment according to the teaching plan and subject matter covered. Each teacher evaluates assignment sheets and awards marks according to the answers provided by the students and follows a systematic procedure for ascertaining relationships between CO's and Program Outcomes (PO's).

Quiz:

Quizzes are given to the students for assessing their knowledge formation about different topics which is structured and is mentioned in the course file. Each time the teacher prepares the MCQs according to the teaching plan, subject matter covered and the relevant COs.

The teaching/learning as well as evaluation are interpreted in a broader perspective as described in university guideline. For each course, 25% marks will be based on internal assessment. The division of the 25 marks allotted to internal assessment is based on tutorials, assignments, Seminars / presentations, attendance etc. The marks of the practical would be given on internal practical exam, oral and lab assignments.

The perspective used for the internal assessment is as below:

A) Teaching – Learning Processes:

- Classroom sessions
- Group Exercises
- Seminars
- Small Group
- Projects
- Self-study, etc.

B) Evaluation:

- Tutorials
- Class Tests
- Presentations
- Assignments
- Research papers
- Term papers, etc.

C) Concurrent Evaluation:

- Case Study / Situation Analysis – (Group Activity or Individual Activity)
- Class Test
- Open Book Test
- Field Visit / Study tour and report of the same
- Small Group Project & Internal Viva-Voce
- Group Discussion

• **Students Assessment of Faculty, System in Place
(for MBA and MCA Programme both)**

Feedback is taken from students to identify the gaps in the teaching and learning process. Subsequently the feedback is given to the faculty on the need for changes.

• Institute monitors and evaluates the quality of teaching learning through IQAC which collects feedback from all stakeholders and on the basis of such feedback, IQAC conducts audit with the department and checks the functioning and documents as per the norms. Analyzed and evaluated report of the feedback analysis is informed to each faculty for future improvement and encouragement.

Once in a semester, online feedback from students is taken.

- Evaluation of teachers by Peers is done once in a semester.
- The feedback given by the students is analyzed and communicated to the concerned faculty only.
- Faculty members are motivated for their efforts by Appreciation letters.
- The institute has IQAC cell which also takes feedback from the students about the quality

of teaching.

- IQAC has an external member which works as peers for evaluation of teachers.
- The teachers with excellent feedback are given letter of appreciation and those below average are counseled by the director.
