

State govt plans to buy 1,000 drones for various departments

First India Bureau

Jaipur: More than 50 drone manufacturers showcased capabilities of drones at the 'Drone Expo-2022' organized on Thursday under 'iStart Rajasthan' by department of Information Technology & Communications.

Some demonstrated drone's ability to be a lifesaver in flood or undersea emergency situations, while another demonstrated aerobatics in sky & demonstrated potential of drones to be helpful in irrigation & agriculture.

Sandesh Nayak and Akhil Arora interacting with manufacturers.

State government is planning to buy 1000 drones this year.

Akhil Arora, Principal Secretary IT and Communications visited Drone Exhibition & discussed in detail with

drone manufacturers about their use. Earlier, Commissioner Sandesh Nayak inaugurated the program. He underlined importance of drone for the farmers.
