Your IKEA Laundry Room Design

IKD

Hi! Lisa I'm Florence

As IKD's Design Coordinator, I'll be coordinating all aspects of your design with each of our individual designers.

And be your primary contact throughout our design process.

Designed by

Merari

I'll be designing your laundry room! It's my responsibility to review your submittal information, measurements and Design Survey to create your IKEA laundry room design.

01

Elevations & Rendering

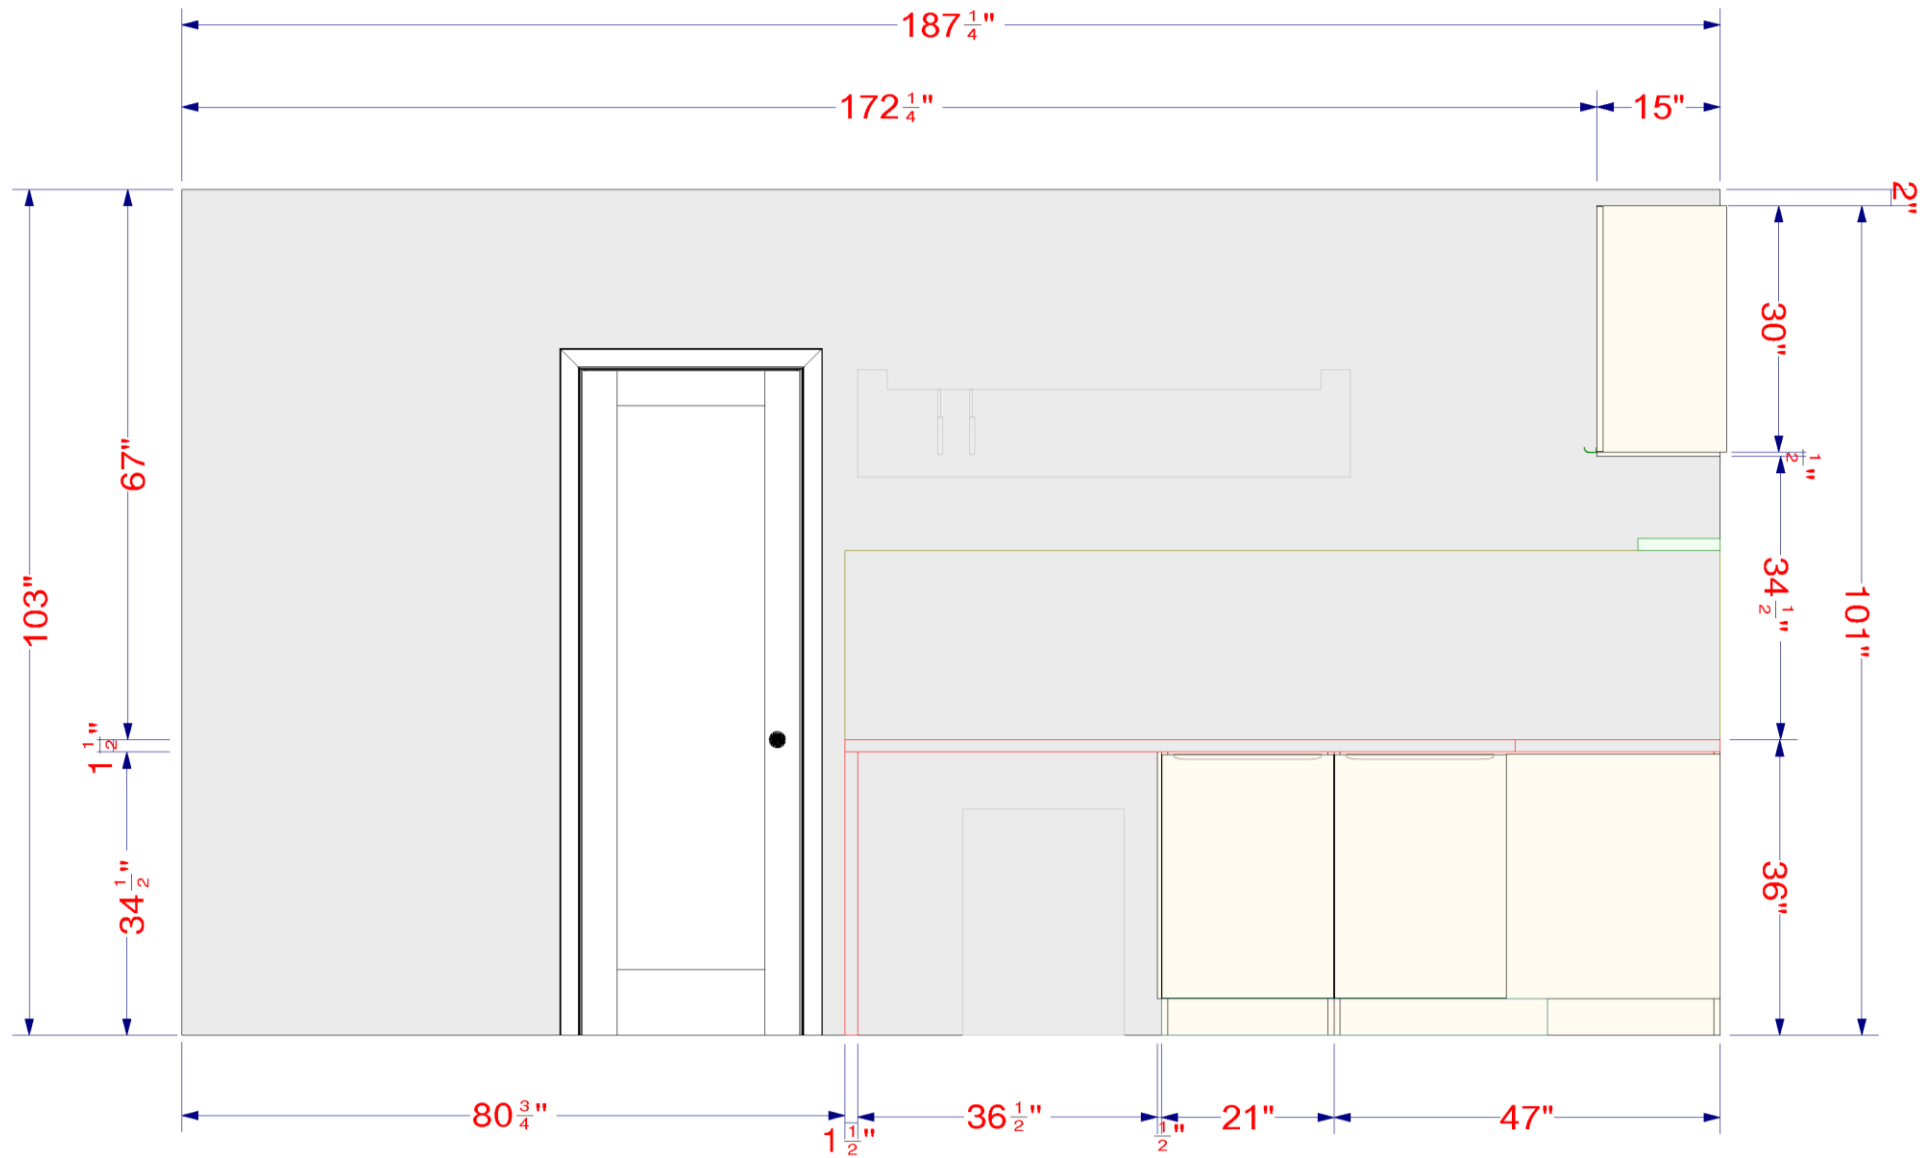

We use laundry room industry professional software to produce high-quality color **renderings**. You'll truly be able to see and understand your entire laundry room.

The **Elevations** are vertical views of your laundry room walls. It's the easiest and most detailed way to know the specifics for each cabinet along the wall. This allows you to review measurements, appliance locations and cabinet distribution.

