ELECTRICAL LINEWORKER

Your career could be one scholarship application away...

“ I want to be able to help people in difficult situations and be able to provide relief to others. The scholarship I received helps me stay focused on my class and my goals rather than finances. ”

-Rey Borja Jr.

“ I want to thank JSCC for allowing me to utilize a scholarship. I am excited to have a new start at a good-paying job and start a new season of life. I have seen many of my friends have successful careers in linework. I hope to follow in that path! ”

-Efrain Orrantia Gonzales

Meet the Instructor

"I realize my shortcomings coming out of school and going into industry. I would love to share those shortcomings with students new to the field or even veterans who want to learn about new products. I want students to be able to learn promptly. I want them to be prepared for the industry."

Jordan Knowles
Industrial Systems Technology Instructor
