BURNING PERMIT ISSUED TO: _____

For the purpose of open burning at (address): _____

Phone No: _____

BRUSH BURNING

YEARLY RECREATIONAL
Jan 1 - Dec 31

RULES FOR BURNING

1. Burning must be on your **OWN** property, or with the consent of the property owner on whose property you will burn. Proof of permission must be with the person burning.
2. **ONLY NATURAL WOOD PRODUCT**, the burning of trees, logs, brush and stumps in rural areas may be allowed under such conditions as specified in writing by the city fire chief, but tires, plastics, highly flammable, toxic or explosive materials shall not be burned in such fires.
3. An adult must attend the fire.
4. The fire must be out 1/2 hour before dark. (Summer permits for approved campfire pits must be out by 11:00 p.m.).
5. Permit holder is responsible that the fire is not endangering structures, vehicles, ground cover, or valuables. The distance from such things to the fire shall be determined by "Common sense" relating fire size, wind speed, and direction to distance of other objects.
6. If smokes from the fire is a problem for neighbors or traffic, the fire will be extinguished.

IF THE FIRE GETS OUT OF CONTROL, OR YOU BURN MATERIAL OTHER THAN NATURAL WOOD SUCH AS LIMBS, BRANCHES AND BRUSH, YOU MAY BE SUBJECT TO A FIND AND / OR JAIL SENTENCE.

Recreational fires also need a yearly permit and inspection. Recreational fires are fires within a defined area, such as a ring hole or container. Recreational fires must be on your property - attended by an adult - and produce smoke which is not a nuisance or hazard. Recreation fires will be extinguished if not attended, and not to exceed the time of deadline.