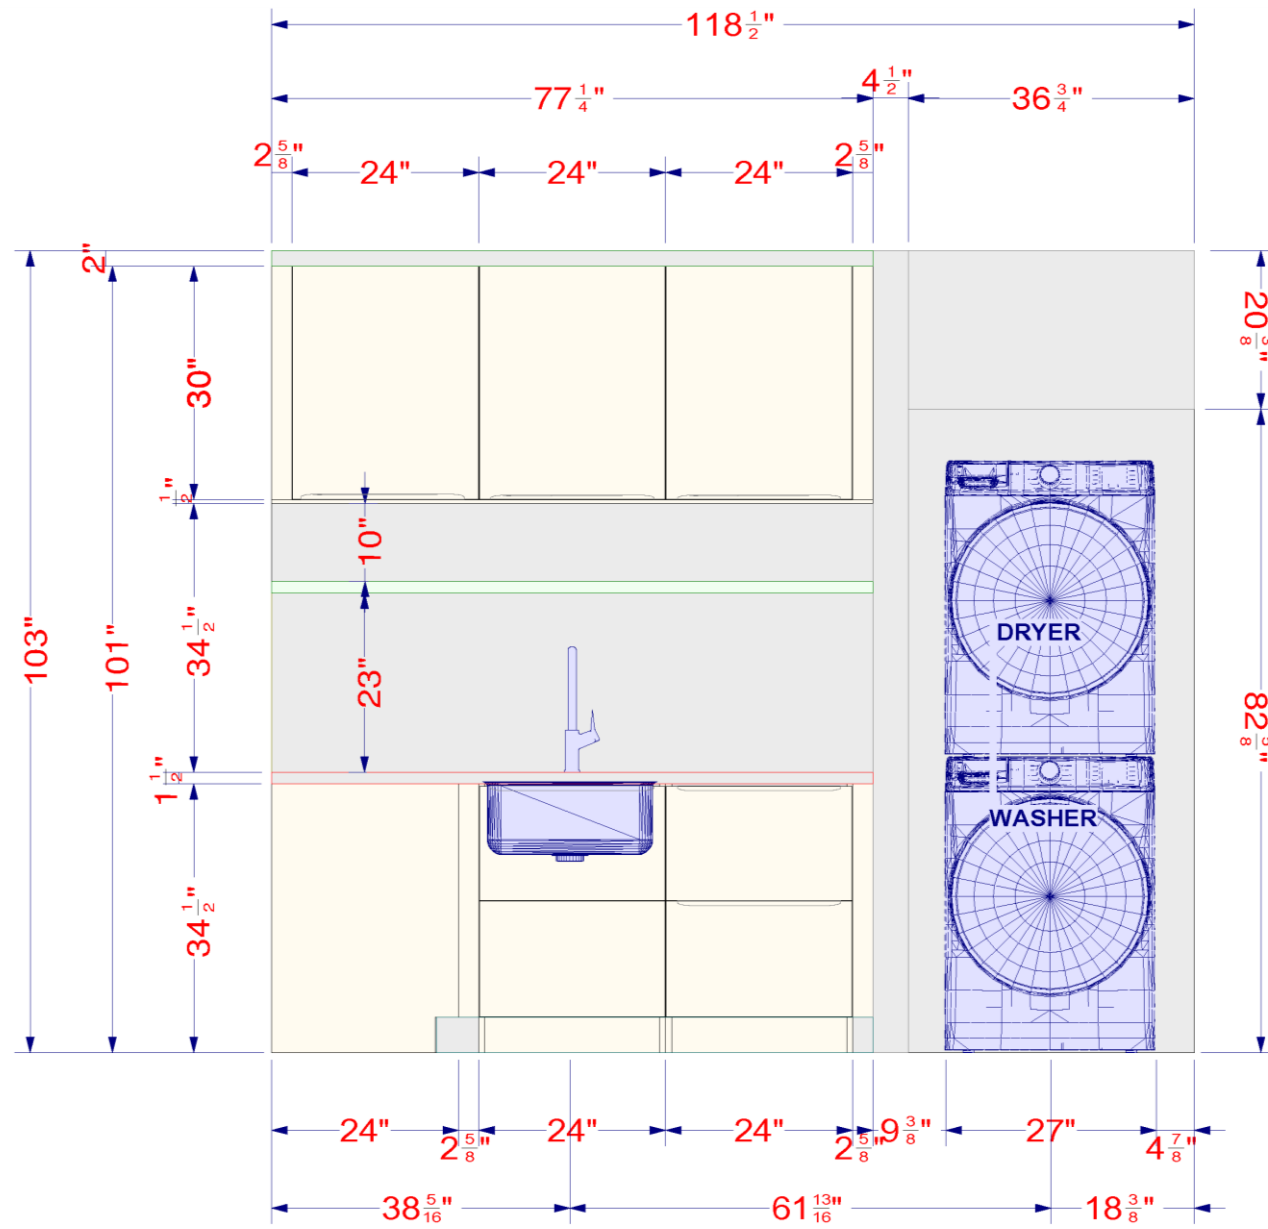

All dimensions size designations given are subject to verification on job site and adjustment to fit job conditions.
