

PROMOTING TALENT

₹1 to ₹5 lakh to Startups by students: CS

First India Bureau

Jaipur: Start ups from rural areas and by school students would be promoted along with the start ups from different sectors in Raj, a top official said.

CS Usha Sharma said that Raj is one of the leading states in the field of IT in the country due to the innovations of the department of Information and Technology.

She said that along with the start ups from different sectors, the start ups from rural areas and

CS Usha Sharma and Akhil Arora having a discussion during the meeting on Wednesday.

by school students would also be promoted in the state which would be helpful in the economic progress of the state.

CS said Rs. 10,000 to Rs. 1 lakh would be giv-

en to startups of school children and Rs 5 lakh to startups of rural youth under iStart program. Sharma said that till now around 300 startups have been given assistance.

REVIEW MEET

Based on Hub & Spoke model incubation centres, similar to Jaipur's, have been set up at other 6 divisional headquarters, that will be inaugurated on August 20, birth anniversary of former PM Rajiv Gandhi. While taking a review meeting, CS Usha Sharma directed officials to encourage start-ups. Sharma said incubation centers are ready at Pali & Churu.
